Communications:
Where to go with questions & concerns

- All communication should start with the Coach. Speaking directly with the Coach will provide perspective to the decision that was made and may also provide details that only the coach can speak on.
- If after speaking to the Coach, you still have a concern, speak directly with the Athletic Director. This will ensure that your question will be dealt with promptly.
- If, after the Athletic Director has been informed of the situation and given a reasonable time to react, and you are still not satisfied with the solution, the parent should then inform the Athletic Director of their intention to talk to the Principal of the appropriate school.
- If, after the Athletic Director has been informed of the situation and given a reasonable time to react, and you are still not satisfied with the solution, the parent should then inform the Athletic Director of their intention to talk to the Superintendent.

Proper Chain of Communication:

Interscholastic Athletic Philosophy:

The Trumansburg Athletic Program teaches the concepts of fair play, sportsmanship, respect for others, and skill development to our athletes. The athletic program is an extension of the total educational program in our district; therefore we place a strong emphasis on performing in the classroom as well as athletically. We pride ourselves on teaching the life concepts of sportsmanship, discipline, and responsibility as we strive to develop well rounded athletes.

Sports Participation Philosophy:

In order to help each athlete have a positive experience in the athletic program, a hierarchy is established for each level of participation (modified, junior varsity-when available-and varsity) in our program. The coach should always strive for a good balance between learning, participation and winning the contest. In ranked priority, the following is desired:

- **Modified Level (Grades 7 and 8):** Participating in an enjoyable and meaningful experience, getting playing time appropriate to the athletes abilities, developing fundamental skills and learning the rules and strategies of the sport, learning how to be competitive and committing to attend all practices and contests.
- **Junior Varsity Level (Grades 9 and 10):** Participating in an enjoyable and meaningful experience, furthering skill development, earning playing time, understanding their role on the team, learning offensive and defensive strategies, striving to be more competitive and committing to attend all practices and games.
- **Varsity Level (Grades 11 and 12):** Participating in an enjoyable and meaningful experience, refining their skill development, tactical knowledge and offensive and defensive strategies, winning competitions, earning playing time, understanding their role on the team and committing to attend all practices and games.

If a Junior Varsity team is not available, the modified team (referred to as the Modified A team) will include 9th graders, unless asked to participate on the Varsity team by the Varsity coach, and 10th graders will be expected to participate on the Varsity team for certain teams. This includes Football and Soccer. All other sports expect 9th-12th graders to play at the Varsity level if no JV team is available.

Playing Time:

Playing time may vary from athlete to athlete, sport to sport and level to level. Our modified philosophy strives to keep as many athletes on a team as possible based on safety, participation and equipment, and to provide an outstanding learning environment through the utmost participation. The Varsity and JV programs are more competitive and selective in nature. On every level many things may affect your child's playing time such as attitude, effort, attendance and skill and knowledge of the game.

What a parent/guardian can expect from a coach:

The coach has a great responsibility, for the coach is entrusted with one of the world's most valuable possessions, the youth of this country, and in particular your child. Your child will learn the fundamental skills necessary to perform the sport as well as the sequential techniques. Our coaches are not only concerned about the physical and character conditioning of your child, but academic performance as well. The coach serves as an educator and role model for student athletes. Win or lose, building character in each of our players is a key goal to our program, because character extends beyond the athletic field and into everyday life.

What a coach expects from a parent/guardian:

Parents/Guardians can assist the coaches by being supportive of the athletic program. Your presence at games has a positive impact on your child and we encourage you to watch your child's performance whenever possible. As a caregiver, children often learn what has been modeled at home, so we encourage you to show good sportsmanship as a fan. Unsportsmanlike behavior will not be tolerated at any athletic contest. If you choose to behave in an unacceptable manner, you may be asked to leave the game. We feel it is important that the coach, team, and caregiver model sportsmanship so that our athletes are continually reminded of its importance. Please refer to the Sportsmanship section on pages 11-13 for additional information.

Should you have a question about a decision made by the coach, please call or make an appointment to discuss your concern with them. If a concern remains after speaking to the coach, then follow the proper chain of communication mentioned earlier.

When practice or the game is over, please pick your child up promptly. Our coaches are instructed to wait until each child has been picked up before leaving and your prompt arrival would be most appreciated. Failure to do so may result in your child being removed from the team.

Any vacation, medical, dental or other such appointments should be scheduled around the athletic season whenever possible, to ensure that your child gets the most from practices and games. Should something arise, where your child does need to miss practice or a game, please share this with the coach as soon as possible, so the coach can make adjustments to their practice or game plans. Also, if athletes miss practice before a contest, they may not play because they may have missed valuable information necessary for competition.

What a player can expect from their coach:

Our student athletes can expect to be taught the skills in sequential order needed to play the sport by a knowledgeable coach. Our athletes will be properly conditioned and given fitness strategies to improve endurance and strength. Feedback is necessary for continued growth in the sport and our coaches will provide such feedback throughout

the season. Our coaches will represent the school and model good sportsmanship, fair play and superior ethical standards.

What a coach expects from a player:

Coaches expect that athletes come to the season pre-conditioned in order to prevent injury and to be ready for the first contest. It is unreasonable to expect that an athlete not at proper fitness levels at the first practice can achieve the right conditioning prior to the first contest solely through scheduled practice time (which is typically less than a 2 week period). When an athlete signs up for a sport, the coach expects that the student wants to be there, will arrive on time, and will provide a coachable attitude and a willingness to learn. High effort, hard work and enthusiasm will go a long way in achieving the most from our coaches. If an athlete needs to miss a practice or game for some reason, this should be communicated with the coach as soon as possible, so the athlete can be informed about what they may miss.

Expectations of everyone involved:

If an issue arises, we expect caregivers, coaches and athletes to follow the appropriate time, place and manner regulations which includes understanding when, where and how someone speaks. For example, if a caregiver is upset because of something that happened during the game, the caregiver should not go up to the coach following the game. Instead, that caregiver should go home and try to schedule a more appropriate time to discuss the incident once everyone has had time to process. Following the chain of command also ensures that you are following the appropriate time, place and manner regulations.

Transportation:

Student athletes must travel to athletic contests in vehicles provided by the school unless the Athletic Director or Principal has granted previous written approval. At the conclusion of an athletic event, an athlete may leave with their caregiver. Permission to ride home with another caregiver must be approved prior to the contest by the Athletic Director or the Principal in writing using the form below. As a caregiver, you may sign your child out indicating you are responsible for their transportation after a contest. However if you desire to do this please share this with the coach as soon as possible and sign your child out at the end of the contest. If you are planning on having your child ride home with another caregiver after the game, you must complete the travel release form indicating your permission for your child to ride home with another caregiver and that form must be pre-approved by the Principal or Athletic Director. This form is included at the end of the handbook. Feel free to print it out or send your child to the Athletic Director's office for a copy. Athletes may only be released by their caregiver to another caregiver, not another student. We provide your child with safe transportation arrangements to competitions. If you wish to utilize other transportation to and from contests, please inform the coach following the steps above.

Attendance and Eligibility:

Interscholastic athletics and extra-curricular activities are an integral part of the total school program through which students develop a whole person: mentally, physically, socially and emotionally. Interscholastic athletics and extra-curricular activities function as an extension of the academic environment. Participation in interscholastic athletics and extra-curricular activities IS A PRIVILEGE, NOT A RIGHT, granted to any student who meets the standards set forth by the Trumansburg Central School District. In addition, students participating in interscholastic athletics shall meet the standards set by New York State Public High School Athletic Association.

1. A student involved in interscholastic athletics must participate in physical education class on the same day (if scheduled) to practice or play in games.
2. Students may not participate in or attend extra-curricular or athletic events on a day they are absent from school.
3. If a student is excused from school during the day for a legally recognized appointment, the student must have a written excuse for this before they leave.
4. To participate in a school activity, a student must be in their classroom by the beginning of first period (8:00 a.m.) and remain in attendance through the end of the school day or be legally excused from school for this day. The student must be in attendance for two and one-half blocks (the equivalent of 5 periods) throughout the day to be considered eligible to participate that day.
5. A student who is unable to complete the school day because of illness will be unable to attend or participate in extracurricular or athletic activities that same day.
6. If a student is illegally tardy to school, they will not be allowed to participate in any after school competitions for extra-curricular or athletic teams. Students will be expected to observe but not participate in practice if tardy.

NOTE: Coaches will be reviewing student attendance each day to see if their student athletes qualify to participate on this day. Student athletes who are suspended from school for any disciplinary violations of the Student Code of Conduct are suspended from participating in any practices, meetings or contests for the length of the school suspension.

Please see the student handbook for additional information.

Spectator Requirements:

Students 12 and under are required to be accompanied by an adult at all sporting events. Any student who is 12 and under and not accompanied by an adult will be asked to vacate the premises.

Academic Eligibility:

Participation in extra-curricular activities is a privilege. The expectation for athletic involvement is that student athletes are progressing satisfactorily in the instructional program. A student athlete determined not to be satisfactorily progressing in their instructional program shall be notified and face possible actions ranging from voluntary or required attendance at extra help sessions, to probation from athletics, to exclusion from participation in athletics. This Board policy is the practice of the school district, however it is understood that the parent/guardian may establish a higher level of performance for their child and initiate their own consequences.

High School:

Student athletes failing two (2) subjects at each six week report card will be placed on the ***student improvement*** list. These student athletes will be allowed to attend practice and play in contests as long as the student athlete attends academic study hall during advisory, or between 2:45 and 3:30 with the teacher/teachers they are failing with. Student athletes failing two classes will attend both teachers' academic study halls (or other agreed upon non class time) at least once a week. The student athlete must continue to show an effort to improve their grades while attending academic study hall. The student athlete will be obligated to turn in a blue card at the week's end. The card will have the signature of teacher and student that shows the student athlete stayed after school or alternate time. If the card is not turned into the Dean of Students the student athlete will be placed on the restricted list.

Student athletes failing three (3) or more subjects at each six week marking period will be declared ineligible and placed on the ***restricted list*** for two weeks. (The week will run from Monday to Monday. If restricted on a Monday it will carry through the weekend). Student athletes may not attend or participate in any contest/performance for 2 weeks, but may continue to practice. After 2 weeks, if the student athlete has lowered the number of failures to 2 or lower, they will be able to return to the team/ group and start the 2 failure protocol. Student athletes failing 3 or more subjects will attend academic study hall on a daily basis with each of the teachers for all possible days of the week and be expected to turn in a signed blue card. If a student athlete, after the two week period is still at 3 or more, they will be restricted for an additional two weeks; restricted from participating in any contest/performance. This process will continue until the conclusion of the season or the student is failing fewer than three classes and regains eligibility. Student athletes may not drop courses in order to achieve immediate eligibility.

Middle School:

The Board of Education considers extracurricular activities to be a valuable part of the program of the school and shall support these activities within the financial means of the District.

The following four (4) paragraphs are the current Board of Education Policy:

The Board of Education offers the opportunity for all qualified students in the instructional program to be involved in a variety of extra-curricular activities and pursuits including, but not limited to, participation in school sponsored clubs, activities and athletics as well as attendance at school related events such as dances and class or club field trips. Participation in these activities is considered a privilege. The expectation for this involvement is that the student in grades 5-8 is progressing satisfactorily in the instructional program.

A student determined not to be satisfactorily progressing in their instructional program shall be so notified and face possible actions ranging from voluntary and/or required attendance at extra help sessions to probation for participation in extracurricular activities and/or events, to exclusion from participation in the related school events as listed above.

The policy of the Board of Education and its related administrative procedures shall be the practice of the school district. It is, however, understood that the parent may establish a higher level of performance for their child and initiate consequences of their own with reference to their child's participation in extracurricular activities and other school pursuits.

The Superintendent of Schools is responsible to establish administrative procedures, which implement this policy.

Students with Special Needs:

If your child receives special education services or is in need of other services to assist them on the athletic field, please share this info with the coach. Due to the confidential nature of the special education, medical or other information, many times the coach is not provided this type of information. Please do not assume your child's coach is aware of your child's special needs. We encourage the caregiver to act as the child's advocate and share any needed information with the coach to make the athlete's experience more enjoyable.

Substance Abuse:

Expectations: Our students have been taught about both the short-term and long-term dangers associated with the use and abuse of chemical substances. They know that such use and abuse is illegal, puts them in unsafe situations and decreases their endurance so their performance levels are affected. Student athletes must understand that these substances may not be put into their bodies at any time. If a student athlete

from Trumansburg Central School is proven to be guilty in the sale of, consumption of or possession of alcohol, tobacco (smoking/chewing/vaping) and/or any other drugs including illegal performance enhancing drugs, they are subject to the following consequences.

Consequences:

In-School Event (Violation occurs at a school activity during their season): A review of the incident with the Superintendent of Schools or their designee will happen. The Athletic Director, among others, will make a recommendation based on the severity of the event and the frequency of occurrence, which any or all of the following consequences occur:

- Coach imposed discipline within the team
- Substance abuse evaluation and counseling
- Short term suspension from contests
 - First Offense: 1/3 of the season
 - Second Offense: 2/3 of the season
 - Third Offense: Remainder of the season

- Long-term suspension from contests (i.e.: remainder of school year)

Out of School Event (Violation occurs at a non-school activity in their season): A review of the incident with the Athletic Director, Dean of Students and School Principal will occur. If proof exists that an athlete has violated the athletic department contract, the Athletic Director can invoke any or all of the consequences that were stated above. Any activity that includes the involvement of law enforcement or the legal system could result in the student removal of the team for the remainder of the season.

NOTE: Coaches can create team rules that are in addition to the above stated athletic department procedures. The Athletic Director and/or Principal will determine any items dealing with this procedure that are not clearly defined. Any student suspended from school for substance violations (either in school or out of school) is suspended immediately from activities through the time of the disciplinary review. Also, if a student athlete cannot complete their consequence during their current season, the consequence may carry over to the next season available.

NYSPHSAA Sportsmanship Guidelines: Trumansburg Central School is a member of Section IV of the NYSPHSAA and as such is subject to rules set forth by this association. One that could affect you deals with sportsmanship. This passage comes from the NYSPHSAA handbook

“The association recognizes and appreciates that the influence and responsibility of the school administration with regard to good sportsmanship extends to all levels of competition. However, it must also be seen that the NYSPHSAA has been vested with the responsibility to ensure that all contests under its jurisdiction are conducted satisfactorily. This standard applies to all regular season and post schedule play.

As of July 1, 2013, the Dignity for All Students Act (Dignity Act-Section 52.2, Part 80 and 57-4) is to provide all public-school students with an environment free

from harassment, bullying (including cyber bullying) and discrimination, as well as to foster civility in public schools. The Dignity Act focuses on the prevention of discrimination behaviors, including harassment/bullying through the promotion of educational measures meant to positively impact school culture and climate, which includes the interscholastic programs.”

Player:

- Any member of a squad disqualified by a sport official for unsportsmanlike conduct, including taunting, or for a flagrant foul shall not participate in that sport in the next previously scheduled contest with a member school or in NYSPHSAA tournament play. Disqualifications from one season carry over to the next season of participation.

Any player:

1. Who receives a disqualification penalty in a sport shall not participate in the next regularly scheduled contest; a. In the sport of football, a player who is disqualified for “targeting” (by a certified official) may not participate in the next two halves. (May 2022)
 2. Who receives a second disqualification penalty in the same sport in the same season shall not participate in the next two regularly scheduled contests; and
 3. Who receives a third disqualification penalty in the same sport in the same season will not be allowed to participate for the rest of the season. If the third ejection takes place in the last contest of the season (regular season or post schedule play,) the Section Athletic Council will assess the penalty carrying over into the next season of participation.
 4. The Section Athletic Council will have the authority to extend the period of ineligibility in those cases where the actions of the individual that was disqualified from a contest or scrimmage are warranted. The period of ineligibility cannot exceed one year from the date of the disqualification.
- Any member of the squad who strikes, shoves, kicks or makes other physical contact with the intent to annoy, harass, or intimidate an official shall be expelled from the game immediately and banned from further participation in all sports for one year from the date of the offense.

NOTE: Members of the squad includes players, managers, scorekeepers, timers and statisticians.

Spectator:

1. Expectation Statement: Officials, just like student athletes and coaches, are critical to interscholastic sports programs. Without officials, NYSPHSAA and its member schools would not be able to provide interscholastic sports in the manner that is desired and expected by student athletes, coaches, and parents. Spectators are expected to “Be Loud, Be Proud, and Be Positive.” Negative comments and inappropriate behaviors by spectators are required to be addressed by all and any school supervisors and administrators, as a member of NYSPHSAA. Spectators may be prohibited from attending current and future interscholastic contests based on their behavior. (Oct. 2022)

2. Spectator Regulation: Any negative, inappropriate, derogatory comments or actions that draw the direct attention of a supervisor or school administrator by a spectator or group of spectators are required to be addressed by the host school, Sectional or NYSPHSAA representative in the following non-sequential order depending on the comments or behavior:

- First warning – Directing the spectator or group of spectators to refrain from any negative comments or actions.
- Second warning – A personal discussion with the spectators or group of spectators on the above NYSPHSAA expectations and reminding the spectators or group of spectators of the next step, removal from the game or event, will be utilized if the behavior continues.
- Removal from the contest – The spectator or group of spectators will be directed to leave the facility for the remainder of the game or event. If spectators or a group of spectators refuse to leave the game or event, play will be stopped until they vacate the premises. Penalty for being removed from a game or event: Any spectator removed from a game or event will have a minimum penalty of completing the NFHS Parent Credential course or a one game suspension before they are allowed to attend any interscholastic event. Once the course is completed the spectator will provide a certificate of completion to the athletic department office. Schools are required to communicate with the offending spectator on the NYSPHSAA Sportsmanship Spectator Expectations.
- Depending on the severity of the behavior/comments or future disqualifications by the offending spectator NYSPHSAA and the Section may get directly involved in the situation. (May 2023)

Student Accident/Injury Insurance:

Trumansburg Central School insures all student athletes with a secondary student accident policy through Commercial Travelers Insurance Company. This policy covers the student while they are attending school or are involved in other activities that are school sponsored. This would include physical education classes, athletics, field trips, etc. It is important that all injuries are reported to the coach, school nurse, and Athletic Director **immediately**. It is imperative that this injury report be filed within the next business day.

NOTE: This policy is a **secondary** coverage policy. All charges must be **first** submitted through the family's insurance policy. If the family insurance does not completely pay all the charges, then those unpaid charges may be submitted through the school's accident insurance company (Commercial Travelers). Since the district's insurance coverage is a **Limited Coverage Policy**, there are times that the caregiver will end up paying a portion of the medical charges. If the family does not have an Accident/Injury policy, then this portion could be very substantial. We strongly recommend that all families carry insurance that will

cover your child in case of injury. The Business Administrator can answer any questions you may have about this coverage.

Athletic Trainer:

The Trumansburg Central School provides access to an athletic trainer for all our athletes. Our athletic trainer is Anthony Spinelli and he is at the high school nurse's office every _____(by appointment). Anthony is available to assess your child's athletic related injuries and to make recommendations for treatment. You may also contact him via the High School Nurse, Katy Iacovelli with any athletic injury related questions you may have. This initial screening service is free of charge to our athletes. We are very lucky to have such an amazing service for our athletes.

Equipment Return Policy:

At the end of each season, your child is responsible for returning all equipment and uniforms issued to them from the coach. If something is not returned shortly after completion of the season, then your child is held responsible for those items not returned and will be billed accordingly. An Athlete going from one season to another will not be issued equipment for their current season until the equipment/uniform from the previous season is returned or replaced.

College Recruitment Procedures:

If your child is interested in playing athletics at the college level, we encourage you to get in touch with our high school coach of that sport in their sophomore year of high school. The coach will be able to assist you through this process and make the determination as to the likelihood of your child's future in this regard. It is imperative that our coaches are involved in this process through every step of the way to assist you in getting the best possible options for your child.

You will also need to begin filming your child's games. It is recommended that you film games from completion to end, as well as create a highlight film. College recruiters like to see the entire game performance, including mistakes along with the exceptional plays. The NCAA has specific regulations as to recruitment policies. If your child is in the process of being recruited, we advise you to familiarize yourself with these practices so not to forfeit any athletic eligibility for your child. You may find these policies on the NCAA website at: www.ncaa.org/eligibility.

Many students have the dream of playing professionally when in actuality this is not a reality. Some statistics that make you think:

- 98 out of 100 athletes do not play in college
- 1 out of 100 athletes earn a Division 1 scholarship
- The odds of becoming a brain surgeon are greater than becoming a starter on the Boston Celtics.

It is important to discuss the reality versus the dream with your child's coach, do not hesitate to do so.

Community Service Agreement:

We feel the community is extensively involved and committed to our athletic program, and we would like to try and give back to the community to say "thanks" for all the support we receive. A community service expectation is highly suggested of all our Varsity athletic teams and can be conducted during each season. More information can be obtained from the coach.

Website Information:

Trumansburg Athletic information is accessible on the Trumansburg Central School Website at <http://www.tburgschools.org>. Just click on Athletics at the bottom left of the page and you will find the Athletic Home Page. If you scroll down and click on Schedules, Schedule Galaxy logo or the calendar, you can find information on all athletic games both home and away, as well as practices. Once the calendar is open, go to the top left of the page and you can sort by sport and level. Click on the subscribe to schedule in the top right corner of each team's game schedule and you will get any changes made within minutes. Click on the SHOW button for any game and you will be able to click on the GET DIRECTIONS button. Please be aware that the home Athletic Director is responsible for setting up proper game locations using Schedule Galaxy.

EMERGENCY CLOSINGS:

If schools are canceled due to bad weather or other causes, or dismissed during the school day (early dismissal), interscholastic teams would not be permitted to play or practice. The Superintendent will contact the Athletic Director and the decision would be passed on to the coaches. An announcement will be made at the conclusion of the school day to allow athletes time to notify their parents.

HOLIDAYS:

Athletes observing religious/legal holidays will be excused from practices or games. Athletes must inform their coach as early as possible about the missing practice or a contest that coincides with a religious observance/legal holiday. Championship games, Sectional Contests, Intersectional/State Playoffs would come under special events, and if they were scheduled on holidays, our teams would be permitted to play. In some cases, intersectional and state playoffs have been scheduled on Sundays.

Physical Examinations:

All student athletes must have a physical exam prior to their first practice session. The exam does not need to be done by the school doctor but must be approved by the school doctor. Any approved physical exam may have been done up to 12 months prior to the first practice day. If a student athlete has been injured or missed school for five consecutive days, they may be required to pass another health exam. The school nurse's

office, in conjunction with the school physician, conducts physical exams each athletic season free of charge to the parent on the following schedule:

Fall Sports	May/June
Winter Sports	October
Spring Sports	February/March

Please contact the school nurse should you have any questions regarding physical exams. Additional forms can be obtained from the school nurse or on our school website <http://tburgschools.org>. You may also access additional forms through your Family ID account.

Athletic Placement Process

Starting with the 2015-16 school year, the Athletic Placement Process (APP) will replace the Selective Classification standards that previously allowed students to "play up." In order for your son/daughter to try out for a JV or varsity team as a 7th or 8th grader, they need to follow a process set forth by NYSED and adopted by our BOE.

Please read the document below for all the details by copy and pasting the link below into your web browser.

chrome-extension://efaidnbmnnnibpcajpcglclefindmkaj/https://www.nysed.gov/sites/default/files/programs/curriculum-instruction/athleticplacementprocess12-11-17final revised.pdf

Please contact the Athletic Director **at least 1 month before** the first scheduled practice for the season to allow enough time for the process to take shape. There are quite a few steps in the process, including special paperwork that your doctor will need to fill out and it can not be done in one week. If you have any questions about the process, please contact the Athletic Director at tbeam@tburg.k12.ny.us or 607-387-7551 ext. 3426.

Sport Season Cutoffs for Referrals:

- Fall Sports- June 1st
- Winter Sports-October 1st
- Spring Sports-February 1st

Trumansburg All-Sports Booster's Club

The Athletic Boosters are volunteers - parents, teachers, and community members dedicated to working together in support of all athletic programs at Trumansburg Central School. The All-Sports Booster's Club supports Trumansburg Athletics and plays an integral part in the athletic program. The Booster's Club is always interested in gathering new membership and we welcome you to join and become an active part of your child's athletic experience. The All-Sports Booster Club meets the second Thursday of each month at 6:30pm in the High School Library.

Board Officers:

Tanya Grove - President
- Secretary

Tracy Seaman – President Elect/Vice President
Melinda von Gordon- Treasurer

The All-Sports Boosters Club is committed to treating all Trumansburg Interscholastic Sports programs as equals. In fundraising and equipment purchasing, this means that each program will be encouraged to make requests. Obviously, not every need can be met. But every effort will be made to see that all sports are assisted over time. You may not be aware of all the booster club does for the athletes and below is a sample of some of the things the booster club sponsors:

- Sponsor the Senior Athletic Awards Banquet & Senior Scholarship Awards
- Purchased athletic team championship banners for the high school gym
- Helped Purchase the scoreboards in MS gym
- Purchases the Senior flowers

TRUMANSBURG

Travel Release Form

Date: _____

This is to certify that _____ has my permission to

(Athlete's Name)

ride to or from the _____ athletic contest on

(Circle one)

(Level/Sport)

_____ 20 _____ at _____.

(Date)

(Location)

I certify that I am personally transporting the above named student or have arranged for transportation with an adult (nonstudent) of my choosing for this student.

The reason for not riding the bus is:

(Reason must be sufficiently urgent to family needs to satisfy not riding the bus).

I understand that the Trumansburg Central School District athletic rules require students to ride the buses to and from all athletic events and a departure from this requirement, as a result of their request, will release the Trumansburg Central School District from all liability for any adverse result that may occur.

I agree to release the Trumansburg Central School District and its employees and officers from all liability with reference to the above stated transportation.

This form must be on file in the athletic office prior to the dismissal of school on the day of the contest if you plan on alternative transportation than what is provided by the district.
