## **MEDICAL EMERGENCY ACTION PLAN**

In the event of a medical emergency involving an athlete under the supervision of a coach of Frenchtown High School and in the absence of a licensed trainer whom we have contracted:

- I. Coach will make an immediate general assessment of injury, checking for:
  - A. ABC's (Airway, breathing, circulation)
  - B. Deformities/apparent fractures

### C. General athletic injuries

\*If it is determined that victim is in cardiac arrest, coach will:

- Send for the AED located in high school or junior high gym lobby (whichever is closer)
- Designate someone to call 911
- Position the victim on his back and begin hard and fast compressions until AED arrives
- Turn on the AED and follow audio commands.
- Open the victim's shirt and wipe his chest dry of sweat or water.
- Attach one pad to the victim's upper right chest and one to the lower left side. The pads will be labeled with a picture of where they go. Plug the wire from the pads into the AED if they are not already attached.
- Make sure no one is touching the victim so the AED can analyze correctly.
- Push the 'Analyze' button or let the AED automatically begin its analysis. Just wait for the analysis to complete.
- If the AED determines a shock is required:
  - Keep everyone clear of the victim.
  - Press the 'shock' button.
  - Let the AED reanalyze.
- If the AED determines no shock is needed:
  - Check for a pulse.
  - If you cannot find a pulse, continue “hard and fast” compressions until e.m.t.’s arrive. If there is a pulse and breathing, place the victim in a recover position and monitor.

Once you have attached the AED to a victim, do not remove it. It will continue to analyze and if the victim lapses again, the AED will recommend a shock if needed. When Emergency Medical Services personnel are on the scene, they can remove it.

- II. In the event of any serious injury, the coach-in-charge must immediately activate the emergency medical system (911). **DO NOT MOVE A SERIOUSLY INJURED ATHLETE!**
- III. Coach-in-charge will give and continue to give proper basic first-aid procedures until qualified medical help arrives and relieves the coach of the responsibility.
- IV. Contact the parents/guardians and notify them of the athlete's injury as soon as possible.
- V. Contact the athletic director and building administrator to notify them of the athlete's injury as soon as possible.
- VI. File a written report of the injury with the activities director.

## **SPORTSMANSHIP**

The ideals of good sportsmanship, ethical behavior, and integrity permeate our culture. The values of good citizenship and high behavioral standards apply equally to all academic and activity disciplines. In perception and practice, good sportsmanship shall be defined as those qualities of behavior which are characterized by generosity and genuine concern for others. Good sportsmanship is

viewed as a concrete measure of understanding and commitment to fair play, ethical behavior, and integrity.

The concept of sportsmanship is a way of thinking and behaving that must be taught, modeled, expected reinforced in the classroom and in all competitive activities. Activities are an important aspect of the total educational process in our school. They provide an arena for participants to grow, to excel, to understand, and to value the concepts of good sportsmanship and teamwork. They are an opportunity for coaches and staff to teach and to model sportsmanship, to build school pride, and to increase student/community involvement. Ultimately this translates into improved academic performance.

Activities are an opportunity for the community to demonstrate its support for the participants and the school, and to model the concepts of sportsmanship for our youth as respected representatives of society. In essence, we believe that good sportsmanship is good citizenship in action. We are committed to good sportsmanship and embrace all of its ideals.

To achieve the highest standards of good sportsmanship, ethics, and integrity in our academic and activity offerings, we all must embrace these ideals. We want to create an attitude of awareness, of how important good sportsmanship standards are to our school system and set the highest expectations upon those who supervise, participate, and watch all our activities. We seek to prevent behavioral problems from occurring by careful planning and we shall impose reasonable sanctions upon those who violate our policies and don't live up to the school's expectations.

## SURVEY

All participants and/or parents of participants are encouraged to fill out an activities survey during or upon completion of each activity. These surveys are available on-line at [www.ftsd.org](http://www.ftsd.org), or upon request at the high school office. The purpose of these surveys is to provide feedback to coaches and administrators as we continually look at ways to improve our programs.
