Sponsorship of an activity includes, but is not limited to, any or all of the following:

- Hiring a coach or supervisor
- Purchasing of supplies, uniforms, etc.
- Providing transportation for pre-approved in-state contests
- Scheduling of activities
- Adherence to academic eligibility requirements
- Adherence to rules of conduct and/or training rules
- Establishing and financing an awards program
- Supervision of the activity by Tri-Valley School administrators
- Adherence to the Tri-Valley Fundraising Policy

# Activity Recognition

The Tri-Valley School District is aware of other activities that our students may be involved in that are not sponsored by the district. The district recognizes that these activities are of value to the student and to the community, but legal and financial restraints may prevent the district from sponsoring these activities. Therefore, the district may recognize certain activities and allow facility use (when available) and affiliation with the "Tri-Valley Mustangs" team name. The school district assumes no responsibility or liability for participation in these activities nor will provide any financial assistance for these activities

# Out of State Contests

The Tri-Valley School District will not financially support or provide transportation for any travel out of the state of South Dakota; such as for national tournaments. Certain extra-curricular and co-curricular activities may wish to do so on their own accord. The school district assumes no responsibility or liability for participation in these events. Fundraising for these events must adhere strictly to the Tri-Valley fundraising policy. Absences from school due to participation in out of state events may be counted as school-related absences up to a maximum of 5 days per school year.
