

# HOW CAN I PRACTICE MY MATH FACTS????

There are many ways to practice your multiplication facts every day. Here are some ideas and resources to help you. We are always adding to this list, so let us know if you find others that you really enjoy.

## Happy Multiplying!

- **Flashcards:** Here is a link to some free printable ones  
<https://www.papertraildesign.com/multiplication-flash-cards/>

- Have someone quiz you in the car, at home, or wherever you are!

- <https://www.arcademics.com/games>

- <https://www.factmonster.com/math/flashcards>

- **Playing cards** (Flip two cards at random and multiply them together. Aces are 1s, Jacks 11, Queens 12, Kings 0)

- **Roll the dice** - give them a roll, and multiply both numbers that you rolled
