

Wall Independent School District Student Handbook 2024-2025 School Year

*If you have difficulty accessing the information in this document because of disability, please contact monya.waldrop@wallisd.net or 325-651-7790.

Preface Parents and Students:

Welcome to the new school year!

Education is a team effort. Students, parents, teachers, and other staff members working together will make this a successful year.

The Wall ISD Student Handbook is a general reference guide that is divided into two sections:

Section One: Parental Rights describes certain parental rights as specified in state or federal law.

Section Two: Other Important Information for Parents and Students is organized alphabetically by topic. Where applicable, the topics are further organized by grade level.

Note: Unless otherwise noted, the term “parent” refers to the parent, legal guardian, any person granted some other type of lawful control of a student, or any other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to align with law, board-adopted policy, and the Student Code of Conduct, a board-adopted document intended to promote school safety and an atmosphere for learning. The Student Handbook is not meant to be a complete statement of all policies, procedures, or rules in any given circumstance.

In case of conflicts between board policy (including the Student Code of Conduct) and any Student Handbook provision, the district will follow board policy and the Student Code of Conduct.

Therefore, parents and students should become familiar with the Wall ISD Student Code of Conduct. To review the Code of Conduct, visit the district’s website at www.wallsd.net. State law requires that the Code of Conduct be prominently displayed or made available for review at each campus.

Contents

Preface Parents and Students:	2
Section One: Parental Rights	10
Consent, Opt-Out, and Refusal Rights	11
Consent to Conduct a Psychological Evaluation	11
Consent to Human Sexuality Instruction	11
Annual Notification	11
Consent Before Human Sexuality Instruction	11
Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking	11
Annual Notification	12
Consent to Provide a Mental Health Care Service	12
Consent to Display a Student’s Original Works and Personal Information	12
Consent to Receive Parenting and Paternity Awareness Instruction if a Student is Under Age 14	13
Consent to Video or Audio Record a Student when Not Already Permitted by Law	13
Opting Out of Advanced Mathematics in Grades 6-8	13
Prohibiting the Use of Corporal Punishment	13
Limiting Electronic Communications between Students and District Employees	14
Objecting to the Release of Directory Information	14
Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)	15
Participation in Third-Party Surveys	15
Consent Required Before Student Participation in a Federally Funded Survey	15
“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information	15
Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction	16
Reciting a Portion of the Declaration of Independence in Grades 3-12	16
Reciting the Pledges to the U.S. and Texas Flags	16
Religious or Moral Beliefs	16
Tutoring or Test Preparation	16
Right of Access to Student Records, Instructional Materials, and District Records/Policies	17
Parent Review of Instructional Materials	17
District Review of Instructional Materials	17
Notices of Certain Student Misconduct to Noncustodial Parent	17
Participation in Federally Required, State-Mandated, and District Assessments	17
Student Records	17
Teacher and Staff Professional Qualifications	20
A Student with Exceptionalities or Special Circumstances	20
Children of Military Families	20

Parental Role in Certain Classroom and School Assignments	21
Multiple-Birth Siblings	21
Safety Transfers/Assignments	21
Student Use of a Service/Assistance Animal	21
A Student in the Conservatorship of the State (Foster Care)	21
A Student Who Is Homeless	22
A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services	23
Special Education Referrals	23
Contact Person for Special Education Referrals	24
Section 504 Referrals	24
Contact Person for Section 504 Referrals	24
Notification to Parents of Intervention Strategies for Learning Difficulties Provided to Students in General Education	24
A Student Who Receives Special Education Services with Other School-Aged Children in the Home	24
A Student Who Speaks a Primary Language Other than English	25
A Student with Physical or Mental Impairments Protected under Section 504	25
Section Two: Other Important Information for Parents and Students	25
Absences/Attendance	25
Compulsory Attendance	26
Kindergarten	26
Ages 6-18	26
Age 19 and Older	26
Compulsory Attendance — Exemptions	26
All Grade Levels	26
Secondary Grade Levels	27
Compulsory Attendance — Failure to Comply	27
All Grade Levels	27
Students with Disabilities	27
Ages 6-18	27
Age 19 and Older	28
Attendance for Credit or Final Grade (All Grade Levels)	28
Official Attendance-Taking Time (All Grade Levels)	28
Documentation after an Absence (All Grade Levels)	29
Doctor’s Note after an Absence for Illness (All Grade Levels)	29
Certification of Absence Due to Severe Illness or Treatment	29
Driver License Attendance Verification (Secondary Grade Levels Only)	29
Absences/Attendance (High School Only)	29
Excused Absences	29

Unexcused Absences	30
Absences and School Activities	30
Planned Absences	30
Accountability under State and Federal Law (All Grade Levels)	30
Armed Services Vocational Aptitude Battery Test (Grades 10-12)	31
Bullying (All Grade Levels)	31
Career and Technical Education (CTE) and Other Work-Based Programs (Secondary Grade Levels Only)	33
Celebrations (All Grade Levels)	33
Cheating/Plagiarism/Academic Dishonesty (All Grade Levels)	34
Child Sexual Abuse, Trafficking, and Other Maltreatment of Children (All Grade Levels)	34
Warning Signs of Sexual Abuse	34
Warning Signs of Trafficking	34
Reporting and Responding to Sexual Abuse, Trafficking, and Other Maltreatment of Children	35
Further Resources on Sexual Abuse, Trafficking, and Other Maltreatment of Children	35
Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)	36
Valedictory, Salutatory, and Class Rankings	36
Determining Grades	36
Alpha Grading System	36
Weighted GPA	37
Unweighted GPA	37
Class Schedules (Secondary Grade Levels Only)	37
College and University Admissions and Financial Aid (All Grade Levels)	38
College Credit Courses (Secondary Grade Levels Only)	38
Communications (All Grade Levels)	39
Parent Contact Information	39
Automated Emergency Communications	39
Automated Nonemergency Communications	39
Complaints and Concerns (All Grade Levels)	40
Conduct (All Grade Levels)	40
Applicability of School Rules	40
Campus Behavior Coordinator	40
Deliveries	40
Disruption of School Operations	40
Social Events	41
Counseling	41
Academic Counseling	41
Elementary and Middle School Grade Levels	41

High School Grade Levels	42
Personal Counseling (All Grade Levels)	42
Course Credit (Secondary Grade Levels Only)	42
Credit by Examination — If a Student Has Taken the Course/Subject (Grades 6-12)	42
Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)	43
Dating Violence	43
Discrimination	44
Harassment	44
Sexual Harassment and Gender-Based Harassment	44
Pregnancy or Related Conditions	45
Retaliation	45
Reporting Procedures	45
Investigation of Report	45
Discrimination	46
Distance Learning (All Grade Levels)	46
Texas Virtual School Network (TXVSN) (Secondary Grade Levels)	46
Correspondence Courses (High School Only)	46
Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)	46
School Materials	46

Withdrawing from School (All Grade Levels)	91
Work Permit (High School Only)	92
Glossary	93

Section One: Parental Rights

This section describes certain parental rights as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

Consent to Conduct a Psychological Evaluation

Unless required under state or federal law, a district employee will not conduct a psychological examination, test, or treatment without obtaining prior written parental consent.

Note: An evaluation may be legally required under special education rules or by the Texas Education Agency for child abuse investigations and reports.

Consent to Human Sexuality Instruction

Annual Notification

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials.
- Remove his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. (See the campus principal for details.)
- Use the district's grievance procedure concerning a complaint. See **Complaints and Concerns (All Grade Levels)** on page 68 and FNG(LOCAL).

State law also requires that instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS):

- Present abstinence from sexual activity as the preferred choice in relationship to all sexual activity for unmarried persons of school age.
- Devote more attention to abstinence from sexual activity than to any other behavior.
- Emphasize that abstinence, if used consistently and correctly, is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted infections, and the emotional trauma associated with adolescent sexual activity.
- Direct adolescents to abstain from sexual activity before marriage as the most effective way to prevent pregnancy and sexually transmitted diseases.
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

[See Consent to Instruction of Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking on page 6.]

Consent Before Human Sexuality Instruction

Before a student receives human sexuality instruction, the parent must give written consent. Parents will be sent a request for written consent at least 14 days before the instruction will begin.

Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking

Before a student receives instruction on the prevention of child abuse, family violence, dating violence and sex

trafficking, the district must obtain written consent from the student's parent. Parents will be sent a request for written consent at least 14 days before the instruction will begin.

Annual Notification

Students receive instruction related to the prevention of child abuse, family violence, dating violence, and sex trafficking. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials. As required by law, any curriculum materials in the public domain used in this instruction will be posted on the district's website at the location indicated above
- Remove his or her child from any part of this instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. (See the campus principal for details.)
- Use the district's grievance procedure concerning a complaint. See **Complaints and Concerns (All Grade Levels)** on page 68 and policy FNG for information on the grievance and appeals process.

[See **Consent to Human Sexuality Instruction** on page 4; **Dating Violence** on page 77; and **Child Sexual Abuse, Trafficking, and Other Maltreatment of Children** on page 57]

Consent to Provide a Mental Health Care Service

The district will not provide a mental health care service to a student or conduct a medical screening of a student as part of the district's intervention procedures except as permitted by law.

The district has established procedures for recommending to a parent an intervention for a student with early warning signs of mental health concerns, substance abuse, or suicide risk. The district's mental health liaison will notify the student's parent within a reasonable amount of time after the liaison learns that a student has displayed early warning signs and provide information about available counseling options.

The district has also established procedures for staff to notify the mental health liaison regarding a student who may need intervention.

The school counselor can provide further information regarding these procedures as well as curriculum materials on identifying risk factors, accessing resources for treatment or support on and off campus, and accessing available student accommodations provided on campus.

[See **Mental Health Support** on page 120.]

Consent to Display a Student's Original Works and Personal Information

Teachers may display a student's work in classrooms or elsewhere on campus as recognition of student achievement without seeking prior parental consent. These displays may include personally identifiable student information.

Student work includes:

- Artwork
- Special projects
- Photographs
- Original videos or voice recordings
- Other original works

However, the district will seek parental consent before displaying a student's work on the district's website, a

website affiliated or sponsored by the district (such as a campus or classroom website), or in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Receive Parenting and Paternity Awareness Instruction if a Student is Under Age 14

A student under age 14 must have parental permission to participate in the district's [Parenting and Paternity Awareness Program](https://www.texasattorneygeneral.gov/child-support/programs-and-initiatives/parenting-and-paternity-awareness-papa/papa-educators/papa-curriculum) (<https://www.texasattorneygeneral.gov/child-support/programs-and-initiatives/parenting-and-paternity-awareness-papa/papa-educators/papa-curriculum>). This program was developed by the Office of the Texas Attorney General and the State Board of Education (SBOE) to be incorporated into health education classes.

Consent to Video or Audio Record a Student when Not Already Permitted by Law

State law permits the school to make a video or voice recording without parental permission when it:

- Is to be used for school safety,
- Relates to classroom instruction or a cocurricular or extracurricular activity,
- Relates to media coverage of the school, or
- Relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.

In other circumstances, the district will seek written parental consent before making a video or voice recording of a student.

Please note that parents and visitors to a classroom, both virtual and in person, may not record video or audio or take photographs or other still images without permission from the teacher or other school official.

Opting Out of Advanced Mathematics in Grades 6-8

The district will automatically enroll a student in grade 6 in an advanced mathematics course if the student performed in the top 40 percent on the grade 5 mathematics STAAR or a local measure that demonstrates proficiency in the student's grade 5 mathematics coursework.

Enrollment in an advanced mathematics course in grade 6 will enable students to enroll in Algebra I in grade 8 and advanced mathematics in grades 9-12.

Prohibiting the Use of Corporal Punishment

Corporal punishment — spanking or paddling a student — may be used as a discipline management technique in accordance with the Student Code of Conduct and district policy FO(LOCAL).

However, in accordance with law, the district may not administer corporal punishment if a student's parent submits a signed, written statement prohibiting its use.

A parent who does not want corporal punishment administered to his or her child must submit a written statement to the campus principal stating this decision. This signed statement must be submitted each school year. A parent may revoke this prohibition at any time during the school year by providing a signed statement to the campus principal.

Note:

- District personnel may use discipline methods other than corporal punishment if a parent requests that corporal punishment not be used.
- If the district knows that a student is in temporary or permanent custody of the state (through foster care, kinship care, or other arrangements), corporal punishment will not be administered, even when

the student's caregiver or caseworker has not submitted a signed statement prohibiting its use.

Limiting Electronic Communications between Students and District Employees

The district permits teachers and other approved employees to use electronic communications with students within the scope of professional responsibilities, as described by district guidelines.

For example, a teacher may create a social networking page for his or her class to relay information regarding class work, homework, and tests. A parent is welcome to access such a page.

However, text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity must communicate with a student participating in that activity.

A parent who does not want his or her child to receive one-to-one electronic communications from a district employee should contact the campus principal.

Objecting to the Release of Directory Information

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated "directory information" from a student's education records without written consent.

"Directory information" is information that, if released, is generally not considered harmful or an invasion of privacy. Examples include:

- A student's photograph (for publication in the school yearbook)
- A student's name and grade level (for communicating class and teacher assignments)
- The name, weight, and height of an athlete (for publication in a school athletic program)
- A list of student birthdays (for generating schoolwide or classroom recognition)
- A student's name and photograph (posted on a district-approved and -managed social media platform)
- The names and grade levels of students submitted by the district to a local newspaper or other community publication (to recognize the A/B honor roll for a specific grading period)

Directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of this information. Any objection must be made in writing to the principal within ten school days of the student's first day of instruction for the school year.

The district requests that families living in a shelter for survivors of family violence or trafficking notify district personnel that the student currently resides in such a shelter. Families may want to opt out of the release of directory information so that the district does not release any information that might reveal the location of such a shelter.

The district has identified the following as directory information: student name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; degrees, honors, and awards received; dates of attendance; grade level; most recent educational institution attended; participation in officially recognized activities and sports; and weight and height of members of athletic teams.

If a parent objects to the release of the student's information included on the directory information response form, this objection also applies to the use of that information for school-sponsored purposes, such as:

- Honor roll
- School newspaper
- Yearbook
- Recognition activities

- News releases
- Athletic programs

Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)

Unless a parent has advised the district not to release his or her student's information, the Every Student Succeeds Act (ESSA) requires the district to comply with requests from military recruiters or institutions of higher education to provide the following information about students:

- Name
- Address
- Telephone listing

Military recruiters may also have access to a student's district-provided email address, unless a parent has advised the district not to release this information.

Participation in Third-Party Surveys

Consent Required Before Student Participation in a Federally Funded Survey

The Protection of Pupil Rights Amendment (PPRA) provides parents certain rights regarding participation in surveys, the collection and use of information for marketing purposes, and certain physical exams.

A parent has the right to consent before a student is required to submit to a survey funded by the U.S. Department of Education that concerns any of the following protected areas:

- Political affiliations or beliefs of the student or the student's parent
- Mental or psychological problems of the student or the student's family
- Sex behavior or attitudes
- Illegal, antisocial, self-incriminating, or demeaning behavior
- Critical appraisals of individuals with whom the student has a close family relationship
- Legally recognized privileged relationships, such as with lawyers, doctors, and ministers
- Religious practices, affiliations, or beliefs of the student or parent
- Income, except when the information is required by law and will be used to determine the student's eligibility for a program

A parent may inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey. [See policy EF(LEGAL) for more information.]

"Opting Out" of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

The PPRA gives parents the right to receive notice and an opportunity to opt a student out of:

- Activities involving the collection, disclosure, or use of personal information gathered from the child for the purpose of marketing, selling, or otherwise disclosing that information to others.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of the student.

Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA for more information.]

A parent may inspect:

- Protected information surveys of students and surveys created by a third party
- Instruments used to collect personal information from students for any of the above marketing, sales, or

- other distribution purposes
- Instructional material used as part of the educational curriculum

The ED provides extensive information about the [Protection of Pupil Rights Amendment](https://studentprivacy.ed.gov/resources/protection-pupil-rights-amendment-ppra-general-guidance) (<https://studentprivacy.ed.gov/resources/protection-pupil-rights-amendment-ppra-general-guidance>), including a [PPRA Complaint Form](https://studentprivacy.ed.gov/file-a-complaint) (<https://studentprivacy.ed.gov/file-a-complaint>).

Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction

Reciting a Portion of the Declaration of Independence in Grades 3-12

State law designates the week of September 17 as Celebrate Freedom Week and requires all social studies classes to provide the following:

- Instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution
- A specific recitation from the Declaration of Independence for students in grades 3-12.

Per state law, a student may be excused from recitation of a portion of the Declaration of Independence if any of the following apply:

- A parent provides a written statement requesting that his or her child be excused.
- The district determines that the student has a conscientious objection to the recitation.
- A parent is a representative of a foreign government to whom the U.S. government extends diplomatic immunity.

[See policy EHBK(LEGAL) for more information.]

Reciting the Pledges to the U.S. and Texas Flags

A parent may request that his or her child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be made in writing. State law, however, requires that all students participate in one minute of silence following recitation of the pledges.

[See **Pledges of Allegiance and a Minute of Silence** on page 144 and policy EC(LEGAL) for more information.]

Religious or Moral Beliefs

A parent may remove his or her child temporarily from the classroom if a scheduled instructional activity conflicts with the parent's religious or moral beliefs.

The removal may not be used to avoid a test and may not extend for an entire semester. The student must also satisfy grade-level and graduation requirements as determined by the school and by state law.

Tutoring or Test Preparation

A teacher may determine that a student needs additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills based on:

- Informal observations
- Evaluative data such as grades earned on assignments or tests
- Results from diagnostic assessments

The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal

from other instruction as much as possible.

In accordance with state law and policy EC, districts must obtain parental permission before removing a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the days the class is offered.

The school may also offer tutorial services, which students whose grades are below 70 will be required to attend. [For questions about school-provided tutoring programs, contact the student's teacher and see policies EC and EHBC. See **Standardized Testing** on page 167 for information regarding required accelerated instruction-after a student fails to perform satisfactorily on certain state-mandated tests.]

Right of Access to Student Records, Instructional Materials, and District Records/Policies

Parent Review of Instructional Materials

A parent has the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered, whether instruction is delivered in- person, virtually, or remotely.

The district will make instructional materials available for parent review no later than 30 days before the school year begins and for at least 30 days after the school year ends. However, tests that have not yet been administered will not be made available for parent examination.

The district will provide login credentials to each student's parent for any learning management system or online learning portal used in instruction to facilitate parent access and review.

A parent is also entitled to request that the school allow the student to take home instructional materials the student uses. The school may ask the student to return the materials at the beginning of the next school day. A school must provide printed versions of electronic instructional materials to a student if the student does not have reliable access to technology at home.

District Review of Instructional Materials

A parent may request that the district conduct an instructional material review in a math, English Language Arts, science, or social studies class in which the parent's student is enrolled to determine alignment with state standards and the level of rigor for the grade level.

The district is not required to conduct an instructional material review for a specific subject area or grade level at a specific campus more than once per school year.

For more information about requesting an instructional material review, contact the campus principal.

Notices of Certain Student Misconduct to Noncustodial Parent

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See the Student Code of Conduct and policy FO(LEGAL) for more information.]

Participation in Federally Required, State-Mandated, and District Assessments

In accordance with the Every Student Succeeds Act (ESSA), a parent may request information regarding any federal, state, or district policy related to his or her child's participation in required assessments.

Student Records

Accessing Student Records

A parent may review his or her child's records. These records include:

- Attendance records
- Test scores
- Grades
- Disciplinary records
- Counseling records
- Psychological records
- Applications for admission
- Health and immunization information
- Other medical records
- Teacher and school counselor evaluations
- Reports of behavioral patterns
- Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with the child, as the term “intervention strategy” is defined by law
- State assessment instruments that have been administered to the child
- Teaching materials and tests used in the child’s classroom

Authorized Inspection and Use of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students certain rights regarding student education records.

For purposes of student records, an “eligible” student is anyone age 18 or older or who attends a postsecondary educational institution. These rights, as discussed here and at **Objecting to the Release of Directory Information** on page 12, are the right to:

- Inspect and review student records within 45 days after the day the school receives a request for access.
- Request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA.
- Provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent.
- [File a complaint \(https://studentprivacy.ed.gov/file-a-complaint\)](https://studentprivacy.ed.gov/file-a-complaint) with the

U.S. Department of Education concerning failures by the school to comply with FERPA requirements.

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy.

Before disclosing personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance — including grades, test results, and disciplinary records — is considered confidential educational records.

Inspection and release of student records is restricted to an eligible student or a student’s parent unless the school receives a copy of a court order terminating parental rights or the right to access a student’s education records. A parent’s rights regarding access to student records are not affected by the parent’s marital status. Federal law requires that control of the records goes to the student as soon as the student:

- Reaches the age of 18;
- Is emancipated by a court; or
- Enrolls in a postsecondary educational institution.

However, the parent may continue to have access to the records if the student is a dependent for tax purposes and, under limited circumstances, when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student’s education records without

written consent of the parent or eligible student when school officials have what federal law refers to as a “legitimate educational interest” in a student’s records.

Legitimate educational interest may include:

- Working with the student
- Considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities
- Compiling statistical data
- Reviewing an educational record to fulfill the official’s professional responsibility
- Investigating or evaluating programs

School officials may include:

- Board members and employees, such as the superintendent, administrators, and principals
- Teachers, school counselors, diagnosticians, and support staff (including district health or medical staff)
- A person or company with whom the district has contracted or allowed to provide a specific institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer)
- A person appointed to serve on a team to support the district’s safe and supportive school program
- A parent or student serving on a school committee
- A parent or student assisting a school official in the performance of his or her duties

FERPA also permits the disclosure of personally identifiable information without written consent:

- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General’s office, the U.S. Attorney General’s office, the U.S. Secretary of Education, the Texas Education Agency, the U.S. Secretary of Agriculture’s office, and Child Protective Services (CPS) caseworkers or, in certain cases, other child welfare representatives.
- To individuals or entities granted access in response to a subpoena or court order.
- To another school, district/system, or postsecondary educational institution to which a student seeks or intends to enroll or in which the student already is enrolled.
- In connection with financial aid for which a student has applied or has received.
- To accrediting organizations to carry out accrediting functions.
- To organizations conducting studies for, or on behalf of, the school to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
- To appropriate officials in connection with a health or safety emergency.
- When the district discloses directory information-designated details. [See **Objecting to the Release of Directory Information** on page 12 to prohibit this disclosure.]

Release of personally identifiable information to any other person or agency — such as a prospective employer or for a scholarship application — will occur only with parental or student permission as appropriate.

The registrar is the custodian of all records for currently enrolled students at the assigned school. The superintendent is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wants to inspect the student’s records should submit a written request to the custodian of records identifying the records he or she wants to inspect.

Records may be reviewed in person during regular school hours. The records custodian or designee will be available to explain the record and to answer questions.

A parent or eligible student who submits a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other

arrangements for the parent or student to review the records.

You may contact the custodian of records for currently enrolled students and students who have withdrawn at: The office of Wall ISD Superintendent, 8065 Loop 570 Wall, TX 76957

A parent or eligible student may inspect the student's records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the appropriate custodian of records. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If after the hearing the records are not amended, the parent or eligible student has 30 school days to place a statement in the student's record.

Although improperly recorded grades may be challenged, contesting a student's grade in a course or on an examination is handled through the complaint process found in policy FNG(LOCAL). A grade issued by a teacher can be changed only if the board of trustees determines that the grade is arbitrary, erroneous, or inconsistent with the district's grading guidelines.

[See **Report Cards/Progress Reports and Conferences** on page 147, **Complaints and Concerns** on page 68, and **Finality of Grades** at policy FNG(LEGAL).]

The district's student records policy is found at policy FL(LEGAL) and (LOCAL) and is available at the principal's or superintendent's office or on the district's website at www.wallisd.net.

Note: The parent's or eligible student's right of access to and copies of student records does not extend to all records. Materials that are not considered educational records — such as a teacher's personal notes about a student shared only with a substitute teacher — do not have to be made available.

Teacher and Staff Professional Qualifications

A parent may request information regarding the professional qualifications of his or her child's teachers, including whether the teacher:

- Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- Has an emergency permit or other provisional status for which state requirements have been waived; and
- Is currently teaching in the field or discipline of his or her certification.

The parent also has the right to request information about the qualifications of any paraprofessional who may provide services to the child.

A Student with Exceptionalities or Special Circumstances

Children of Military Families

[The Interstate Compact on Educational Opportunities for Military Children \(https://www.dodea.edu/partnership/interstatecompact.cfm\)](https://www.dodea.edu/partnership/interstatecompact.cfm) entitles children of military families to flexibility regarding certain district and state requirements, including:

- Immunization requirements
- Grade level, course, or educational program placement
- Eligibility requirements for participation in extracurricular activities
- Enrollment in the Texas Virtual School Network (TXVSN)
- Graduation requirements

The district will excuse absences related to a student visiting a parent, including a stepparent or legal guardian, who is:

- Called to active duty
- On leave
- Returning from a deployment of at least four months

The district will permit **no more than five** excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Additional information may be found at [Military Family Resources at the Texas Education Agency](https://tea.texas.gov/about-tea/other-services/military-family-resources) (<https://tea.texas.gov/about-tea/other-services/military-family-resources>).

Parental Role in Certain Classroom and School Assignments

Multiple-Birth Siblings

State law permits a parent of multiple-birth siblings (for example, twins, triplets) assigned to the same grade and campus to request in writing that the children be placed in either the same classroom or separate classrooms.

Written requests must be submitted by the 14th day after the students' enrollment. [See policy FDB(LEGAL) for more information.]

Safety Transfers/Assignments

The board or its designee will honor a parent's request to transfer his or her child to another classroom or campus if the district has determined that the child has been a victim of bullying, including cyberbullying, as defined by Education Code 37.0832.

The board may transfer a student who has engaged in bullying to another classroom.

Transportation is not provided for a transfer to another campus. See the campus principal for more information.

[See **Bullying** on page 51, and policies FDB and FFI for more information.]

The district will honor a parent's request for the transfer of his or her child to a safe public school in the district if the child attends a school identified by the Texas Education Agency as persistently dangerous or if the child has been a victim of a violent criminal offense while at school or on school grounds.

[See policy FDE for more information.]

The board will honor a parent's request for the transfer of his or her child to a neighboring district if the child has been the victim of sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for the assault. In accordance with policy FDE, if the victim does not wish to transfer, the board will transfer the assailant.

Student Use of a Service/Assistance Animal

A parent of a student who uses a service/assistance animal because of the student's disability must submit a written request to the principal before bringing the service/assistance animal on campus. The district will try to accommodate a request as soon as possible but will do so within ten district business days.

A Student in the Conservatorship of the State (Foster Care)

In an effort to provide educational stability, the district will provide enrollment and registration assistance, as well

as other educational services throughout the student's enrollment, to any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care). A student in the conservatorship (custody) of the state who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities at any point during the year.

The district will assess the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the district.

The district will award partial course credit when the student only passes one half of a two-half course. [For provisions on partial course credit for students who are not in the conservatorship of the state, see EI(LOCAL).]

A student in the conservatorship of the state who is moved outside the district's or school's attendance boundaries — or who is initially placed in the conservatorship of the state and moved outside the district's or school's boundaries — is entitled to remain at the school the student was attending prior to the placement or move until the student reaches the highest grade level at that particular school.

If a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request a diploma from the previous district if the student meets its graduation criteria.

For a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student's 18th birthday, the district will:

- Assist the student with the completion of applications for admission or financial aid.
- Arrange and accompany the student on campus visits.
- Assist in researching and applying for private or institution-sponsored scholarships.
- Identify whether the student is a candidate for appointment to a military academy.
- Assist the student in registering and preparing for college entrance examinations, including (subject to the availability of funds) arranging for the payment of examination fees by the Texas Department of Family and Protective Services (DFPS).
- Coordinate contact between the student and a liaison officer for students formerly in the conservatorship of the state.

If you have questions, please contact the campus school counselor.

[See **Credit by Examination for Advancement/Acceleration** on page 75 and **Course Credit** on page 74.]

A Student Who Is Homeless

A parent is encouraged to inform the district if his or her child is experiencing homelessness. District staff can share resources that may be able to assist families.

A student who is homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements
- Immunization requirements
- Educational program placement (if the student is unable to provide previous academic records or misses an application deadline during a period of homelessness)
- Credit-by-examination opportunities at any point during the year (if the student enrolled in the district after the beginning of the school year), per State Board of Education (SBOE) rules
- Assessment of the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the district
- Awarding partial credit when a student passes only one half of a two-half course
- Eligibility requirements for participation in extracurricular activities
- Graduation requirements

Federal law allows a student who is homeless to remain enrolled in the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing.

If a student who is homeless in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, state law allows the student to request a diploma from the previous district if the student meets the criteria to graduate from the previous district.

A student or parent who is dissatisfied by the district’s eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

For more information on services for students who are homeless, contact the campus school counselor.

[See **Credit by Examination for Advancement/Acceleration** on page 75 and **Course Credit** on page 74.]

A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individuals listed below to learn about the school’s overall general education referral or screening system for support services.

This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than 15 school days after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the [Notice of Procedural Safeguards](https://fw.escapps.net/Display_Portal/publications) (https://fw.escapps.net/Display_Portal/publications). If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Note: A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior-written notices and procedural safeguard requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15 school-day timeline.

If the district decides to evaluate the student, it must complete the student’s initial evaluation and evaluation report no later than 45 school days from the day it receives a parent’s written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If the district receives a parent’s consent for the initial

evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost. Additional information regarding special education is available from the school district in a companion document titled [Parent's Guide to the Admission, Review, and Dismissal Process](https://fw.escapps.net/Display_Portal/publications) (https://fw.escapps.net/Display_Portal/publications).

Contact Person for Special Education Referrals

The designated contact person regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is the school counselor.

For questions about post-secondary transitions, include the transition from education to employment, for students receiving special education services, contact the district's transition and employment designee: Staci Londerholm, staci.londerholm@ssc.wallisd.net

Section 504 Referrals

Each school district must have standards and procedures in place for the evaluation and placement of students in the district's Section 504 program. Districts must also implement a system of procedural safeguards that includes:

- Notice
- An opportunity for a parent or guardian to examine relevant records
- An impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel
- A review procedure

Contact Person for Section 504 Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for Section 504 services is the school counselor.

[See **A Student with Physical or Mental Impairments Protected under Section 504** on page 38.]

Visit these websites for information regarding students with disabilities and the family:

- [Legal Framework for the Child-Centered Special Education Process](https://fw.escapps.net/Display_Portal?destination=/) (https://fw.escapps.net/Display_Portal?destination=/)
- [Partner Resource Network](http://prntexas.org/) (<http://prntexas.org/>)
- [SPEDTEX: Special Education Information Center](https://www.spedtex.org/) (<https://www.spedtex.org/>)
- [Texas First Project](http://www.texasprojectfirst.org/) (<http://www.texasprojectfirst.org/>)

Notification to Parents of Intervention Strategies for Learning Difficulties Provided to Students in General Education

In accordance with state law, the district will annually notify parents if their child receives assistance for learning difficulties. Details of such assistance can include intervention strategies. This notice is not intended for those students already enrolled in a special education program.

A Student Who Receives Special Education Services with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, state law permits the parent or guardian to request that other students residing in the household be transferred to the same campus — if the grade level for the transferring student is offered on that campus.

The student receiving special education services would be entitled to transportation; however, the district is not required to provide transportation to other children in the household.

The parent or guardian should contact the school principal regarding transportation needs prior to requesting a transfer for other children in the home. [See policy FDB(LOCAL) for more information.]

A Student Who Speaks a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English.

If the student qualifies for these services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

[See **Emergent Bilingual Students** on page 90 and **Special Programs** on page 166.]

A Student with Physical or Mental Impairments Protected under Section 504

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law — and who does not otherwise qualify for special education services — may qualify for protections under Section 504 of the Rehabilitation Act.

Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities.

When an evaluation is requested, a committee will be formed to determine whether the student needs services and supports under Section 504 in order to receive a free appropriate public education (FAPE), as defined in federal law.

[

See **A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services** on page 33 and policy FB for more information.

Section Two: Other Important Information for Parents and Students

This section contains important information on academics, school activities, and school operations and requirements.

It is organized alphabetically to serve as a quick-reference guide. Where applicable, the topics are further organized by grade level.

Parents and children should take a moment together to become familiar with the issues addressed in this section. For guidance on a particular topic, please contact the campus administration at (325) 651-7790.

Absences/Attendance

Regular school attendance is essential. Absences from class may result in serious disruption of a student's education. The student and parent should avoid unnecessary absences.

Two important state laws are discussed below — one dealing with compulsory attendance and the other with how attendance affects the award of a student’s final grade or course credit.

Compulsory Attendance

Kindergarten

Students enrolled in kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

Ages 6-18

State law requires that a student who is at least six years of age, or who is younger than six years of age and has previously been enrolled in first grade, and who has not yet reached their 19th birthday, shall attend school, as well as any applicable accelerated instruction program, extended-year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires a student in kindergarten-grade 2 to attend any assigned accelerated reading instruction program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program based on a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program before or after school or during the summer if the student does not meet the passing standards on an applicable subject area state assessment.

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If the student incurs more than five unexcused absences in a semester, the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA for more information.]

Compulsory Attendance — Exemptions

All Grade Levels

State law allows exemptions to the compulsory attendance requirements for the following activities and events, as long as the student makes up all work:

- Religious holy days
- Required court appearances
- Appearing at a governmental office to obtain U.S. citizenship;
- Taking part in a US naturalization oath ceremony
- Serving as an election clerk
- Health-care appointments for the student or a child of the student, including absences related to autism services
- Absences resulting from a serious or life-threatening illness or related treatment that makes a student’s attendance infeasible, with certification by a physician
- For students in the conservatorship of the state:
 - An activity required under a court-ordered service plan; or
 - Any other court-ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

For children of military families, absences of up to five days will be excused for a student to visit a parent, stepparent, or legal guardian going to, on leave from, or returning from certain deployments. [See **Children of Military Families** on page 26.]

Note that documented health-care appointments may include telehealth appointments. Students who are physically on campus will not be allowed to participate in telehealth or other online appointments without specific authorization from an appropriate administrator. Students should not use district-issued technology, including wifi or internet, for telehealth appointments because use of district-owned equipment and its network systems is not private and may be monitored by the district. For more information, see **Telecommunication and Other Electronic Devices** on page 165 .

Secondary Grade Levels

The district will allow a student who is 15 years of age or older to be absent for one day to obtain a learner license and one day to obtain a driver’s license, provided that the board has authorized such excused absences under policy FEA(LOCAL). The student will be required to provide documentation of his or her visit to the driver’s license office for each absence and must make up any work missed.

[See **Driver License Attendance Verification** on page 49.]

The district will allow junior and senior students to be absent for up to two days per year to visit a college or university if the following conditions are met.

- The board has authorized such excused absences under policy FEA(LOCAL).
- The principal has approved the student’s absence.

The student follows campus procedures to verify the visit and makes up any work missed.

The district will allow a student 17 years old or older to be absent for up to four days during the period the student is enrolled in high school to pursue enlistment in the U.S. armed services or Texas National Guard, provided the student verifies these activities to the district.

The district will allow a student to be absent for up to two days during the student’s junior year and two days during the student’s senior year for a career investigation day to visit a professional at that individual’s workplace to determine the student’s interest in pursuing a career in the professional’s field, provided the student verifies these activities to the district.

The district will allow a student to be absent for up to two days per school year to serve as:

- An early voting clerk, provided the district’s board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; or
- An election clerk, if the student makes up any work missed.

The district will allow a student in grades 6-12 to be absent for the purpose of sounding “Taps” at a military honors funeral for a deceased veteran.

Compulsory Attendance — Failure to Comply

All Grade Levels

School employees must investigate and report violations of the compulsory attendance law.

A student who is absent without permission from school, any class, any required special program, or any required tutorial will be considered in violation of the compulsory attendance law and subject to disciplinary action.

Students with Disabilities

If a student with a disability is experiencing attendance issues, the student’s ARD or Section 504 committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student’s individualized education program or Section 504 plan, as appropriate.

Ages 6-18

When a student age 6-18 incurs three or more unexcused absences within a four-week period, the law requires the school to send notice to the parent.

The notice will:

- Remind the parent of his or her duty to monitor the student's attendance and require the student to attend school.
- Request a conference between school administrators and the parent.
- Inform the parent that the district will initiate truancy prevention measures, including a behavior improvement plan, school-based community service, referrals to counseling or other social services, or other appropriate measures.

For any questions about student absences, parents should contact the facilitator or any other campus administrator.

A court of law may impose penalties against the parent if a school-aged student is deliberately not attending school.

The district may file a complaint against the parent if the student incurs ten or more unexcused absences within a six-month period in the same school year.

If a student age 12-18 incurs ten or more unexcused absences within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policies FEA(LEGAL) and FED(LEGAL) for more information.]

Age 19 and Older

After a student age 19 or older incurs a third unexcused absence, the district is required by law to send the student a letter explaining that the district may revoke the student's enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student's enrollment, the district may implement a behavior improvement plan.

Attendance for Credit or Final Grade (All Grade Levels)

To receive credit or a final grade in a class, a student must attend the class at least 90 percent of the days it is offered. A student who attends fewer than 90 percent of the days the class is offered will be referred to the attendance review committee. The committee will determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade. [see policy FEC.]

Except for absences due to serious or life-threatening illness or related treatment, all absences, excused or unexcused, may be held against a student's attendance requirement. To determine whether there were extenuating circumstances for any absences, the attendance committee will consider:

- Whether the student has mastered the essential knowledge and skills and maintained passing grades in the course or subject.
- Whether the student has completed makeup work satisfactorily. If the student completed makeup work, absences listed under **Compulsory Attendance – Exemptions** on page 41 and absences for extracurricular activities will be considered extenuating circumstances.
- Whether the student or the student's parent had any control over the absences.
- Any information presented by the student or parent to the committee about the absences.

The student or parent may appeal the committee's decision to the board by following policy FNG(LOCAL).

Official Attendance-Taking Time (All Grade Levels)

The district will take official attendance every day at 10:00 AM at elementary, 9:00 AM at middle school, and 9:40 AM at high school.

A student absent for any portion of the day, should follow the procedures below to provide documentation of the absence.

Documentation after an Absence (All Grade Levels)

A parent must provide an explanation for any absence upon the student's arrival or return to school. The student must submit a note signed by the parent. The campus may accept a phone call from the parent but reserves the right to require a written note.

A note signed by the student will not be accepted unless the student is age 18 or older or is an emancipated minor under state law.

The campus will document in its attendance records whether the absence is excused or unexcused.

Note: The district is not required to excuse any absence, even if the parent provides a note explaining the absence, unless the absence is an exemption under compulsory attendance laws.

Doctor's Note after an Absence for Illness (All Grade Levels)

Within 2 days of returning to school, a student who is absent for more than 3 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the absence. Otherwise, the absence may be considered unexcused and in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the absence to determine whether an absence will be excused or unexcused.

Certification of Absence Due to Severe Illness or Treatment

If a student is absent because of a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, a parent must provide certification from a physician licensed to practice in Texas specifying the student's illness and the anticipated period of absence related to the illness or treatment.

Driver License Attendance Verification (Secondary Grade Levels Only)

A currently enrolled student seeking a driver's license shall submit the Texas Department of Public Safety Verification of Enrollment and Attendance Form (VOE), signed by the parent, to the campus central office at least 10 days before it is needed. The district will issue a VOE only if the student meets class credit or attendance requirements. The [VOE form \(https://www.tdlr.texas.gov/driver/forms/VOE.pdf\)](https://www.tdlr.texas.gov/driver/forms/VOE.pdf) is available online. Further information may be found on the [Texas Department of Public Safety website \(https://www.dps.texas.gov/section/driver-license/how-apply-texas-driver-license-teen\)](https://www.dps.texas.gov/section/driver-license/how-apply-texas-driver-license-teen).

See **Compulsory Attendance — Exemptions for Secondary Grade Levels** on page 41 for information on excused absences for obtaining a learner license or driver's license.

Absences/Attendance (High School Only)

Excused Absences

Parents or guardians should call in to the Attendance Clerk and make prior arrangements for a student to be released for appointments OR an appointment card should be presented to the Attendance Clerk **prior to check out time** in the office.

It is the responsibility of the student to see that his/her parent or guardian calls in to the Attendance Clerk or Principal when he/she is unable to attend school.

In the case of hospitalization, a note from the doctor must be required stating the date and duration of the stay in the hospital and when the student will be permitted to return to school. In this situation, the absence will be counted as one (1) day of the absences per year.

Unexcused Absences

Students who receive an Unexcused Absence for any period are not allowed to make up work missed for that period. The student will receive a “zero” for any work missed because of an unexcused absence.

School employees must investigate and report violations of the state compulsory attendance law. A student absent from school without permission from any class, from required special programs, such as basic skills for ninth graders, or from required tutorials will be considered truant and subject to disciplinary action.

Truancy may also result in assessment of penalties by a court of law against both the student and his/her parents. A complaint against the parent may be filed in the appropriate court if the student:

- **Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or**
- **Is absent on three or more days or parts of days within a four-week period.**

TRUANCY – is defined as any unauthorized absence. Students must get permission from the office before leaving school during the school day.

Students are also required to “sign out” when leaving campus. The school will make a strong effort to contact the parents before allowing them to leave school. Any unauthorized absence will be considered unexcused, and the students will not be allowed to make up work they missed.

Absences and School Activities

Any student who participated in a school activity must be in school at least one-half day prior to participation in the activity unless a situation arises that the principal deems uncontrollable and he/she suspends this rule.

Extracurricular absences are given for this type of absence. There is no limit on the number of Extracurricular Absences a student may have in a school year. However, a student must be in good academic standing to continue to receive an EC absence. The principal has the discretion to approve or deny an extracurricular absence based on the student’s academic status.

Planned Absences

Planned absences are those absences outside of illness, doctor and dentist appointments, death within family or extracurricular absences. This includes such absences as “Take Our Daughter to Work Day” or trips out of state or any other similar planned absence of which you have prior knowledge. A planned absence must be approved by the principal at least **5 school days prior** to the planned absence. The principal will inform the student that all work in classes must be completed prior to the beginning of the planned absence(s). Prior completion of tests or lab assignments will be left up to the individual teacher. After receiving approval from the principal, the student should notify his/her teachers immediately. If a teacher does not receive notice within 5 days prior to departure, the teacher may deny the student the privilege of making up the work. Failure to comply with the planned absence policy may result in an unexcused absence for the days missed and a grade of zero for all work assigned and turned in for that day. Absences that are not planned may be considered an unexcused absence which will result in a zero for all work turned in and assigned for that day. An unexcused absence will also result in a non-exempt detention.

Accountability under State and Federal Law (All Grade Levels)

Wall ISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of accountability is the dissemination and publication of certain reports and information, including:

- The Texas Academic Performance Report (TAPR) for the district, compiled by the Texas Education Agency (TEA), based on academic factors and ratings
- A School Report Card (SRC) for each campus in the district, compiled by TEA
- The district's financial management report, which includes the financial accountability rating assigned to the district by TEA
- Information compiled by TEA for the submission of a federal report card that is required by federal law

Accountability information can be found on the district's website at www.wallisd.net. Hard copies of any reports are available upon request to the district's administration office.

TEA maintains additional accountability and accreditation information at [TEA Performance Reporting Division \(https://tea.texas.gov/texas-schools/accountability/academic-accountability/performance-reporting\)](https://tea.texas.gov/texas-schools/accountability/academic-accountability/performance-reporting).

Armed Services Vocational Aptitude Battery Test (Grades 10-12)

A student in grades 10-12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter.

Contact the principal for information about this opportunity.

Bullying (All Grade Levels)

The district strives to prevent bullying, in accordance with the district's policies, by promoting a positive school culture; building healthy relationships between students and staff; encouraging reporting of bullying incidents, including anonymous reporting; and investigating and addressing reported bullying incidents.

Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school
- Infringes on the rights of the victim at school

Bullying includes cyberbullying. Cyberbullying is defined in state law as bullying that is done using any electronic communication device, including

- A cellular or other type of telephone
 - A computer
 - A camera
 - Electronic mail
 - Instant messaging
 - Text messaging
 - A social media application
 - An internet website
 - Any other internet-based communication tool
- Bullying is prohibited by the

- district and could include:
- Hazing
- Threats
- Taunting
- Teasing
- Confinement
- Assault
- Demands for money
- Destruction of property
- Theft of valued possessions
- Name-calling
- Rumor-spreading
- Ostracism

The district will integrate into instruction research-based content designed to reduce bullying that is appropriate for students' age groups.

Students in elementary grades will participate in:

- Instruction designed so that students can recognize bullying behaviors and how to report them
- Age-appropriate discussions that encourage peers to intervene when they observe bullying occur
- Instruction that characterizes bullying as a behavior that results from the student's need to acquire more mature social or coping skills, not an unchangeable trait

Students in secondary grades will participate in:

- Instruction on the brain's ability to change and grow so the student recognizes bullying behavior can come from a developmental need to acquire more social skills, can change when the brain matures and learns better ways of coping, and is not an unchangeable trait
- Discussions that portray bullying as undesirable behavior and a means for attaining or maintaining social status at school, and that discourage students from using bullying as a tool for social status
- Instruction designed so that students recognize the role that reporting bullying behaviors plays in promoting a safe school community

The district will use an age-appropriate survey regarding school culture that includes relevant questions on bullying to identify and address student concerns.

Each campus has a committee that addresses bullying by focusing on prevention efforts and health and wellness initiatives. The committee will include parents and secondary students. For more information on this committee, including interest in serving on the committee, contact the school counselor.

If a student believes that he or she has experienced bullying or witnesses the bullying of another student, the student or parent should notify a teacher, school counselor, principal, or another district employee as soon as possible. Any district employee aware of a report of a bullying incident will relay the report to an appropriate administrator. Procedures for reporting allegations of bullying may be found on the district's website.

A student may anonymously report an alleged incident of bullying at www.wallisd.net.

The administration will investigate any allegations of bullying and related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying.

If an investigation determines that bullying occurred, the administration will take appropriate disciplinary action and may, in certain circumstances, notify law enforcement. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying.

The district will provide research-based interventions, which may include counseling options, for students who engage in bullying behaviors, students who are targeted by bullying behaviors, and any student who witnessed bullying behaviors.

Any action taken in response to bullying will comply with state and federal law regarding students with disabilities.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon recommendation of the administration, the board may transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parent, the board may transfer the student to another campus in the district.

The parent of a student who has been determined to be a victim of bullying may request that the student be transferred to another classroom or campus within the district. [See **Safety Transfers/Assignments** on page 28.]

A copy of the district's bullying policy is available in the principal's office, superintendent's office, and on the district's website, and is included at the end of this handbook as an appendix.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See **Safety Transfers/Assignments** on page 28, **Dating Violence, Discrimination, Harassment, and Retaliation** on page 77, **Hazing** on page 109, policy FFI, the district's Student Code of Conduct, and the district improvement plan, a copy of which can be viewed in the campus office.]

Career and Technical Education (CTE) and Other Work-Based Programs (Secondary Grade Levels Only)

District policy prohibits discrimination on the basis of race, color, national origin, sex, or handicap in its vocational programs, services, or activities, and provides equal access to the Boy Scouts and other designated youth groups as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

District policy also prohibits discrimination on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

The district will take steps to assure that lack of English language skills will not be a barrier to admission or participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX coordinator and the ADA/Section 504 coordinator.

[See **Nondiscrimination Statement** on page 139 for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator.]

Celebrations (All Grade Levels)

Although a parent or grandparent may provide food to share for a school-designated function or for a student's birthday, please be aware that children in the school may have severe allergies to certain food products. Discuss

any classroom allergies with the teacher before bringing food to share.

Occasionally, the school or a class may host functions or celebrations tied to the curriculum that involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers to provide food.

[See **Food Allergies** on page 127.]

Cheating/Plagiarism/Academic Dishonesty (All Grade Levels)

Copying another person's work, such as homework, class work, or a test, is a form of cheating. Plagiarism, which is the use as one's own of another person's original ideas or writing without giving credit to the true author, will also be considered cheating and the student will be subject to academic disciplinary action that may include loss of credit for the work in question. Teachers who have reason to believe that a student has engaged in cheating or other academic dishonesty will assess the academic penalty to be imposed. Students found to have engaged in academic dishonesty will be subject to disciplinary penalties as well, according to the Student Code of Conduct.

Child Sexual Abuse, Trafficking, and Other Maltreatment of Children (All Grade Levels)

The district has established a plan for addressing child sexual abuse, trafficking, and other maltreatment of children, which may be accessed at www.wallisd.net. Trafficking includes both sex and labor trafficking.

Warning Signs of Sexual Abuse

Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child.

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS). A child who has been or is being sexually abused may exhibit physical, behavioral, or emotional warning signs, including:

- Difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches
- Verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior
- Withdrawal, depression, sleeping and eating disorders, and problems in school

Be aware that children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. [See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 77 and **Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking** on page 6.]

Warning Signs of Trafficking

Child trafficking of any sort is prohibited by the Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services. Traffickers are often trusted members of a child's community, such as friends, romantic partners, family members, mentors, and coaches. Some traffickers contact victims online.

Possible warning signs of sexual trafficking in children include:

- Changes in school attendance, habits, friend groups, vocabulary, demeanor, and attitude
- Sudden appearance of expensive items (for example, manicures, designer clothes, purses, technology)
- Tattoos or branding
- Refillable gift cards
- Frequent runaway episodes
- Multiple phones or social media accounts
- Provocative pictures posted online or stored on the phone
- Unexplained injuries
- Isolation from family, friends, and community
- Older romantic partners

Additional warning signs of labor trafficking in children include:

- Being unpaid, paid very little, or paid only through tips
- Being employed but not having a school-authorized work permit
- Being employed and having a work permit but clearly working outside the permitted hours for students
- Owing a large debt and being unable to pay it off
- Not being allowed breaks at work or being subjected to excessively long work hours
- Being overly concerned with pleasing an employer and/or deferring personal or educational decisions to a boss
- Not being in control of his or her own money
- Living with an employer or having an employer listed as a student's caregiver
- A desire to quit a job but not being allowed to do so

[See **Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking** on page 6.]

Reporting and Responding to Sexual Abuse, Trafficking, and Other Maltreatment of Children

Anyone who suspects that a child has been or may be abused, trafficked, or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Children may be more reluctant to disclose sexual abuse than physical abuse and neglect and may only disclose sexual abuse indirectly. As a parent or trusted adult, it is important to be calm and comforting if your child or another child confides in you. Reassure the child that he or she did the right thing by telling you.

If your child is a victim of sexual abuse, trafficking, or other maltreatment, the school counselor or principal will provide information on counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (DFPS) also manages early intervention counseling programs.

To find out what services may be available in your county, see [Texas Department of Family and Protective Services, Programs Available in Your County](http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp) (http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp).

Reports of abuse, trafficking, or neglect may be made to the CPS division of the DFPS at 1-800-252-5400 or on the web at [Texas Abuse Hotline Website](http://www.txabusehotline.org) (www.txabusehotline.org).

Further Resources on Sexual Abuse, Trafficking, and Other Maltreatment of Children

The following websites include resources to help increase awareness of child abuse and neglect, sexual abuse, trafficking, and other maltreatment of children: -

(<https://safesupportivelearning.ed.gov/human-trafficking-americas-schools>)

Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)

Valedictory, Salutatory, and Class Rankings

The honor students must be regular students scheduled for the full day with a 90 overall average. All four (4) years of high school will be averaged. The last two years in consideration must be taken at Wall High School. Valedictory and Salutatory awards and class ranking will be based on grades earned in all subjects except for Physical Education, Band, Athletics, and all Aides. Semester grades in these subjects will be counted except for the second semester of the senior year, which will use the average of the fourth and fifth six weeks grades.

If a student is enrolled in a distance learning/dual credit course, there is no fourth and fifth six weeks grade, so the final grade will be used for graduation purposes and in determining Valedictorian and Salutatorian honors. This could delay announcement of the Valedictory and Salutatory honorees until days before the graduation ceremony. A special note to graduating seniors, the sixth-six week’s grades of the senior year will be included in the final official transcripts.

Students who have been assigned or have attended Fairview Campus or any other alternative campus will forfeit their class rankings. A student must be a full-time student on Wall High School Campus in order to be considered for Valedictorian and Salutatorian honors or class ranking.

All courses are weighted according to their difficulty and requirements. For a list of the courses offered and their weighted value, please refer to high school course guide on Wall ISD web page.

Determining Grades

1. Grades will be given in numbers in Grades 9 through 12.
2. The semester grade is determined by taking the three (3) six weeks grades, averaging them, multiplying them by 4, adding in semester exams, dividing by 5.
3. A minimum of 10 grades per six weeks grading period is required, except in cases where major projects are required, i.e., English-research papers. This includes test grades. More than 10 grades are recommended.
4. The grade for the year is equal to the sum of the semester grades divided by two.
5. A grade of at least 60 is required for the first six weeks grade for each course. The grade will be recorded as 60/actual grade. For all other grading periods, the actual earned average will be the grade recorded.
6. In arriving at the six weeks grade, the following points will be considered:
 - The character of the written work.
 - The character of daily preparation and the character of daily participation in the class activities.
 - The quality of all work on tests.

- The general attitude of the student as a member of the group.
- Absence and/or tardies for which no make-up work has been done.

Alpha Grading System

Students transferring from another school that uses the Alpha Grading Systems, letter grades will be converted using the following scale:

A+ = 98	B+ = 88	C+ = 78	D+ = 68	F+ = 60
A = 95	B = 85	C = 75	D = 65	F = 60
A- = 92	B- = 80	C- = 72	D- = 62	F- = 60

If a student receives credit from previous school for a D, credit at Wall High School will be given with a grade of 70.

Weighted GPA

- Grade averages in P.E., office aide, lab assistants, and band will be exempt for ranking purposes.
- Regular classes are all classes that are not listed in the advanced course list, or college board advanced placement course listing.
- Advanced courses will be weighted with additional points added to the course grade per semester. The following classes will be given additional points:
 - Honors Anatomy and Physiology – 5 pts.
 - Pre-AP Chemistry – 7 pts.
 - AP Chemistry – 7 pts.
 - Honors Physics – 7 ps.
 - AP Biology – 7 pts.
 - Pre-Calculus – 7 pts.
 - Calculus – 10 pts.
 - Computer Programming II – 7 pts.
 - AP Computer Science- 7 pts.
 - Pre-AP Algebra II – 7 pts.
 - College Algebra – 5 pts.
 - Engineering Mathematics – 5 pts.

All Dual Credit English, Math, and History Courses will have an additional weight of 5 points per course per semester.

Virtual classes and correspondence classes will not count towards a student's GPA.

Students who enroll at Wall High School with weighted courses from a previous school will receive those points only if Wall High School offers the same courses as weighted courses (see above courses).

Unweighted GPA

An unweighted GPA is the average of grades earned without the additional points added. This GPA is calculated as needed.

[See policy EIC for more information.]

Class Schedules (Secondary Grade Levels Only)

All students are expected to attend school for the entire school day and maintain a full class schedule.

Exceptions may be made occasionally by the campus principal for students in grades 9-12 who meet specific criteria and receive parental consent to enroll in less than a full-day schedule.

[See **Schedule Changes** on page 156 for information related to student requests to revise their course schedule.]

College and University Admissions and Financial Aid (All Grade Levels)

For two school years following graduation, a district student who graduates as valedictorian or in the top ten percent of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the distinguished level of achievement under the foundation graduation program [see **Foundation Graduation Program** on page 100]; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

The student is ultimately responsible for meeting the admission requirements of the university or college, including timely submission of a completed application.

If a college or university adopts an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

The University of Texas at Austin may limit the number of automatically admitted students to 75 percent of the University's enrollment capacity for incoming resident freshmen. From the summer 2023 term through the spring 2025 term, the University will admit the top six percent of a high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

As required by law, the district will provide written notice concerning the following:

- Automatic college admission
- Curriculum requirements for financial aid
- Benefits of completing the requirements for automatic admission and financial aid
- The Texas First Early High School Completion Program, which requires a student to provide an official copy of assessment results and transcripts, as applicable, to receive credit for the assessments and credits required for early graduation under the program
- The Texas First Scholarship Program
- The Future Texas Teachers Scholarship Program.

Parents and students will be asked to sign an acknowledgment that they received this information. Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See **Class Rank/Highest-Ranking Student** on page 62 for information specifically related to how the district calculates a student's rank in class, and requirements for **Graduation** on page 98 for information associated with the foundation graduation program.]

[See **Students in the Conservatorship of the State (Foster Care)** on page 29 for information on assistance in transitioning to higher education for students in foster care.]

College Credit Courses (Secondary Grade Levels Only)

Students in grades 9-12 may earn college credit through the following opportunities:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), International Baccalaureate (IB), or college preparatory
- Enrollment in AP or dual credit courses through the Texas Virtual School Network (TXVSN)
- Enrollment in courses taught in conjunction and in partnership with Angelo State University and Howard

- College, which may be offered on or off campus
- Enrollment in courses taught at other colleges or universities; and
- Certain CTE courses.

Under the Financial Aid for Swift Transfer (FAST) program, a student may be eligible to enroll at no cost to the student in dual credit courses at a participating institution of higher education. The FAST program allows students who are or have been educationally disadvantaged at any time during the four years preceding the student's enrollment in a dual credit course to enroll at no cost to the student. The district will determine eligibility upon the student's enrollment in the dual credit course. See the high school counselor for more information.

A student may be eligible for subsidies based on financial need for AP or IB exam fees. See **Fees (All Grade Levels)** on page 94 for more information.

A student may also earn college credit for certain Career and Technical Education (CTE) courses. See **Career and Technical Education (CTE) and Other Work-Based Programs (Secondary Grade Levels Only)** on page 55 for information on CTE and other work-based programs.

All these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student's grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

Not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student's desired degree plan.

Communications (All Grade Levels)

Parent Contact Information

A parent is legally required to provide in writing the parent's contact information, including address, phone number, and email address.

A parent must provide the contact information to the district upon enrollment and again within two weeks after the beginning of each following school year while the student is enrolled in the district.

If the parent's contact information changes during the school year, the parent must update the information in writing no more than two weeks after the date the information changes.

A parent may update contact information by contacting the campus registrar at (325) 651-7790.

Automated Emergency Communications

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency situation may include early dismissal, delayed opening, or restricted access to the campus due to severe weather, another emergency, or a security threat. It is crucial to notify your child's school when a phone number changes.

[See **Safety** on page 152 for information regarding contact with parents during an emergency situation.]

Automated Nonemergency Communications

Your child's school periodically sends information by automated or pre-recorded messages, text messages, or real-time phone or email communications that are closely related to the school's mission and specific to your

child, your child's school, or the district.

Standard messaging rates of your wireless phone carrier may apply.

If you do not wish to receive such communications, please contact your child's principal. [See **Safety** on page 152 for information regarding contact with parents during an emergency.]

Complaints and Concerns (All Grade Levels)

Usually, student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal.

For those complaints and concerns that cannot be resolved informally, the board has adopted a Student and Parent Complaints/Grievances policy at FNG(LOCAL). This policy can be viewed in the district's policy manual, available online at www.wallisd.net. A copy of this policy and complaint forms may also be obtained in the office of the superintendent.

To file a formal complaint a parent or student should complete and submit the complaint form. In general, the written complaint form should be completed and submitted to the campus principal in a timely manner. If the concern is not resolved, a parent or student may request a conference with the superintendent.

If the concern is still unresolved, the district provides a process for parents and students to appeal to the board of trustees.

Conduct (All Grade Levels)

Applicability of School Rules

The board has adopted a Student Code of Conduct that defines standards of acceptable behavior — on and off campus, during remote and in-person instruction, and on district vehicles — and outlines consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules.

During summer instruction, the Student Handbook and Student Code of Conduct in place for the school year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

Campus Behavior Coordinator

Each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The contact information for each campus behavior coordinator is available on the district's website at www.wallisd.net and the coordinator for this campus is listed below:

- Jamie Dudley, Elementary Principal
- Matt Rivers, Middle School Principal
- Ryan Snowden, High School Principal

Deliveries

Except in emergencies, delivery of messages or packages to students will not be allowed during instructional time. A parent may leave a message or a package, such as a forgotten lunch, for the student to pick up from the front office during a passing period or lunch.

Disruption of School Operations

Disruption of school operations is not tolerated and may constitute a misdemeanor offense. As identified by state law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.

Disruption of classes or other school activities while on or within 500 feet of district property includes:

- Making loud noises
- Trying to entice a student away from, or to prevent a student from attending, a required class or activity
- Entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct

Interference with the transportation of students in vehicles owned or operated by the district is also considered a disruption.

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest. A student attending a social event will be asked to sign out when leaving before the end of the event and will not be readmitted.

A parent interested in serving as a chaperone for any school social events should contact the campus principal.

Counseling

The district has a comprehensive school counseling program that includes:

- A guidance curriculum to help students develop their full educational potential, including the student's interests and career objectives
- A responsive services component to intervene on behalf of any student whose immediate personal concerns or problems put the student's continued educational, career, personal, or social development at risk
 - An individual planning system to guide a student as the student plans, monitors, and manages the student's own educational, career, personal, and social development
 - Systems to support the efforts of teachers, staff, parents, and other members of the community in promoting the educational, career, personal, and social development of students

The district will make a preview of the program, including all materials and curriculum, available to parents to review during school hours.

Academic Counseling

Elementary and Middle School Grade Levels

The school counselor will provide information to students and parents about college and university admissions and the importance of planning for postsecondary education, including appropriate coursework and financial aid

availability and requirements.

In either grade 7 or 8, each student will receive instruction on how best to prepare for high school, college, and a career.

High School Grade Levels

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures.

Each year, high school students will be provided information on anticipated course offerings for the next school year, how to make the most of academic and career and technical education (CTE) opportunities, and the importance of postsecondary education.

The school counselor will also provide information each year a student is enrolled in high school regarding:

- The importance of postsecondary education
- The advantages of earning an endorsement and completing the foundation program with the distinguished level of achievement
- The disadvantages of pursuing a high school equivalency exam (GED) as opposed to earning a high school diploma
- Financial aid eligibility and how to apply for financial aid
- Automatic admission to state-funded Texas colleges and universities
- Eligibility requirements for the TEXAS Grant
- Availability of district programs that allow students to earn college credit
- Availability of tuition and fee assistance for postsecondary education for students in foster care
- Availability of college credit awarded by institutions of higher education to veterans and military service members for military experience, education, and training

Additionally, the school counselor can provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

[See **Scholarships and Grants** on page 109 for more information.]

Personal Counseling (All Grade Levels)

The school counselor is available to assist students with a wide range of personal, social, and family concerns, including emotional or mental health issues and substance abuse. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

If your child has experienced trauma, contact the school counselor for more information.

[See **Mental Health Support** on page 120, and **Child Sexual Abuse, Trafficking, and Other Maltreatment of Children** on page 57 and **Dating Violence** on page 77.]

Course Credit (Secondary Grade Levels Only)

A student at any grade level enrolled in a high school course will earn credit for the course only if the final grade is 70 or above. For a two-part (two-semester, 1-credit course), the student's grades from both halves (semesters) will be averaged and credit will be awarded if the combined average is 70 or above. If the student's combined average is less than 70, the student will be awarded credit only for the half (semester) with the passing grade.

Credit by Examination — If a Student Has Taken the Course/Subject (Grades 6-12)

A student who has previously taken a course or subject but did not receive credit or a final grade for it may, in circumstances determined by the principal or attendance committee, be permitted to earn credit or a final grade by passing an examination approved by the district's board of trustees on the essential knowledge and skills defined for that course or subject.

Examples of prior instruction include incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to earn credit by examination after the student has had prior instruction is sometimes referred to as "credit recovery."

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an examination.

If a student is granted approval to take an examination for credit, the student must score at least 70 on the examination to receive credit for the course or subject.

[See the school counselor and policy EHDB(LOCAL) for more information.]

Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)

Students learn best, and their welfare is best served, in a school environment that is free from dating violence, discrimination, harassment, and retaliation.

Students are expected to treat peers and district employees with courtesy and respect, avoid offensive behaviors, and stop those behaviors as directed.

District employees are likewise expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly address inappropriate and offensive behaviors that are based on a person's race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law. A copy of the district's policy is available in the principal's office and in the superintendent's office. [See policy FFH for more information.]

Dating Violence

Dating violence will not be tolerated at school. To report dating violence, see **Reporting Procedures**, on page 80. Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship or any of the person's past or subsequent partners. This type of conduct is considered harassment if it is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to:

- Physical or sexual assaults
- Name-calling
- Put-downs
- Threats to hurt the student, the student's family members, or members of the student's household
- Destroying property belonging to the student
- Threats to commit suicide or homicide if the student ends the relationship
- Threats to harm a student's past or current dating partner
- Attempts to isolate the student from friends and family

- Stalking
- Encouraging others to engage in these behaviors

In accordance with law, when the district receives a report of dating violence, a district official will immediately notify the parent of the alleged victim and alleged perpetrator.

The counselor's office has information about the dangers of dating violence and resources for seeking help.

For more information on dating violence, see:

- Texas Attorney General's office [recognizing and responding to dating violence flier](https://www.texasattorneygeneral.gov/sites/default/files/files/child-support/papa/session%2010/recognizing-relationship-violence-en.pdf) (<https://www.texasattorneygeneral.gov/sites/default/files/files/child-support/papa/session%2010/recognizing-relationship-violence-en.pdf>)
- The CDC's [Preventing Teen Dating Violence](https://www.cdc.gov/violenceprevention/intimatepartnerviolence/teendatingviolence/fastfact.html) (<https://www.cdc.gov/violenceprevention/intimatepartnerviolence/teendatingviolence/fastfact.html>).

[See **Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking** on page 6.]

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, age, disability, or any other basis prohibited by law that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to:

- Offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation
- Threatening, intimidating, or humiliating conduct
- Offensive jokes, name-calling, slurs, or rumors
- Physical aggression or assault
- Graffiti or printed material promoting racial, ethnic, or other negative stereotypes
- Other kinds of aggressive conduct such as theft or damage to property

Sexual Harassment and Gender-Based Harassment

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but are not limited to:

- Touching private body parts or coercing physical contact that is sexual in nature
- Sexual advances
- Jokes or conversations of a sexual nature
- Other sexually motivated conduct, communications, or contact

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact that a reasonable person would not construe as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic, sexual, and other inappropriate social relationships between students and district employees are prohibited, even if consensual.

Gender-based harassment includes physical, verbal, or nonverbal conduct based on a student's gender, the student's expression of characteristics perceived as stereotypical for the student's gender, or the student's failure

to conform to stereotypical notions of masculinity or femininity.

Gender-based harassment can occur regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity. Examples of gender-based harassment directed against a student may include, but are not limited to:

- Offensive jokes, name-calling, slurs, or rumors
- Physical aggression or assault
- Threatening or intimidating conduct
- Other kinds of aggressive conduct such as theft or damage to property

Pregnancy or Related Conditions

The district does not discriminate on the basis of pregnancy or a related condition. Please contact the campus counselor for pregnancy-related accommodations.

Retaliation

Retaliation against a person who makes a good-faith report or participates in an investigation of discrimination, harassment, or dating violence is prohibited. A person who makes a false claim, offers false statements, or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. [See policy FFH(LOCAL) and (EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report, the district will determine whether the allegations, if proven, constitute prohibited conduct as defined by policy FFH. If not, the district will refer to policy FFI to determine whether the allegations, if proven, constitute bullying, as defined by law and policy FFI. If the alleged prohibited conduct also meets the statutory and policy definitions for bullying, an investigation of bullying will also be conducted. [See **Bullying** on page 51]

The district will promptly notify the parent of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parent of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

Investigation of Report

Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

To the extent possible, the district will respect the privacy of the student. However, limited disclosures may be necessary to conduct a thorough investigation and comply with law.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume its investigation at the conclusion of the agency's investigation.

During an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action and, in some cases, corrective action will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

Discrimination

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 77.]

Distance Learning (All Grade Levels)

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, internet, video-conferencing, and instructional television.

Texas Virtual School Network (TXVSN) (Secondary Grade Levels)

The Texas Virtual School Network (TXVSN) has been established by the state as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TXVSN to earn course credit for graduation.

Depending on the TXVSN course in which a student enrolls, the course may be subject to the "no pass, no play" rules. [See **Extracurricular Activities, Clubs, and Organizations** on page 91.] In addition, a student who enrolls in a TXVSN course for which an end-of-course (EOC) assessment is required must still take the corresponding EOC assessment.

A parent may ask questions or request that their child be enrolled in a TXVSN course by contacting the school counselor. Unless an exception is made by the campus principal, a student will not be allowed to enroll in a TXVSN course if the school offers the same or a similar course.

A copy of policy EHDE addressing distance learning will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the school counselor.

Correspondence Courses (High School Only)

Prior to enrollment in a correspondence course, the student shall make a request to the principal or designee for approval to enroll in the course. If approval is not granted prior to enrollment, the student shall not be awarded credit toward graduation. Only juniors and seniors shall be eligible to take correspondence courses and earn credit toward graduation. Students may earn a maximum of two state required courses and may be enrolled in only one correspondence course at a time.

The Superintendent or designee may exercise discretion in waiving limitations on an individual basis. Only in extreme cases will correspondence courses be allowed to substitute for core courses (English, Math, Science, Social Studies) required for graduation.

For more information, please see your counselor.

Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, newspapers, yearbooks, brochures, flyers, and the like.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Nonschool Materials

From Students

Students must obtain prior approval from the principal before selling, posting, circulating, or distributing copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. Approval will be granted or denied within two school days.

[See policy FNAA for more information.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes nonschool material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

[See policy FNG(LOCAL) for student complaint procedures.]

Dress and Grooming (All Grade Levels)

The district's dress code teaches grooming and hygiene, prevents disruption, and minimizes safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

ELEMENTARY

Boys

- Hair must be neat, clean, and well groomed, off the collar, should not be longer than the bottom of the earlobe, and should not be in the student's eyes. There must be tapering between long and short-cut sections of hair. No ponytails, mohawks, faux hawks, mullets, or spike hair allowed. Hair styles determined by the administration to be a distraction will not be permitted.
- All shirts must have sleeves for all boys.
- No earring or spacers allowed. Earring may not be placed on collars or other visible areas of dress.

Girls

- Shirts and tops must cover the entire shoulder area and come down over the hips.
- Apparel, such as tan tops, spaghetti strap blouses, baggy pants, and oversized shirts will not be allowed. The midriff will be covered at all times.
- Dresses and tops should cover the back.
- Dresses and skirts must come to 3 inches of the knee.

- No form-fitting apparel, apart from denim jeans with pockets. Yoga pants, tights, and jeggings are not permitted unless they are worn with a dress code-appropriate shirt/blouse that comes to fingertip length at the shortest part of the garment.

All Students

- Hair color shall not be of an unnatural nature and with no inappropriate or distracting variations. Hairstyle determined by the administration to be a distraction will not be permitted.
- No forms of body piercings other than girls who wear earrings. Visible tape or other coverings of piercing will not be allowed to be worn during the school day.
- Gauges nor any other such device used to enlarge holes in the earlobe or any other part of the skin may be worn.
- No chains or other items that do not conform to general dress will be allowed.
- No sunglasses or hats worn in the building.
- Items that depict, describe, or suggest vulgarity, gangs, drug abuse, or advertise alcohol or tobacco products will not be allowed.
- Students are required to wear shoes but not plastic or rubber flip flops. A flip flop is a shoe that has as its only strap, one that fits between the toes. Students may not wear “slides” or similar footwear. Certain leather sandals may fit the description of a flip flop. Therefore, when in question, a student should check with the principal on the appropriateness of the sandal.
- Shorts must be worn within 4 inches of the knee. Elementary students are allowed to wear athletic/PE shorts each day as a student choice.
- No visible tattoos.
- No see-through blouses or clothing.
- Pants/shorts must be worn up and over the hips and the crotch area will not be allowed to sag.
- Jeans or shorts with holes in them above the knee are not allowed. Any holes in garments above the knee must be covered with fabric. Garments with holes should not show a student’s bare skin or undergarment through the hole.
- Hats and caps must be worn correctly (not backwards, sideways, etc.)
- Contact lenses must be colored a natural eye color and cannot be shaded or shaped with unnatural eye contours or colors.

MIDDLE SCHOOL

Men

- Clean shaven at all times with sideburns no longer than the bottom of the ear lobe, and no wider than one inch.
- Hair must be neat, clean, and well groomed, off the collar, should not be longer than the bottom of the earlobe, and should not be in the student’s eyes. There must be tapering between long and short-cut sections of hair. No ponytails, mohawks, faux hawks, mullets, or spike hair allowed. Hair styles determined by the administration to be a distraction will not be permitted.
- Shirts of any kind must be tucked in. All shirts must be buttoned.
- No earring or spacers allowed. Earrings may not be placed on collars or other visible areas of dress.

Ladies

- Shirts and tops must cover the entire shoulder area and come down over the hips. No midriffs are allowed to show at any time. Shirts and tops must be buttoned and cut as to not show cleavage.
- Dresses and tops should cover the back.

- Dresses and skirts must come to 3 inches of the knee.
- No form-fitting apparel, apart from denim jeans with pockets. Yoga pants, tights, and jeggings are not permitted unless they are worn with a dress code-appropriate shirt/blouse that comes to fingertip length at the shortest part of the garment.

All Students

- Hair color shall not be of an unnatural nature and with no inappropriate or distracting variations. Hairstyle determined by the administration to be a distraction will not be permitted.
- No forms of body piercings other than girls who wear earrings. Visible tape or other coverings of piercing will not be allowed to be worn during the school day.
- Gauges nor any other such device used to enlarge holes in the earlobe, or any other part of the skin may be worn.
- No chains or other items that do not conform to general dress will be allowed.
- No sunglasses or hats worn in the building.
- Items that depict, describe, or suggest vulgarity, gangs, drug abuse, or advertise alcohol or tobacco products will not be allowed.
- Students are required to wear shoes but not plastic or rubber flip flops. A flip flop is a shoe that has as its only strap, one that fits between the toes. Students may not wear “slides” or similar footwear. Certain leather sandals may fit the description of a flip flop. Therefore, when in question, a student should check with the principal on the appropriateness of the sandal.
- No P.E. or athletic shorts are allowed. School appropriate shorts must have a button and zipper closure and belt loops. Shorts that are worn within 4 inches of the knee are allowed each day as a student choice.
- No visible tattoos.
- No see-through blouses or clothing.
- Pants/shorts must be worn up and over the hips and the crotch area will not be allowed to sag.
- Jeans or shorts with holes in them above the knee are not allowed. Any holes in garments above the knee must be covered with fabric. Garments with holes should not show a student’s bare skin or undergarment through the hole.
- Hats and caps must be worn correctly (not backwards, sideways, etc.)
- Contact lenses must be colored a natural eye color and cannot be shaded or shaped with unnatural eye contours or colors.

HIGH SCHOOL

Men

- Clean shaven at all times with sideburns no longer than the bottom of the ear lobe, and no wider than one inch.
- Hair must be neat, clean, and well groomed, off the collar, should not be longer than the bottom of the earlobe, and should not be in the student’s eyes. There must be tapering between long and short-cut sections of hair. No ponytails, mohawks, faux hawks, mullets, or spike hair allowed. Hair styles determined by the administration to be a distraction will not be permitted.
- Shirts of any kind must be tucked in. All shirts must be buttoned.
- No earrings or spacers allowed. Earrings may not be placed on collars or other visible areas of dress.

Ladies

- Shirts and tops must cover the entire shoulder area and come down over the hips. No midriffs are allowed to show at any time. Shirts and tops must be buttoned and cut as to not show cleavage.

- Dresses and tops should cover the back.
- Dresses and skirts must come to 3 inches of the knee.
- No form-fitting apparel, apart from denim jeans with pockets. Yoga pants, tights, and jeggings are not permitted unless they are worn with a dress code-appropriate shirt/blouse that comes to fingertip length at the shortest part of the garment.

All Students

- Hair color shall not be of an unnatural nature and with no inappropriate or distracting variations. Hairstyle determined by the administration to be a distraction will not be permitted.
- No forms of body piercings other than girls who wear earring. Visible tape or other coverings of piercing will not be allowed to be worn during the school day.
- Gauges nor any other such device used to enlarge holes in the earlobe or any other part of the skin may be worn.
- No chains or other items that do not conform to general dress will be allowed.
- No sunglasses or hats worn in the building.
- Items that depict, describe, or suggest vulgarity, gangs, drug abuse, or advertise alcohol or tobacco products will not be allowed.
- Students are required to wear shoes but not plastic or rubber flip flops. A flip flop is a shoe that has as its only strap, one that fits between the toes. Students may not wear “slides” or similar footwear. Certain leather sandals may fit the description of a flip flop. Therefore, when in question, a student should check with the principal on the appropriateness of the sandal.
- No P.E. or athletic shorts are allowed. School appropriate shorts must have a button and zipper closure and belt loops. School appropriate shorts that are worn within 4 inches of the knee are allowed each day as a student choice.
- No visible tattoos.
- No see-through blouses or clothing.
- Pants/shorts must be worn up and over the hips and the crotch area will not be allowed to sag.
- Jeans or shorts with holes in them above the knee are not allowed. Any holes in garments above the knee must be covered with fabric. Garments with holes should not show a student’s bare skin or undergarment through the hole.
- Hats and caps must be worn correctly (not backwards, sideways, etc.)
- Contact lenses must be colored a natural eye color and cannot be shaded or shaped with unnatural eye contours or colors.

ALL STUDENTS

Students should remember that any time they are expected to travel on field trips, attend extracurricular activities, or any other school sponsored trip or activity, they will have to conform to a dress code specified by the principal, teacher, or coach.

A student should remember that, before wearing something that might be questionable, check with the principal. The principal is the final authority on all dress code issues.

If the principal determines that a student’s grooming or clothing violates the school’s dress code, the student will be given an opportunity to correct the problem at school and return to the classroom. If the problem cannot be corrected at school, the principal will work with the student and parent to obtain an acceptable change of clothing for the student in a way that minimizes loss of instructional time.

Repeated or severe offenses may result in more serious disciplinary action in accordance with the Student Code of

Conduct.

PROM DRESS CODE

Men

- No earrings.
- Clean shaven.
- Hair color shall not be on an unnatural nature with no inappropriate or distracting variations.
- Formal wear only – Tuxedo wear or semi-formal coat and tie and slacks. No colored jeans or denim. No t-shirts.
- No tennis shoes or the like. No sandals. Dress shoes or forma shoes only.
- No visible tattoos.
- No sunglasses.

Ladies

- Shoulders and/or mid-back may be bare; front bodice must be cut straight so as not to bare cleavage.
- No cut-out areas on dress (i.e. stomach area, under arms extended or any area except for shoulder or mid-back).
- Dress slit no further up thigh than fingertips extended.
- Formal wear only. No tennis shoes or the like. No sandals except for dress sandals.
- Hair color shall not be of an unnatural nature with no inappropriate or distracting variations.
- No visible tattoos.
- No sunglasses.

DRESS CODE – BANQUETS AND SPECIAL SCHOOL AFFAIRS

The general school dress code is still in effect for most attire except for the fact that these occasions are considered “semi-formal” events. Students should check with sponsors or principal as to the approved attire for these events.

Students and parents at all grade levels should understand that because of our changing styles and fashions, it may become necessary for the principal to make changes in current dress code requirements. These changes may take place at any time during the school year. Any changes that occur will always reflect the high standards and expectations of our school community.

If the principal determines that a student’s grooming or clothing violates the school’s dress code, the student will be given an opportunity to correct the problem at school and return to the classroom. If the problem cannot be corrected at school, the principal will work with the student and parent to obtain an acceptable change of clothing for the student in a way that minimizes loss of instructional time.

Repeated or severe offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

Dual Credit Courses (High School Only)

Dual Credit English/Language Arts

Junior Level Class Requirements:

The student must meet 2 of the 4 criteria to be eligible:

1. 23 on the ACT test or SAT Equivalent with a 19 or higher in English and Reading or 280 on English portion of

PSAT.

2. Class rank in the top 30%.
3. A final grade of 92 or better in English II.
4. Level III Advanced performance on the End of Course English II exam.

Senior Level Class Requirements:

1. The student must meet 2 of the 4 criteria to be eligible:
2. 23 on the ACT or SAT Equivalent with a 19 or higher in English and Reading.
3. Class rank in the top 50%.
4. A final grade of 90 or better in English III.
5. 4100 or above on the End of Course English II exam.

Dual Credit Math

The student must be:

1. A senior.
2. TSI compliant.
3. Recommended by teacher.
4. Algebra II grade of 80 or above.

Dual Credit History or Government/Economics

The student must have:

1. Satisfactory grades in previous year history – 90 or above in Wall ISD history or 80 or above in previous dual credit history.
2. 4000 on English II End of Course exam.

Students must be on the Recommended or Distinguished Achievement graduation plan to participate in the dual credit program.

For students participating in the Concurrent Enrollment and or the dual credit program the following conversions will be used when the Alpha Grading System grades are issued by the professor or another school.

A-95
B-85
C-75
D-65
F-55

Wall High School will follow the grade recommendation of the college when credit is given for course completion.

Electronic Devices and Technology Resources (All Grade Levels)

Safe Use of Technology

The district is committed to ensuring that students use technology safely and will follow all federal and state requirements to protect students from excessive data collection or materials that are considered harmful to minors. The district considers parents as partners in cybersecurity and online safety.

In accordance with state and federal law, the district will:

- Install a filter that blocks and prohibits pornographic or obscene materials or applications, including from unsolicited pop-ups, installations, and downloads, before transferring an electronic device to a student to be used for an educational purpose
- Block or filter students' internet access to pictures that are obscene, contain child pornography, or have been determined to be harmful to minors in accordance with the Children's Internet Protection Act (CIPA)

- Require direct and informed parental consent for a student’s use of software, other than software excluded from the consent requirement by law [See **Required State Assessments** and **Standardized Testing**.]
- Require direct and informed parental consent for a student’s use of software that conducts mental health assessments or other assessments unrelated to education curricula that are intended to collect information about students [See **Consent to Conduct a Psychological Evaluation**.]

If you want to know more about partnering with the district regarding cybersecurity and online safety, or if you have complaints or concern about student use of electronic devices, please contact the campus principal.

[See **Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)**.]

Possession and Use of Personal Telecommunications Devices, Including Cell Phones, and Other Electronic Devices

ELEMENTARY

- Students must have cell phones turned off when entering the building. Elementary students will turn phones/electronic devices into the teacher. The classroom teacher will show students where the cell phone storage area is located. Any cell phone or electronic device that goes off during the day, will result in a cell phone violation as follows:
 - **1st Offense** - \$15.00 fine or the phone will be held in the office for 5 days. Phone will be released to student following payment of fine or after 5 days.
 - **2nd Offense** - \$15.00 or the phone will be held in the office for 10 days. Phone will be released to student following payment of fine or after 10 days.
 - **3rd Offense** - Phone will be held in office for 30 days. Phone will be released to parent after 30 days.

MIDDLE SCHOOL

- **1st Offense** - \$15.00 fine or the phone will be held in the office for 5 days. Student will receive 1 detention. Phone will be released to student following payment of fine or after 5 days.
- **2nd Offense** - \$15.00 or the phone will be held in the office for 10 days. Student will receive a detention. Phone will be released to student following payment of fine or after 10 days.
- **3rd Offense** - Phone will be held in office for 30 days. Phone will be released to parent after 30 days.

HIGH SCHOOL

Students must have cell phones turned off and not on their person during the school day. Phones should be left in student lockers or vehicle during day. In some circumstances, teachers may allow students to bring cell phones to class to use on a project or assignment. However, it will be up to students to turn cell phone off and put it back in their locker following this class. Any cell phone or electronic device that is confiscated will result in a cell phone violation as follows:

- **1st Offense** - \$15.00 fine or the phone will be held in the office for 5 days. Student will receive 1 detention. Phone will be released to student following payment of fine or after 5 days.
- **2nd Offense** - \$15.00 or the phone will be held in the office for 10 days. Student will receive a detention. Phone will be released to student following payment of fine or after 10 days.
- **3rd Offense** - Phone will be held in office for 30 days. Phone will be released to parent after 30 days.

The district permits students to possess personal cell phones for safety purposes; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for

approved instructional purposes. [See **Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials** on page 172 for graphing calculator applications on computing devices.]

A student must have approval to possess other personal telecommunications devices on campus such as laptops, tablets, or other portable computers.

Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

The use of cell phones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated.

Confiscated telecommunications devices that are not retrieved by the student or the student's parent will be disposed of after the notice required by law. [See policy FNCE for more information.]

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel. [See **Searches** on page 164 and policy FNF for more information.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

Instructional Use of Personal Telecommunications and Other Electronic Devices

Students must obtain prior approval to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook).

All personal devices must be turned off during the instructional day when not in use for approved instructional purposes. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Acceptable Use of District Technology Resources

District-owned technology resources may be issued to individual students for instructional purposes. Use of the district's network systems and equipment is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources.

Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether on district-owned or personally owned equipment, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content — commonly referred to as "sexting" — will be disciplined in accordance with the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement.

This type of behavior may constitute bullying or harassment, as well as impede future endeavors of a student. We encourage parents to review with their child the "[Before You Text" Sexting Prevention Course](https://txssc.txstate.edu/tools/courses/before-you-text/) (<https://txssc.txstate.edu/tools/courses/before-you-text/>), a state-developed program that addresses the consequences of sexting.

In accordance with state law, the district prohibits the installation or use of TikTok (or any successor application or service) on a district device, along with any other social media application or service determined by the governor.

Any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct. In some cases, the consequence may be expulsion.

Emergent Bilingual Students (All Grade Levels)

A student who is an emergent bilingual student is entitled to receive specialized services from the district. A Language Proficiency Assessment Committee (LPAC), consisting of both district personnel and at least one parent representative, will determine whether the student qualifies for services. The student's parent must consent to any services recommended by the LPAC. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

To determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English.

Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at **Standardized Testing** on page 167, may be administered to an emergent bilingual student up to grade 5. In limited circumstances, a student's LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to emergent bilingual students who qualify for services.

If a student is considered an emergent bilingual student and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

Extracurricular Activities, Clubs, and Organizations (All Grade Levels)

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships.

Some extracurricular activities may include off-campus events. Students are required to use transportation provided by the district to and from the events. Exceptions may only be made with the approval of the activity's coach or sponsor. [See **Transportation** on page 173.]

Eligibility for many of these activities is governed by state law and the rules of the University Interscholastic League (UIL), a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students and parents can access the [UIL Parent Information Manual](https://www.uil texas.org/athletics/manuals) (<https://www.uil texas.org/athletics/manuals>) online. A hard copy can be provided by the coach or sponsor of the activity on request.

To report alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or curriculum@tea.texas.gov.

[See [UIL Texas \(https://www.uiltexas.org/\)](https://www.uiltexas.org/) for additional information on all UIL- governed activities.]

Generally, a student who receives a grade below 70 at the end of a grading period in any academic class may not participate in extracurricular activities for at least three school weeks.

However, if a student receives a grade below 70 at the end of a grading period in an Advanced Placement (AP) or International Baccalaureate (IB), honors, or dual credit course in English language arts, mathematics, science, social studies, economics, or languages other than English, the student remains eligible for participation in all extracurricular activities.

In addition, the following applies to all extracurricular activities:

- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse but may not participate in any competitive activity.
- An absence for participation in an activity that has not been approved will be considered an unexcused absence.

Standards of Behavior

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior — including consequences for misbehavior — that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior.

Fees (All Grade Levels)

Basic educational program materials are provided at no charge to a student. However, a student is expected to provide his or her own supplies, such as pencils, paper, erasers, and notebooks. A student may also be required to pay certain other costs, fees, or deposits, including:

- Materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations.
- Admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, and the like.
- Voluntarily purchased student health and accident insurance.
- Musical instrument rental and uniform maintenance when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles** on page 173.]
- A maximum fee of \$50 for an educational program outside of regular school hours for a student who has

lost credit or has not been awarded a final grade because of absences and whose parent chooses the program for the student to meet the 90 percent attendance requirements. The fee will be charged only if the parent or guardian signs a district-provided request form.

- In some cases, a fee for a course taken through the Texas Virtual School Network (TXVSN).

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the campus principal. [See policy FP for more information.]

Fundraising (All Grade Levels)

Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [See policies FJ and GE for more information.]

Fundraising (High School)

No student will engage in fundraising projects without first securing the approval of the sponsor and the principal. Students are discouraged from using school time for fundraising activities.

The following guidelines will prevail for class fundraising:

1. Fundraising is defined as being sales of items or solicitation of funds from others while a member of any school group under the direction of Wall School employees. Concession stand operation and program sales do not count as a fundraising project.
2. The freshman and sophomore classes will be allowed a maximum of one (1) fundraising activity per school year.
3. The junior class will be allowed a maximum of two (2) fundraising activities during the school year with the entire proceeds of this and all previous fundraising activities applied toward junior-senior Prom activities. Any excess fund will be carried forward to the senior year.
4. The senior class will be allowed one (1) fundraising activity with the proceeds to be used for graduation expenses and any of the following based on the amount of fund available:
 - a. A one-day trip to Six Flags or comparable event.
 - b. Set aside (not to exceed \$200) an amount for future class reunions. Any remaining fund will become property of Wall High School.
5. Organizations within the school will be allowed one fundraising activity per school year. This includes all sub-units within the organization.
6. All proceeds from fundraising activities will be managed and accounted for by the school sponsors and students of that class or organization.
7. Senior classes cannot organize a senior trip during school time, raise funds for a senior trip, or use the name "Wall" in conjunction with the organization of a senior trip (except for the one-day trip to Six Flags or comparable event).

Gang-Free Zones (All Grade Levels)

Certain criminal offenses, including gang-related crimes, will be enhanced to the next-highest category of offense if they are committed in a gang-free zone. Gang-free zones include a school bus and any location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

Gender-Based Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 77.]

Grade-Level Classification (Grades 9-12 Only)

After grade 9, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
5	Grade 10 (Sophomore)
10	Grade 11 (Junior)
15	Grade 12 (Senior)

Grading Guidelines (All Grade Levels)

Approved grading guidelines for each grade level or course will be communicated to students and their parents by the classroom teacher. These guidelines establish:

- The minimum number of assignments, projects, and examinations required for each grading period
- How the student's mastery of concepts and achievement will be communicated (for example, letter grades, numerical averages, checklist of required skills, and the like)
- Circumstances under which a student will be allowed to redo an assignment or retake an examination the student originally failed
- Procedures for a student to follow after an absence

Administrators and teachers will determine when extenuating circumstances deem it necessary for individual students to redo or correct assignments for any reason. It may also be determined necessary for opportunity for class assessments to be redone or corrected based on a variety of circumstances. Opportunity to redo or correct assignments based on lack of student preparation, student completion or work, etc. will not be allowed unless deemed appropriate by the teacher.

The minimum number of grades in a class may be reduced in a grade reporting period for certain circumstances. These circumstances may include, but are not limited to a shortened six weeks grading period, projects that limit assignments during a grading period, etc. Teachers will make this determination to benefit the class as a whole and will communicate such changes to the students when it occurs.

The District shall issue grad reports/report cards every six weeks, or every nine weeks for Kindergarten, on a form approved by the Superintendent or designee.

Graduation (Secondary Grade Levels Only)

Requirements for a Diploma

A student must meet the following requirements to receive a high school diploma from the district:

- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law
- Complete the required number of credits established by the state and any additional credits required by the district
- Complete any locally required courses in addition to the courses mandated by the state
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE)
- Complete and submit a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA)

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments:

- English I

- English II
- Algebra I
- Biology
- U.S. History

A student who does not achieve a sufficient score will have opportunities to retake an assessment. State law allows a student to meet EOC requirements by substituting satisfactory performance on approved national standardized assessments or on the state-developed assessment used for entrance into Texas public universities. [See the school counselor for more information on the state testing requirements for graduation.]

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation in the applicable content area. This may require the student's participation outside normal school operating times.

In limited circumstances, a student who fails to demonstrate proficiency on up to two of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[See **Standardized Testing** on page 167.]

Foundation Graduation Program

Every Texas public school student will graduate under the foundation graduation program. The foundation graduation program features endorsements, which are paths of interest that include:

- Science, Technology, Engineering, and Mathematics (STEM)
- Business and Industry
- Public Service
- Arts and Humanities
- Multidisciplinary Studies

Endorsements earned by a student will be noted on the student's transcript.

A student can complete the foundation graduation program with a "distinguished level of achievement," which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits.

A **Personal Graduation Plan** will be completed for each high school student, as described on page 104. State law generally prohibits a student from graduating solely under the foundation graduation program without an endorsement. However, after the student's sophomore year, the student and student's parent may request that the student graduate without an endorsement. The district will advise the student and the student's parent of the specific benefits of graduating with an endorsement. The student and the student's parent must then submit written permission to the school counselor for the student to graduate without an endorsement.

A student who wishes to attend a four-year university or college after graduation must carefully consider whether graduation under the foundation program without an endorsement will satisfy the admission requirements of the student's desired college or university.

A student graduating under the foundation graduation program can also earn performance acknowledgments on his or her transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP or IB examination, on certain national college preparatory and readiness or college entrance examinations, or for earning a license or certificate recognized at the state, national, or international level. The school counselor can provide more information about these acknowledgments.

A student is not required to complete an Algebra II course to graduate under the foundation graduation program, and the district will annually notify a student's parent of this fact. However, not taking Algebra II will make a student ineligible for automatic admission to four-year public universities and colleges in Texas and for certain financial aid and grants while attending those institutions.

A school district will permit a student to satisfy the curriculum requirements for graduation under the foundation program with the distinguished level of achievement, including an endorsement, by successfully completing courses in the core curriculum of a public Texas institution of higher education. Please see your counselor for more information.

Credits Required

The foundation graduation program requires completion of the following credits:

Course Area	Number of Credits: Foundation Graduation Program	Number of Credits: Foundation Graduation Program with an Endorsement
English/Language Arts	4	4
Mathematics	3	4
Science	3	4
Social Studies	3	3
Physical Education	1	1
Languages other than English	2	2
Fine Arts	1	1
Electives	5	7
Total	22 credits	26 credits

Additional considerations apply in some course areas, including:

- **Mathematics:** To obtain the distinguished level of achievement under the foundation graduation program, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits. A student's completion of the distinguished level of achievement is a requirement to be considered for automatic admission to a Texas four-year college or university and will be included on a student's transcript.
- **Physical education:** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student's ARD committee, Section 504 committee, or other campus committee, as applicable.
- **Languages other than English:** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits.

A student may satisfy one of the 2 required credits by successfully completing in elementary school a dual language immersion program or a course in American Sign Language.

In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

Available Endorsements

A student must specify upon entering grade 9 which endorsement he or she wishes to pursue.

- Science, technology, engineering, and mathematics
- Business and industry
- Public services
- Arts and humanities
- Multidisciplinary studies

Financial Aid Application Requirement

Before graduating from high school, each student must complete and submit an application for financial aid for post-secondary education. Students must complete and submit either a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA).

A student is not required to complete and submit a FAFSA or TASFA if:

- The student's parent submits a form provided by the district indicating that the parent authorizes the student to opt out;
- A student who is 18 years of age or older or a legally independent minor submits a form provided by the district indicating that the student opts out; or
- A school counselor authorizes the student to opt out for good cause. Please contact the school counselor for more information.

To confirm that a student has completed and submitted a TASFA, the student must submit one of the following:

- A screenshot that includes the processed date field of the FAFSA ApplyTexas Counselor Suite
- Notification, such as a copy of an email, from the United States Department of Education verifying completion of the FAFSA
- A copy or screenshot of the FAFSA acknowledgment page
- A screenshot of the TASFA submission acknowledgment page (from those institutions that offer an electronic form)
- An acknowledgment receipt from an institution of higher education (IHE)
- A copy of a financial aid award letter from an IHE

Personal Graduation Plans

A personal graduation plan will be developed for each high school student.

The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement is a requirement for a student to be considered for automatic admission to a public four-year college or university in Texas, depending on his or her rank in class.

The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that promotes college and workforce readiness, promotes career placement and advancement, and facilitates the transition from secondary to postsecondary education.

The student's personal graduation plan will outline an appropriate course sequence based on the student's choice

of endorsement.

Please review [TEA's Graduation Toolkit \(https://tea.texas.gov/about-tea/news-and-multimedia/brochures/tea-brochures\)](https://tea.texas.gov/about-tea/news-and-multimedia/brochures/tea-brochures).

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

Available Course Options for All Graduation Programs

Each spring, the district will update students on the courses required or offered in each curriculum area so students can enroll for the upcoming school year.

Note: The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for a course in the required curriculum other than fine arts or career and technical education (CTE), the district will offer the course the following year either by teleconference or at the school from which the transfers were requested.

Certificates of Coursework Completion

A certificate of coursework completion will be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students who receive a certificate of coursework completion will not be allowed to participate in commencement activities or ceremonies.

Students with Disabilities

Admission, review, and dismissal (ARD) committees will make instructional and assessment decisions for students with disabilities who receive special education services in accordance with state law.

Upon the recommendation of the ARD committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP) and in accordance with state rules.

A student who receives special education services may earn an endorsement under the foundation program. If the student's curriculum requirements for the endorsement were modified, the student's ARD committee will determine whether the modified curriculum is sufficiently rigorous to earn the endorsement. The ARD committee must also determine whether the student must perform satisfactorily on any end-of-course assessment to earn an endorsement.

A student who receives special education services and has completed four years of high school but has not met the requirements of his or her IEP may participate in graduation ceremonies and receive a certificate of attendance. The student may then remain enrolled to complete the IEP and earn his or her high school diploma but will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL) for more information.]

Graduation Ceremony

Proper behavior is expected from Wall High School students at all times. Graduates are reminded that they are subject to the same rules and regulations while on school property or participating in any school activity. WHS has

a reputation for outstanding commencement ceremonies. Proper behavior and decorum is expected at all times. Graduates are expected to take pride in continuing this tradition and honor this special occasion. A student who decides to do something that is inappropriate or draws attention to themselves will not receive a diploma or transcript. The principal will hold the graduate's diploma and/or transcript until he/she has met with the principal and completed community service hours or similar punishment.

Students who have met coursework requirements for graduation but have not yet demonstrated satisfactory performance on end-of-course assessments or been declared eligible to graduate by an individual graduation committee, if applicable, will be allowed to participate in graduation activities. Keep in mind that participating in the ceremonies is not the same as graduating. Ultimately, the final awarding of a diploma will be contingent upon the student's completion of all applicable requirements for graduation.

Students who are eligible to graduate but are assigned to a disciplinary alternative education program at the end of the school year *will not be* allowed to participate in the graduation ceremony and related graduation activities.

Graduation Speakers

Certain graduating students will be given an opportunity to speak at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[See the Student Code of Conduct and policy FNA(LOCAL) for more information.]

[See **Student Speakers** on page [170](#) for student speakers at other school events.]

Graduation Expenses

Because students and parents will incur expenses to participate in the traditions of graduation — such as the purchase of invitations, senior ring, cap and gown, and senior picture — both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Fees** on page [94](#).]

Scholarships and Grants

Students who have a financial need according to federal criteria and who complete the foundation graduation program may be eligible under the TEXAS Grant Program, Teach for Texas Grant Program, and Future Texas Teachers Scholarship Program for scholarships and grants toward tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions. Certain students who graduate early may also be eligible for the Texas First Scholarship Program.

See **College and University Admissions and Financial Aid (All Grade Levels)** on page [63](#) for more information. Contact the school counselor for information about other scholarships and grants available to students.

Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page [77](#).]

Hazing (All Grade Levels)

Hazing is defined as an intentional, knowing, or reckless act, on or off campus, by one person alone or acting with others, directed against a student for the purpose of pledging, initiation into, affiliation with, holding office in, or maintaining membership in a student organization if the act meets the elements in Education Code 37.151,

including:

- Any type of physical brutality
- An activity that subjects the student to an unreasonable risk of harm or that adversely affects the student's mental or physical health, such as sleep deprivation, exposure to the elements, confinement to small spaces, calisthenics, or consumption of food, liquids, drugs, or other substances
- An activity that induces, causes, or requires the student to perform a duty or task that violates the Penal Code
- Coercing a student to consume a drug or alcoholic beverage in an amount that would lead a reasonable person to believe the student is intoxicated

The district will not tolerate hazing. Disciplinary consequences for hazing will be in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal, superintendent, **or law enforcement official**.

[See **Bullying** on page [51](#) and policies FFI and FNCC for more information.]

Health — Physical and Mental

Illness (All Grade Levels)

When your child is ill, please contact the school to let us know he or she will not be attending that day. State rules require schools to exclude students with certain illnesses from school for certain periods of time. For example, if a child has a fever over 100 degrees, he or she must stay out of school until fever-free for 24 hours without use of fever-reducing medications. Students with diarrheal illnesses must stay home until they are diarrhea-free without use of diarrhea-suppressing medications for 24 hours.

A full list of conditions for which the school must exclude children can be obtained from the school nurse. If a student becomes ill during the school day and the school nurse determines that the child should go home, the nurse will contact the parent.

The district is required to report certain contagious (communicable) diseases or illnesses to the Department of State Health Services (DSHS) or our local/regional health authority. The school nurse can provide information from DSHS on these notifiable conditions.

The school nurse is available to answer any questions for parents who are concerned about whether or not their child should stay home.

Immunization (All Grade Levels)

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized.

For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. You may access the [DSHS exemption form](https://www.dshs.texas.gov/immunization-unit/texas-school-child-care-facility-immunization/texas-immunization-exemptions) (<https://www.dshs.texas.gov/immunization-unit/texas-school-child-care-facility-immunization/texas-immunization-exemptions>) online or by writing to this address:

Texas Department of State Health Services Immunization Section, Mail Code 1946
P.O. Box 149347
Austin, Texas 78714-9347

The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for

each student.

The immunizations required are:

- Diphtheria, tetanus, and pertussis
- Polio
- Measles, mumps, and rubella
- Hepatitis B
- Varicella (chicken pox)
- Meningococcal
- Hepatitis A

The school nurse can provide information on immunization requirements. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

For information on immunization against bacterial meningitis and college enrollment and attendance, see **Bacterial Meningitis** on page [126](#).

[See the DSHS's [Texas School & Child Care Facility Immunization Requirements](https://www.dshs.texas.gov/immunization-unit/texas-school-child-care-facility-immunization) (<https://www.dshs.texas.gov/immunization-unit/texas-school-child-care-facility-immunization>) and policy

FFAB(LEGAL) for more information.]

Lice (All Grade Levels)

Head lice is very common among children. Although not an illness or a disease, head lice spread through head-to-head contact during play, sports, nap time, and when children share things like brushes, combs, hats, and headphones.

The district does not require or recommend that students be removed from school because of lice or nits.

If careful observation indicates that a student has head lice, the school nurse will contact the student's parent to discuss a treatment plan using an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student undergoes one treatment, the parent should contact the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments, how best to get rid of lice, and how to prevent lice from returning.

The district will provide notice to parents of elementary school students in an affected classroom without identifying the student with lice.

More information on head lice can be obtained from the DSHS website [Managing Head Lice in School Settings and at Home](https://www.dshs.texas.gov/texas-school-health/skilled-procedures-texas-school-health/managing-head-lice-school) (<https://www.dshs.texas.gov/texas-school-health/skilled-procedures-texas-school-health/managing-head-lice-school>) and from the Centers for Disease Control and Prevention's website [Head Lice Information for Parents](https://www.cdc.gov/parasites/lice/head/parents.html) (<https://www.cdc.gov/parasites/lice/head/parents.html>).

[See policy FFAA for more information.]

Medicine at School (All Grade Levels)

If a student must take medication during school hours, the student's parent must provide the medication. All medication, whether prescription or nonprescription, must be kept in the nurse's office and be administered by the nurse or another authorized district employee. A student may be authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student. In accordance with policy FFAC, authorized employees may administer:

- Prescription medication in the original, properly labeled container, provided by the parent along with a written request.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container provided by the parent along with a written request.
- Nonprescription medication in the original, properly labeled container, provided by the parent along with a written request. **Note:** Insect repellent is considered a nonprescription medication.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

An elementary or secondary student may possess and self-apply sunscreen to avoid overexposure to the sun. An elementary student's teacher or other district personnel will apply sunscreen to the student's exposed skin if the student brings the sunscreen to school and asks for help applying it. If a secondary student needs assistance with sunscreen application, please address the need with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

Asthma and Severe Allergic Reactions

A student with asthma or severe allergic reaction (anaphylaxis) may possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her health-care provider and the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

See also **Food Allergies** on page [127](#).

Unassigned Epinephrine Auto-injectors

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized school personnel who have been adequately trained to administer an unassigned epinephrine auto-injector to a person who is reasonably believed to be experiencing a severe allergic reaction (anaphylaxis). An "unassigned epinephrine auto-injector" is an epinephrine auto-injector prescribed by an authorized health-care provider in the name of the school issued with a non-patient-specific standing delegation order for the administration of an epinephrine auto-injector.

Epinephrine auto-injectors include brand-name devices such as EpiPens®.

Authorized and trained individuals may administer an epinephrine auto-injector at any time to a person experiencing anaphylaxis on a school campus.

The district will ensure that at each campus a sufficient number of school personnel are trained to administer epinephrine so that at least one trained individual is present on campus during regular school hours and whenever school personnel are physically on site for school- sponsored activities.

Authorized and trained individuals may administer an unassigned epinephrine auto-injector to a person experiencing anaphylaxis *at an off-campus school event or while in transit to or from a school event* when an unassigned epinephrine auto-injector is available.

For additional information, see FFAC(LOCAL).

Unassigned Medication for Respiratory Distress

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized and trained school personnel to administer a medication for respiratory distress on a school campus or at a school-related activity to a person reasonably believed to be experiencing symptoms of respiratory distress.

The district will provide at each campus *school personnel* who are trained to administer prescription medication for respiratory distress during regular school hours.

“Unassigned medication for respiratory distress” means albuterol, levalbuterol, or another medication designated by the executive commission of the Health and Human Services Commission for treatment of respiratory distress, prescribed by an authorized health-care provider in the name of the district with a non-patient-specific standing delegation order for the administration of a medication for respiratory distress, and issued by an authorized health-care provider.

For additional information, see FFAC(LOCAL).

Unassigned Opioid Antagonists (Secondary Grade Levels Only)

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized and trained [*school personnel and/or school volunteers*] at each campus that serves students in grades 6-12 to administer an opioid antagonist, such as Narcan or Naloxone, to an individual who is reasonably believed to be experiencing an opioid-related drug overdose.

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized and trained school personnel at each campus to administer an opioid antagonist, such as Narcan or Naloxone, to an individual who is reasonably believed to be experiencing an opioid-related drug overdose.

One or more authorized and trained individuals will be present on each campus subject to this policy during regular school hours.

Steroids (Secondary Grade Levels Only)

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for physician- prescribed medical use only.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Mental Health Support (All Grade Levels)

The district has implemented programs to address the following mental health, behavioral health, and substance abuse concerns:

- Mental health promotion and early intervention
- Building skills to manage emotions, establish and maintain positive relationships, and engage in responsible decision-making
- Substance abuse prevention and intervention
- Suicide prevention, intervention, and postvention (interventions after a suicide in a community)
- Grief, trauma, and trauma-informed care
- Positive behavior interventions and supports
- Positive youth development
- Safe, supportive, and positive school climates

If a student has been hospitalized or placed in residential treatment for a mental health condition or substance abuse, the district has procedures to support the student's return to school. Please contact the district's mental health liaison for further information.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication that is intended to alter perception, emotion, mood, or behavior.

A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [See policy FFEB for more information.]

For related information, see:

- **Consent to Conduct a Psychological Evaluation** on page [4](#) and **Consent to Provide a Mental Health Care Service** on page [7](#) for the district's procedures for recommending a mental health intervention and the mental health liaison's contact information;
- **Counseling** on page [71](#) for the district's comprehensive school counseling program;
- **Physical and Mental Health Resources** on page [129](#) for campus and community mental and physical health resources; and
- **Policies and Procedures that Promote Student Physical and Mental Health** on page [130](#) for board-adopted policies and administrative procedures that promote student health.

Physical Activity Requirements

Elementary School

The district will ensure that students in full-day kindergarten-grade 4 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week, in accordance with policies at EHAB, EHAC, EHBG, and FFA.

For additional information on the district's elementary school student physical activity programs and requirements, please see the principal.

Junior High/Middle School

The district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters, in accordance with policies at EHAB, EHAC, EHBG, and FFA.

For additional information on the district's junior high and middle school student physical activity programs and requirements, please see the principal.

Temporary Restriction from Participation in Physical Education

Students who are temporarily restricted from participation in physical education will not actively participate in skill demonstration but will remain in class to learn the concepts of the lessons.

Physical Fitness Assessment (Grades 3-12)

Annually, the district will conduct a physical fitness assessment of students in grades 3-12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to obtain the results of his or her child's physical fitness assessment conducted during the school year by contacting the campus main office.

Physical Health Screenings/Examinations*Athletics Participation (Secondary Grade Levels Only)*

For certain extracurricular activities, a student must submit certification from an authorized health-care provider. The certification must state that the student has been examined and is physically able to participate in the relevant program, including:

- A district athletics program
- District marching band
- Any district extracurricular program identified by the superintendent

This examination is required in the first year of middle school competition and the first and third years of high school competition. During the alternate years, the student must complete a medical appraisal form, and the results of this appraisal may prompt the district to require a physical examination.

Students should be aware of the rare possibility of sudden cardiac arrest, which in athletes is usually caused by a previously unsuspected heart disease or disorder. A student may request an electrocardiogram (ECG or EKG) to screen for such disorders, in addition to his or her required physical examination.

See the UIL's explanation of [sudden cardiac arrest](https://www.uiltexas.org/health/info/sudden-cardiac-death) (<https://www.uiltexas.org/health/info/sudden-cardiac-death>) for more information.

Spinal Screening Program

School-based spinal screening helps identify adolescents with abnormal spinal curvature at an early stage when the curve is mild and may go unnoticed.

Early detection is key to controlling spinal deformities. Spinal screening is non-invasive and conducted in accordance with the most recent nationally accepted and peer-reviewed standards.

All students who meet the Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. As appropriate, students will be referred for follow-up with their physician.

For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, contact the superintendent or see policy FFAA(LEGAL).

Other Examinations and Screenings (All Grade Levels)

Students are required to undergo a risk assessment for Type 2 diabetes at the same time the district screens students for hearing and vision issues or for abnormal spinal curvatures.

[See policy FFAA for more information.]

Special Health Concerns (All Grade Levels)

Bacterial Meningitis (All Grade Levels)

State law requires the district to provide information about bacterial meningitis:

What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases, it can be fatal or a person may be left with a permanent disability.

How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

How can bacterial meningitis be prevented?

Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. It's a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis. The vaccines are safe and effective (85-90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional

Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the websites for the Centers for Disease Control and Prevention, particularly the CDC's information on bacterial meningitis, and the Texas Department of State Health Services.

Note: Entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

[See **Immunization** on page [111](#).]

Diabetes

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL) for more information.]

Food Allergies (All Grade Levels)

Parents should notify the district when a student has been diagnosed with a food allergy, especially an allergy that could result in dangerous or life-threatening reactions either by breathing, eating, or touching the particular food. It is important to disclose the food to which the student is allergic as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, based on the Texas Department of State Health Services' (DSHS) *Guidelines for the Care of Students with Food Allergies at Risk for Anaphylaxis* found on the DSHS [Allergies and Anaphylaxis](https://www.dshs.texas.gov/texas-school-health/allergies-anaphylaxis) website (<https://www.dshs.texas.gov/texas-school-health/allergies-anaphylaxis>)

When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, an individual care plan will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed by contacting the school nurse.

[See **Celebrations** on page [57](#) and policy FFAF for more information.]

Seizures (All Grade Levels)

To address the care of a student with a seizure disorder while at school or participating in a school activity, a parent may submit a seizure management and treatment plan to the district before the beginning of the school year, upon enrollment of the student, or as soon as practicable following diagnosis of a seizure disorder.

[See **A Student with Physical or Mental Impairments Protected under Section 504** on page [38](#) and contact the school nurse for more information.]

Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)

Students are prohibited from possessing or using any type of tobacco product, electronic cigarette (e-cigarette), or any other electronic vaporizing device while on school property or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies FNCD and GKA for more information.]

Health-Related Resources, Policies, and Procedures

Physical and Mental Health Resources (All Grade Levels)

Parents and students in need of assistance with physical and mental health concerns may contact the following campus and community resources:

- The elementary full-time nurse: Jennifer Wilson
- The school counselor: Jamie Glass (elementary), Kysha Tanner (Middle School), Chelsea Benson (High School)

Policies and Procedures that Promote Student Physical and Mental Health (All Grade Levels)

The district has adopted board policies that promote student physical and mental health. (LOCAL) policies on the topics below can be found in the district's policy manual, available at www.wallisd.net.

- Food and nutrition management: CO, COA, COB
- Wellness and Health Services: FFA
- Physical Examinations: FFAA
- Immunizations: FFAB
- Medical Treatment: FFAC
- Communicable Diseases: FFAD
- School-Based Health Centers: FFAE
- Care Plans: FFAF
- Crisis Intervention: FFB
- Trauma-informed Care: FFBA
- Student Support Services: FFC
- Student Safety: FFF
- Child Abuse and Neglect: FFG
- Freedom from Discrimination, Harassment, and Retaliation: the FFH series of policies
- Freedom from Bullying: FFI

In addition, the District Improvement Plan details the district's strategies to improve student performance through evidence-based practices that address physical and mental health. The district has developed administrative procedures as necessary to implement the above policies and plans.

School Health Advisory Council (SHAC) (All Grade Levels)

During the preceding school year, the district's School Health Advisory Council (SHAC) held four (4) meetings. Additional information regarding the district's SHAC is available from the elementary school nurse.

Notification of upcoming SHAC meetings will be posted at each campus administrative office at least 72 hours before the meeting. Notification of upcoming SHAC meetings, meeting minutes, and a recording of each meeting will be posted on the district website at www.wallisd.net.

[See **Consent to Human Sexuality Instruction** on page 4, **Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking** on page 6, and policies BDF and EHAA. For more information.]

Student Wellness Policy/Wellness Plan (All Grade Levels)

To encourage healthy habits in our students, the district has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement it. For questions about the content or implementation of the district's wellness policy and plan, please contact:

Mrs. Jennifer Wilson

Elementary School Nurse
(325) 651-7790

Law Enforcement Agencies (All Grade Levels)

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, including without parental consent, if necessary, if it is part of a child abuse investigation. In other circumstances, the principal will:

- Verify and record the identity of the officer or other authority and ask for an explanation of the need to question the student at school.
- Ordinarily make reasonable efforts to notify the parents, unless the interviewer raises what the principal considers to be a valid objection.
- Ordinarily be present for the questioning or interview, unless the interviewer raises what the principal considers to be a valid objection.

Students Taken into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.
- By a law enforcement officer to obtain fingerprints or photographs to establish a student's identity where the child may have engaged in conduct indicating a need for supervision, such as running away.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive from a juvenile court to take a student into custody.

Before a student is released to a legally authorized person, the principal will verify the person's identity and, to the best of his or her ability, will verify the person's authority to take custody of the student.

The principal will immediately notify the superintendent and will attempt to notify the parent, unless the legally authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a legally authorized person, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors that occur in school, on school property, or at a school-sponsored or school-related activity on or off school property. These personnel will also be notified if the principal has reasonable grounds to believe the student has engaged in certain conduct.

- All appropriate district personnel regarding a student who is required to register as a sex offender.

[See policy GRAA(LEGAL) for more information.]

Leaving Campus (All Grade Levels)

Student attendance is crucial. Appointments should be scheduled outside of school hours if possible. Except for extenuating circumstances, students will not regularly be released before the end of the school day.

Parental consent is required before any student leaves campus for any part of the school day.

For students in elementary and middle school, a parent or authorized adult must come to the office and show identification to sign the student out. A campus representative will ask the student to report to the office. For safety purposes and stability of the learning environment, we cannot allow any unescorted adult to go to the classroom or other area to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.

The same process applies to students in high school if a parent picks the student up from campus. If the student's parent authorizes the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office no later than two hours prior to the student's need to leave campus. A phone call from the parent may be accepted, but the school may ultimately require a note for documentation purposes. The student must sign out through the main office and sign in upon his or her return if the student returns the same day.

If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school.

Unless the parent directs district personnel to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures listed above. If a student is permitted by his or her parent to leave campus unaccompanied, the nurse will document the time of day the student was released. Under no circumstances will a student in elementary or middle school be released unaccompanied.

If a student is 18 years of age or is an emancipated minor, the student may sign him- or herself out of school. Documentation regarding the reason for the absence will be required.

During Lunch

Wall schools have a closed campus which does not allow students to leave campus at noon or at any other time without securing proper permission and signing out in the principal's office.

At Any Other Time during the School Day

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

Lockers (High School Only)

Lockers will be assigned at the time of registration. No student will be permitted to change lockers without the permission of the principal. Students are expected to keep their lockers neat and clean. They shall be cleaned out and cleared of trash every few days.

Lockers are provided to each student as a matter of convenience, and they should be used carefully. Combination locks are provided on lockers to protect the student's books and personal property. Students should keep the locker neat and orderly and should not slam the doors.

No pictures, mirrors or signs of any kind should be pasted, glued or taped to the inside of lockers.

Students are not to use pencils, pens or other devices to prevent the locker from locking. Books not being used by the student should be kept in lockers at all times. Books and items such as trash, bottles, lunch, etc. left on top of lockers will be confiscated and a fine or disciplinary consequence assessed.

Lost and Found (All Grade Levels)

A "lost and found" is located in the campus office. A student who loses an item should check the lost and found. The district discourages bringing personal items of high monetary value to school, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

Makeup Work

Makeup Work Because of Absence (All Grade Levels)

A teacher may assign makeup work to a student who misses class based on instructional objectives and the needs of the student in mastering the essential knowledge and skills or meeting subject or course requirements.

The student will be responsible for obtaining and completing the makeup work within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

The student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time so that the teacher and student may plan any makeup work. Please remember the importance of student attendance at school. With limited exceptions, all absences count for the 90 percent threshold set in state law regarding attendance for credit or final grade. [See **Attendance for Credit or Final Grade** on page 46.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and turn in projects due in any class missed because of absence.

Teachers may assign a late penalty to any long-term project in accordance with timelines approved by the principal and previously communicated to students.

DAEP Makeup Work

Grades 6-12

If a high school student is enrolled in a foundation curriculum course at the time of removal to a disciplinary alternative education program (DAEP), he or she will have an opportunity to complete the course before the beginning of the next school year. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL) for more information.]

On-Campus Suspension (OCS) and Out-of-School Suspension (OSS) Makeup Work (All Grade Levels)

Alternative Means to Receive Coursework

While a student is in ISS or OSS, the district will provide the student with all course work for the student's foundation curriculum classes that the student misses as a result of the suspension.

Opportunity to Complete Courses

A student removed from the regular classroom to ISS or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL) for more information.]

National Honor Society (High School Only)

A National Honor Society guide can be found on the Wall ISD website under "high school" and may be downloaded and printed by parents and students at any time.

Nondiscrimination Statement (All Grade Levels)

In its efforts to promote nondiscrimination and as required by law, the district does not discriminate on the basis of race, religion, color, national origin, gender, sex, age, disability, or any other basis prohibited by law in providing education services, activities, and programs, including Career and Technical Education (CTE) programs. The district provides equal access to the Boy Scouts and other designated youth groups.

In accordance with Title IX, the district does not and is required not to discriminate on the basis of sex in its educational programs or activities. The requirement not to discriminate extends to employment. Inquiries about the application of Title IX may be referred to the district's Title IX Coordinator (see below), to the Assistant Secretary for Civil Rights of the Department of Education, or both.

Other federal laws that prohibit discrimination include Title VI, Section 504, the Age Discrimination Act, the Boy Scouts Act, and Title II.

The district has designated and authorized the following employee as the Title IX Coordinator to address concerns or inquiries regarding discrimination on the basis of sex, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or gender-based harassment:

Mr. Russell Dacy
Superintendent
(325) 615-7790

Reports can be made at any time and by any person, including during non-business hours, by mail, phone, or email. During district business hours, reports may also be made in person. Upon the district receiving notice or an allegation of sex-based harassment, the Title IX Coordinator will promptly respond in accordance with the process described at FFH(LOCAL).

The following district representatives have been designated to address concerns or inquiries about other kinds of discrimination:

- For concerns regarding discrimination on the basis of disability, see the ADA/Section 504 Coordinator.
- For all other concerns regarding discrimination, see the superintendent.

[See policies FB, FFH, and GKD for more information.]

Parent and Family Engagement (All Grade Levels)

Working Together

Experience and research tell us that a child succeeds in education with good communication and a strong partnership between home and school. A parent's involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child every day to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.
- Monitoring your child's academic progress and contacting teachers as needed. [See **Academic Counseling** on page 72.]
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office at (325) 651-7790 for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See **Report Cards/Progress Reports and Conferences** on page 147.]
- Becoming a school volunteer. [See **Volunteers** on page 179 and policy GKG for more information.]
- Participating in campus parent organizations.
- Serving as a parent representative on the district-level or campus-level planning committees that develop educational goals and plans to improve student achievement.
- Serving on the School Health Advisory Council (SHAC) and assisting the district in aligning local community values with health education instruction, human sexuality instruction, instruction on prevention of child abuse, family violence, dating violence, and sex trafficking, and other wellness issues. [See **School Health Advisory Council (SHAC)** on page 128 and policies BDF, EHAA, FFA for more information.]
- Being aware of the school's ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child's emotional or mental well-being.
- Attending board meetings to learn more about district operations. [See policies BE and BED for more information.]

Pledges of Allegiance and a Minute of Silence (All Grade Levels)

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge.

[See **Reciting the Pledges to the U.S. and Texas Flags** on page 17.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others.

In addition, state law requires that each campus provide for the observance of one minute of silence in remembrance of those who lost their lives on September 11, 2001, at the beginning of the first class period when September 11 falls on a regular school day.

[See policy EC for more information.]

Prayer (All Grade Levels)

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt school activities. The school will not encourage, require, or coerce a student to engage in or refrain from such prayer or meditation during any school activity.

Promotion and Retention

A student will be promoted only on the basis of academic achievement or proficiency. In making promotion decisions, the district will consider the following:

- Teacher recommendation
- Grades
- Scores on criterion-referenced or state-mandated assessments
- Any other necessary academic i
- Information as determined by the district

Elementary and Middle School Grade Levels

In grades 1-8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies.

Repeating Kindergarten - Grade 8 at Parent Request

A parent may request in writing that a student repeat kindergarten, or any grade in grade 1-8. Before granting the request, the district may convene a retention committee to meet and discuss the request and will invite the parent to participate.

High School Grade Levels

To earn credit in a course, a student must receive a grade of at least 70 based on course-level standards. A student in grades 9-12 will be advanced a grade level based on the number of course credits earned. [See **Grade-Level Classification** on page 97.]

Repeating a High-School Credit Course

A parent may request in writing that a student repeat a high-school credit course in which the student was enrolled during the previous school year unless the district determines that the student has met all requirements for graduation.

Before granting the request, the district may convene a retention committee to meet and discuss the request and will invite the parent to participate.

Only the student's first passing grade will be included in the calculation of class ranking.

Report Cards/Progress Reports and Conferences (Elementary only)

In kindergarten, report cards with each student's performance and absences in each class or subject are issued at least once every nine (9) weeks.

In grades 1-4, report cards with each student's performance and absences in each class or subject are issued at least once every six (6) weeks.

In grades 3 and 4, at the end of the first three weeks of a grading period, parents will receive a progress report if

their child's performance in all of their child's core classes.

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy. Grading guidelines are designed to reflect each student's relative mastery of each assignment. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See **Grading Guidelines** on page 97 and policy EIA(LOCAL) for more information.]

Questions about grade calculation should first be discussed with the teacher. If the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school.

Report Cards/Progress Reports (Middle School only)

Report cards with each student's performance and absences in each class or subject are issued at least once every six (6) weeks.

At the end of the first three weeks of a grading period, parents will receive a progress report if their child's performance in all of their child's classes.

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy.

Grading guidelines are designed to reflect each student's relative mastery of each assignment. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See **Grading Guidelines** on page 97 and policy EIA(LOCAL) for more information.]

Questions about grade calculation should first be discussed with the teacher. If the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

Report Cards/Progress Reports and Conferences (High School Only)

Report cards with each student's grades or performance and absences in each class or subject are issued at least once every 3 weeks.

At the end of the first three weeks of a grading period, parents will receive a progress report if their child's performance in any course/subject is near or below 70, or is below the expected level of performance. Parents are urged to call the school and discuss their student's grades with the teacher concerned. [See **Working Together** for how to schedule a conference.]

In most situations, report cards for the six weeks period will be given to the student on the Wednesday following the end of the six weeks period.

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL) and **Grading Guidelines**]

Questions about grade calculation should first be discussed with the teacher. If the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

Required State Assessments

STAAR (State of Texas Assessments of Academic Readiness) for Grades 3-8

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3-8
- Reading, annually in grades 3-8
- Science in grades 5 and 8
- Social Studies in grade 8

Standardized Testing for a Student Enrolled Above Grade Level

If a student in grades 3-8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

A student in grades 3-8 shall be assessed at least once in high school with the ACT or the SAT if the student completes the high school end-of-course assessments in mathematics, reading/language arts, or science prior to high school.

High School Courses End-of-Course (EOC) Assessments

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- U.S. History

Satisfactory performance on the applicable assessments is required for graduation, unless waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment. The windows occur in the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have opportunities to retake the assessment.

Requesting Administration of STAAR/EOC in Paper Format (All Grade Levels)

STAAR and EOC assessments are administered electronically.

A parent or teacher may request that a STAAR or EOC be administered to a student in paper format. The district may grant this request for any single administration for up to three percent of the number of students enrolled in the district. Requests will be granted in the order in which they are received.

Requests for paper format for a fall administration of a STAAR or EOC must be submitted no later than September 15 each school year.

Requests for paper format for a spring administration of a STAAR or EOC must be submitted no later than December 1 each school year.

Standardized Testing for a Student in Special Programs

Certain students — some with disabilities and some classified as emergent bilingual students — may be eligible for exemptions, accommodations, or deferred testing.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student's ARD committee.

An admission, review, and dismissal (ARD) committee for a student in grades 9-12 receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student's personal graduation plan (PGP). [See **Graduation** on page 98.] STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

For more information, see the principal, school counselor, or special education director.

Failure to Perform Satisfactorily on a STAAR or EOC Assessment

If a student does not perform satisfactorily on a required state assessment in any subject, the district will provide accelerated instruction for the student in the subsequent school year by:

- Assigning the student to a teacher who is certified as a master, exemplary, or recognized teacher if one is available in the grade and subject matter of the state assessment on which the student did not perform satisfactorily, or
- Providing supplemental instruction.

A student may be required to attend any assigned supplemental instruction program before or after school or during the summer.

When a student fails to perform satisfactorily on a required state assessment in the same subject area for two or more years, the district shall develop an accelerated education plan. Parents are encouraged to participate in developing this plan.

Personal Graduation Plan —Middle School Students

For a middle school student who does not perform satisfactorily on a state-mandated examination, a school official will prepare a personal graduation plan (PGP).

School officials will also develop a PGP for a middle school student who is determined by the district to be unlikely to earn a high school diploma within five years of high school enrollment. The plan will, among other items:

- Identify the student's educational goals.
- Address the parent's educational expectations for the student.
- Outline an intensive instruction program for the student.

[See the school counselor and policy EIF(LEGAL) for more information.]

For a student receiving special education services, the student's IEP may serve as the student's PGP and would therefore be developed by the student's ARD committee.

[See **Personal Graduation Plans** on page 104 for information related to the development of personal graduation plans for high school students.]

Safety (All Grade Levels)

Student safety on campus, at school-related events, and in district vehicles is a high priority of the district. The cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow all behavioral standards in this handbook and the Student Code of Conduct or set by district employees.

- Help secure the campus by keeping all exterior doors closed, latched, and locked unless the door is actively monitored by a district employee.
- Follow instructions from teachers and other district employees regarding classroom doors.
- Remain alert to any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member, and promptly report any incidents to a district employee. A student may make anonymous reports about safety concerns at www.wallisd.net.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

Insurance for Career and Technical Education (CTE) Programs

The district may purchase accident, liability, or automobile insurance coverage for students and businesses involved in the district's CTE programs.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

Periodically, the school will conduct preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Preparedness Training: CPR and Stop the Bleed

The district will offer instruction in CPR and the use of an automated external defibrillator (AED) at least once to students enrolled in in grades 7-12. The instruction can be provided as part of any course and is not required to result in CPR or AED certification.

The district will annually offer students in grades 7-12 instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see:

- [Homeland Security's Stop the Bleed \(https://www.dhs.gov/stopthebleed\)](https://www.dhs.gov/stopthebleed)
- [Stop the Bleed Texas \(https://stopthebleedtexas.org/\)](https://stopthebleedtexas.org/)

Emergency Medical Treatment and Information

All parents are asked each year to complete a medical care authorization form, providing written parental consent to obtain emergency treatment and information about allergies to medications or drugs. Parents should contact the school nurse to update emergency care information (name of doctor, emergency phone numbers, allergies, and the like).

The district may consent to medical treatment, including dental treatment, if necessary, for a student if:

- The district has received written authorization from a person having the right to consent;
- That person cannot be contacted; and
- That person has not given the district actual notice to the contrary.

The emergency care authorization form will be used by the district when a student's parent or authorized designee cannot be contacted. A student may provide consent if authorized by law or court order.

Regardless of parental authorization for the district to consent to medical treatment, district employees will contact emergency medical services to provide emergency care when required by law or when deemed

necessary, such as to avoid a life-threatening situation.

Emergency School Closing Information

Each year, parents are asked to complete an emergency release form to provide contact information in the event that the district needs to notify parents of early dismissal, delayed opening, or restricted access to a campus because of severe weather, a security threat, or another emergency cause.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child's school when a phone number changes. State law requires parents to update contact information within two weeks after the date the information changes.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways: through local tv and radio stations, the school district website, via School Messenger when applicable, and via Remind 101 when applicable.

[See **Parent Contact Information** on page 67 and **Automated Emergency Communications** on page 67.]

Schedule Changes (Middle School and High School Grade Levels)

Changes to individual schedules may be made after legitimate reasons for change are given to the counselor or principal. No changes will be made after 5 days of a school semester unless school administrators feel that a change is warranted.

School Facilities

Asbestos Management Plan (All Grade Levels)

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's asbestos management plan is available in the central administrative office. If you have any questions or would like to examine the district's plan in more detail, please contact the district's designated asbestos coordinator.

Food and Nutrition Services (All Grade Levels)

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Some students are eligible for free and reduced-price meals based on financial need. Information about a student's participation is confidential. The district may share information such as a student's name and eligibility status to help enroll eligible children in Medicaid or the state children's health insurance program (CHIP) unless the student's parent requests the student's information not be disclosed.

Participating students will be offered the same meal options as their peers and will not be treated differently from their peers.

To apply for free or reduced-price meal services, contact:
Mrs. Lisa Glasscock, Food Services Director, (325) 651-7790

[See policy CO for more information.]

Parents should continually monitor their child's meal account balance. When a student's meal account is depleted, the district will notify the parent. The student may continue to purchase meals according to the grace period set by the school board. The district will present the parent with a schedule of repayment for any outstanding account

balance and an application for free or reduced meals.

If the district is unable to work out an agreement with the student's parent on replenishment of the meal account and payment of any outstanding balance, the student will receive a meal. The district will make every effort to avoid bringing attention to the student.

The following information is published as required by the USDA for participation in the National School Lunch Program:

"In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

"Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

"To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. mail:

U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW
Washington, D.C. 20250-9410; or

2. fax:

(833) 256-1665 or (202) 690-7442; or

3. email:

Program.Intake@usda.gov

"This institution is an equal opportunity provider."

The responsible state agency that administers the program is the Texas Department of Agriculture

(<https://www.texasagriculture.gov/Home/Contact-Us>), which can be reached at (800) TELL-TDA (835-5832) or (800) 735-2989 (TTY).

The local agency that administers the program is the district. See Nondiscrimination Statement on page 139 for the name and contact information for the Title IX coordinator, ADA/Section 504 coordinator, and superintendent for other concerns about discrimination.

Vending Machines (All Grade Levels)

The district has adopted and implemented the state and federal policies for food service, including guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines, see the principal. [See policy FFA for more information.]

Pest Management Plan (All Grade Levels)

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, periodic indoor and outdoor pesticide use is sometimes necessary to ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area.

Parents who have questions or who want to be notified of the times and types of applications prior to pesticide application inside their child's school assignment area may contact the district's IPM coordinator.

Conduct Before and After School (All Grade Levels)

Teachers and administrators have full authority over student conduct at before- or after-school activities. Whether a school activity is on or off district premises, students must follow the same rules of conduct that apply during the instructional day. Misbehavior will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

Use of Hallways during Class Time (All Grade Levels)

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct. Horseplay or conduct that violates the Student Code of Conduct is not permitted in the hallways.

Meetings of Non-Curriculum-Related Groups (Secondary Grade Levels Only)

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL). A list of these groups is available in the principal's office.

Library (All Grade Levels)

The library is open for independent student use throughout the school day with a teacher permit.

The district provides a wide range of library materials for students and faculty that support student achievement and present varying levels of difficulty, diversity of appeal, and a variety of points of view. The district follows the Texas State Library and Archive Commission's standards for school library collection development.

Parents are the primary decision makers regarding their student's access to library material. The district encourages parental involvement in library acquisition, maintenance, and campus activities. Parents are encouraged to communicate with *the school librarian* and their child's teacher about special considerations regarding library materials self-selected by their student.

A parent who wants to access to the school's library or any available online catalog should submit a request to the principal.

The district welcomes student and parent feedback on library materials and services. A district employee or parent may request the reconsideration of a library material by contacting *the school librarian* or by submitting a reconsideration of library material request on a form in the District's administrative.

For more information, see EFB(LOCAL).

Use of Hallways during Class Time (All Grade Levels)

During class times, loitering or standing in the halls is not permitted, and a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with

the Student Code of Conduct.

Use by Students Before and After School (All Grade Levels)

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

Students must leave campus immediately after dismissal of school in the afternoon, unless the student is involved in an activity under the supervision of a teacher or other authorized employee or adult.

Meetings of Noncurriculum-Related Groups (Secondary Grade Levels Only)

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school.

These groups must comply with the requirements of policy FNAB(LOCAL). A list of these groups is available in the principal's office.

School-Sponsored Field Trips (All Grade Levels)

The district periodically takes students on field trips for educational purposes. A parent must provide permission for a student to participate in a field trip.

The district may ask the parent to provide information about a student's medical provider and insurance coverage and may also ask the parent to sign a waiver allowing for emergency medical treatment in the case of a student accident or illness during the field trip.

The district may require a fee for student participation in a field trip that is not required as part of a basic educational program or course to cover expenses such as transportation, admission, and meals; however, a student will not be denied participation because of financial need. See **Fees (All Grade Levels)** on page 94 for more information.

The district is not responsible for refunding fees paid directly to a third-party vendor.

Searches

Searches in General (All Grade Levels)

In the interest of promoting student safety and drug-free schools, district officials may occasionally conduct searches.

District officials may search students, their belongings, and their vehicles in accordance with law and district policy. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion or voluntary consent or pursuant to district policy providing for suspicionless security procedures, including the use of metal detectors.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on district property.

If there is reasonable suspicion to believe that searching a student's person, belongings, or vehicle will reveal evidence of a violation of the Student Code of Conduct, a district official may conduct a search in accordance with law and district regulations.

District Property (All Grade Levels)

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience.

District property is subject to search or inspection at any time without notice. Students have no expectation of privacy in district property.

Students are responsible for any item found in district property provided to the student that is prohibited by law, district policy, or the Student Code of Conduct.

The parent will be notified if any prohibited items are found in the student's desk or locker.

Telecommunications and Other Electronic Devices (All Grade Levels)

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See **Electronic Devices and Technology Resources** on page 86 and policy FNF(LEGAL) for more information.]

Trained Dogs (All Grade Levels)

The district may use trained dogs to screen for concealed, prohibited items, including drugs and alcohol.

Screenings conducted by trained dogs will not be announced in advance. The dogs will not be used with students, but students may be asked to leave personal belongings in an area that is going to be screened, such as a classroom, a locker, or a vehicle. If a dog alerts to an item or an area, it may be searched by district officials.

Drug Testing (Secondary Grade Levels Only)

The district's policy FNF(LOCAL) addresses board authorization for drug testing of students as described in the policy, but specifics of the drug-testing program should be addressed in administrative regulations, such as this handbook or your extracurricular conduct guide.

[See **Steroids** on page 120.]

Vehicles on Campus (Secondary Grade Levels Only)

A student has full responsibility for the security and content of his or her vehicle parked on district property and must make certain that it is locked and that the keys are not given to others.

If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the district will contact the student's parents. If the parents also refuse to permit the vehicle to be searched, the district may turn the matter over to law enforcement. The district may contact law enforcement even if permission to search is granted.

Special Programs (All Grade Levels)

The district provides special programs for gifted and talented students, students who are homeless, students in foster care, bilingual students, migrant students, emergent bilingual students, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or

parent with questions about these programs should contact the campus counselor.

The Texas State Library and Archives Commission's [Talking Book Program](https://www.tsl.texas.gov/tbp/index.html) (<https://www.tsl.texas.gov/tbp/index.html>) provides audiobooks free of charge to qualifying Texans, including students with visual, physical, or reading disabilities such as dyslexia.

Standardized Testing

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. These assessments are usually taken at the end of the junior year. Students are encouraged to talk with the school counselor early during their junior year to learn about these assessments and determine the appropriate examination to take. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT.

Note: These assessments may qualify a student to receive a performance acknowledgment on the student's transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student's performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The TSI assesses the reading, mathematics, and writing skills that first-year students need to perform effectively as undergraduates in Texas public colleges and universities. This assessment may also be required before a student enrolls in a dual credit course offered through the district. Achieving certain benchmark scores on this assessment may also waive certain end-of-course assessment requirements in limited circumstances.

Student Vehicles (High School Only)

Student vehicles are to be parked (student section only) upon arrival at school. Seniors have the privilege of parking in spaces against the curb and nearest the high school building. Once vehicles are parked, all students must leave the parking lot and enter the building. Vehicles will not be driven to band, elementary, junior high, Ag, or athletics during the day (prior to 3:30 p.m.). Student vehicles can be used only when students are leaving campus early or through special permission from the office. Students should make sure they have the proper parking permit from the office before parking on school grounds. Contact the main office for further information.

Tardies (All Grade Levels)

Elementary:

A student who arrives to class after the tardy bell (rings at 7:55) will receive a tardy. Students that receive three tardies in a six-week period will have early morning detention beginning at 7:15 in the elementary office. Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the Student Code of Conduct.

Middle School:

Students are allowed 3 unexcused tardies each semester. Once a student receives more than 3 unexcused tardies in a semester they will be referred to the principal's office. Students may receive lunch detention or swats due to excessive tardies. Tardies will reset at the start of a new semester.

High School:

Students are allowed 3 excused late arrivals each semester. The student must sign in at the office and will not be

allowed to class without a tardy slip. Students tardy more than 3 times in a semester will serve a non-exempt detention during semester finals for each tardy over the limit. Six or more late arrivals may result in further disciplinary action.

Tardies during the rest of the day will be dealt with under the same criteria discussed above by corresponding teacher of record.

Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)

Instructional materials are any resources used in classroom instruction as part of the required curriculum, such as textbooks, workbooks, computer software, or online services.

The district selects instructional materials in accordance with state law and policy EFA.

The district provides approved instructional materials to students free of charge for each subject or class. Students must treat instructional materials with care, as directed by the teacher.

If a student needs a graphing calculator for a course and the district does not provide one, the student may use a calculator application with graphing capabilities on a phone, laptop, tablet, or other computing device. A student who is issued a damaged item should report the damage to the teacher.

Any student who does not return an item or returns an item in an unacceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage is paid for by the parent.

However, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

For information on library books and other resources students may access voluntarily, see **Library (All Grade Levels)** on page 161.

Transfers (All Grade Levels)

The principal is authorized to transfer a student from one classroom to another.

The superintendent is authorized to investigate and approve transfers between schools.

[See **Safety Transfers/Assignments** on page 28, **Bullying** on page 51, and **A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services** on page 33, for other transfer options.]

Transportation (All Grade Levels)

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use school- provided transportation to and from the event. However, in accordance with campus procedures, a parent may provide written consent for his or her child to ride with or be released after the event to the parent or another adult designated by the parent.

[See **School-Sponsored Field Trips** on page 163.]

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school and to any students who are experiencing homelessness. This service is provided at no cost to students.

Bus routes and stops will be designated annually. Any subsequent changes will be posted at the school and on

the district's website. For the safety of the driver and all passengers, students must board district vehicles only at authorized stops and drivers must unload passengers only at authorized stops.

A parent may designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated location must be an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, contact the district Transportation Director.

Students are expected to assist district staff in ensuring that buses and other district vehicles are clean and safe. When riding in district vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco or e-cigarettes in any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct, including loss of the privilege to ride in a district vehicle.

[See the Student Code of Conduct for provisions regarding transportation to the DAEP.]

Unsupervised Activities (High School Only)

There will be many occasions where your child may be unsupervised during the school day. During such times your child is expected to follow all school rules. Examples include, but are not limited to: athletics, off campus lunches by seniors, student aide duties and transition between class periods.

Vandalism (All Grade Levels)

Littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

Video Cameras (All Grade Levels)

For safety purposes, the district uses video and audio recording equipment to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings as needed and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

In accordance with state law, a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board may make a written request for the district to place video and audio recording equipment in certain self-contained special education classrooms. The

district will provide notice before placing a video camera in a classroom or other setting in which a child receives special education services. For more information or to request the installation and operation of this equipment, contact the principal to coordinate the implementation of and compliance with this law.

[See policy EHBAF(LOCAL) for more information.]

[See **Consent to Video or Audio Record a Student when Not Already Permitted by Law** on page 9 for video and other recordings by parents or visitors to virtual or in-person classrooms.]

Visitors to the School (All Grade Levels)

General Visitors

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must:

- Request entry to the school at the primary entrance unless otherwise directed by a district employee.
- Report to the main office.
- Be prepared to show identification.
- Exit the school at the primary entrance and leave all exterior doors closed, latched, and locked unless actively monitored by a district employee.
- -Comply with all applicable district policies and procedures.

If requested by a district employee, a visitor must provide identification such as a driver's license, other picture identification issued by a government entity, or employee or student identification issued by the district. A person who refuses to provide identification and who reasonably appears to have no legitimate reason to be on district property may be ejected from district property.

Individuals may visit classrooms or observe virtual instruction during instructional time only with approval of the principal and teacher. Visitors may not interfere with instruction or disrupt the normal school environment. All visitors are expected to demonstrate the highest standards of courtesy and conduct. Disruptive behavior or violations of student privacy will not be permitted.

[See **Consent to Video or Audio Record a Student when Not Already Permitted by Law** on page 9 for video and other recordings by parents or visitors to virtual or in-person classrooms.]

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer has the authority to refuse entry to or eject a person from district property if the person refuses to leave peaceably on request and:

- The person poses a substantial risk of harm to any person; or
- The person behaves in a manner that is inappropriate for a school setting and persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with policies FNG(LOCAL) or GF(LOCAL).

[See the Student Code of Conduct.]

Volunteers (All Grade Levels)

Subject to exceptions in accordance with state law and district procedures, the district requires a state criminal history background check for each volunteer, including parents, guardians, or grandparents of a child enrolled in the district.

Voter Registration (Secondary Grade Levels Only)

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

Withdrawing from School (All Grade Levels)

To withdraw a student under age 18 from school, the parent or guardian must submit a written request to the principal specifying the reasons for withdrawal and the final day the student will be in attendance. Withdrawal forms are available from the principal's office.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Please provide the school at least three days' notice of withdrawal so that records and documents may be prepared.

Work Permit (High School Only)

Senior and Junior students leaving school to work at home during eighth period must have work permits signed by their parents and have a passing average in all subjects before they will be allowed to leave school early. A student who fails one (1) or more subjects will be suspended from the work permit for a one six-weeks grade period at which time he/she must be passing all courses to reinstate his/her work permit.

Glossary

Accelerated instruction, including supplemental instruction, is an intensive-educational program designed to help an individual student acquire the knowledge and skills required at his or her grade level. It is required when a student does not meet the passing standard on a state-mandated assessment. Accelerated instruction may be provided by assigning a student to a classroom teacher who is certified as a master, exemplary, or recognized teacher or by providing supplemental instruction in addition to regular instruction.

ACT, or the American College Test, is one of the two most frequently used college or university admissions examinations. The test may be required for admission to certain colleges or universities.

ACT-Aspire is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

ARD stands for admission, review, and dismissal. The ARD committee convenes for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

Attendance review committee is responsible for reviewing a student's absences when the student's attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

CPS stands for Child Protective Services.

DAEP stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

DFPS stands for the Texas Department of Family and Protective Services.

DPS stands for the Texas Department of Public Safety.

DSHS stands for the Texas Department of State Health Services.

ED stands for the U.S. Department of Education.

Emergent bilingual student refers to a student of limited English proficiency. Other related terms include English learner, English language learner, and limited English proficient student

EOC (end-of-course) assessments are state-mandated and are part of the STAAR program. Successful performance on EOC assessments is required for graduation. These examinations will be given in English I, English II, Algebra I, Biology, and U.S. History.

ESSA is the federal Every Student Succeeds Act.

FERPA refers to the federal Family Educational Rights and Privacy Act, which grants specific privacy

protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 years of age or older directs the school not to release directory information.

IEP stands for individualized education program and is the written record prepared by the ARD committee for a student with disabilities who is eligible for special education services.

IGC is the individual graduation committee, formed in accordance with state law, to determine a student's eligibility to graduate when the student has failed to demonstrate satisfactory performance on no more than two of the required state assessments.

ISS refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

PGP stands for personal graduation plan, which is required for high school students and for any student in middle school who fails a section on a state- mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

PSAT is the preparatory and readiness assessment for the SAT. It also serves as the basis for the awarding of National Merit Scholarships.

SAT refers to the Scholastic Aptitude Test, one of the two most frequently used college or university admissions examinations. The test may be required for admissions to certain colleges or universities.

SHAC stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to help ensure that local community values and health issues are reflected in the district's health education instruction, as well as assist with other student and employee wellness issues.

Section 504 is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

STAAR is the State of Texas Assessments of Academic Readiness, the state's system of standardized academic achievement assessments.

STAAR Alternate 2 is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student's ARD committee.

STAAR Spanish is an alternative state-mandated assessment administered to eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

State-mandated assessments are required of students at certain grade levels and in specified subjects. Except under limited circumstances, students must pass the STAAR EOC assessments to graduate. Students have multiple opportunities to take the tests, if necessary, for graduation.

Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle; sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP; and outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's

violation of one of its provisions.

TAC stands for the Texas Administrative Code.

TEA stands for the Texas Education Agency, which oversees primary and secondary public education in Texas.

TELPAS stands for the Texas English Language Proficiency Assessment System, which assesses the progress that emergent bilingual students make in learning the English language and is administered for those who meet the participation requirements in kindergarten-grade 12.

TSI stands for the Texas Success Initiative, an assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

TXVSN stands for the Texas Virtual School Network, which provides online courses for Texas students to supplement the instructional programs of public school districts. Courses are taught by qualified instructors and are equivalent in rigor and scope to a course taught in a traditional classroom setting.

UIL refers to the University Interscholastic League, the statewide, voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.
