INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION

To the Board of Education
Harvey Public Schools District 152
Harvey, Illinois

We were engaged to audit the financial statements of Harvey Public School District 152 as of and for the year ended June 30, 2022, and have issued our report thereon dated July 19, 2023. However, the scope of our audit of the financial statements was not sufficient to enable us to express an opinion because there is a pending investigation regarding potential fraud in the District and accordingly we did not express an opinion on such financial statements.

The accompanying Annual Financial Report, ISBE Form SD50-35/JA50-60, as of and for the year ended June 30, 2022, has been prepared in the form prescribed by the Illinois State Board of Education, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Because of the significance of the matter discussed above, it is inappropriate to and we do not express an opinion on the supplementary information referred to above.

HARVEY PUBLIC SCHOOLS DISTRICT 152
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

Harvey Public Schools District 152 (the "District") is located in Harvey, Illinois and is governed by an elected Board of Education. The Board of Education maintains fiscal responsibility for all personnel, budgetary, taxing and debt matters. Its accounting structure conforms to the guidelines prescribed by the Illinois State Board of Education for public local educational agencies in the State of Illinois.

The accompanying financial statements of the District have been prepared in conformity with the modified cash basis of accounting, which is a special purpose framework other than generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Although these financial statements are not prepared in accordance with generally accepted accounting principles, they follow the presentation format and include similar disclosures required by GAAP.

This report includes all of the funds of the District. The reporting entity for the District consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The District has not identified any organizations that meet this criteria.

B. BASIS OF PRESENTATION

Government-wide Financial Statements:

The statements of net position - modified cash basis and the statement of activities - modified cash basis display information about the primary government. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements present governmental activities of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities - modified cash basis presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements:

The fund financial statements provide information about the District's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All of the District's governmental funds are considered major funds.

Governmental Funds are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources, and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. BASIS OF PRESENTATION (CONTINUED)

The *General Fund* is the general operating fund of the District. It accounts for all financial resources except those accounted for in another fund. This fund is primarily used for most of the instructional and administrative aspects of the District's operations. Revenues consist largely of local property taxes and state government aid. The General Fund includes the Educational, Operations and Maintenance, Working Cash, and Tort Immunity sub-funds.

The *Transportation Fund* is a special revenue fund used to account for the costs of transporting pupils for any purpose. Revenue is derived primarily from a separate tax levy and state grants.

The *Municipal Retirement/Social Security Fund* is a special revenue fund created when a separate tax is levied for the purpose of providing resources for the District's share of retirement benefits and/or social security and Medicare payments for covered employees.

The *Debt Service Fund* is maintained to account for separate taxes levied to provide cash to retire bonds and to pay the interest and other related costs on them. The primary revenue source is local property taxes, bond proceeds, or transfers from other funds.

The *Capital Projects Fund* is a capital projects fund created to account for financial resources to be used for the acquisition or construction of major capital facilities.

C. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus. Basis of accounting refers to when revenues and expenses are recognized in the accounts and how they are reported on the financial statements. The government-wide financial statements are reported in these financial statements using the modified cash basis of accounting. Accordingly, revenues are recognized and recorded in the accounts when cash is collected.

In the same manner expenses, except for depreciation, are recognized and recorded upon the payments of cash. Assets are only recorded when a right to collect cash exists which arises from a previous cash transaction or upon the payments of cash to acquire capital assets. Liabilities, similarly, result from previous cash transactions. Modified cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

The presentation in these financial statements differs from generally accepted accounting principles, which require that the government-wide financial statements be reported using the accrual basis of accounting. Under the accrual basis of accounting revenues would be recorded when earned and expenses would be recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes would be recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations would be recognized in the fiscal year in which all eligibility requirements have been satisfied.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS/BASIS OF ACCOUNTING (CONTINUED)

Governmental Fund Financial Statements

Governmental funds are reported in these financial statements using the current financial resources measurement focus and the cash basis of accounting. The financial statements of all governmental funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their statements of assets and liabilities arising from cash transactions. Their reported fund balance is considered a measure of available spendable resources. Governmental fund operating statements present increases (cash collected and other financing sources) and decreases (cash payments and other financing uses) in fund balance. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period. General capital asset acquisitions are reported as expenditures disbursed in governmental funds upon the payments of cash or the acquisition of a lease. Proceeds of general long-term debt and acquisitions under leases are reported as other financing sources.

The governmental funds presented in these financial statements are reported on the cash basis of accounting. Accordingly, revenues are recognized and recorded in the accounts when cash is collected. In the same manner expenditures are recognized and recorded upon the payments of cash. Assets of a fund are only recorded when a right to collect cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

The presentation in these financial statements differs from generally accepted accounting principles, which require that the governmental fund financial statements be reported using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues would be recognized when measurable and available. Expenditures would be recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which would be recognized as expenditures to the extent they have matured.

D. CASH AND INVESTMENTS

Investments held by the District which are short-term highly liquid investments having a remaining maturity of one year or less at the time of purchase are reported by the District at fair market value. All other investments are reported at fair value. Investments are placed according to guidelines provided by the Illinois Compiled Statutes.

Under Illinois law, the District is restricted to investing funds in specific types of investments instruments. The following generally represents the types of instruments allowable by state law:

- Securities issued and guaranteed by the United States.
- Interest-bearing accounts of financial institutions insured by the Federal Deposit Insurance Corporation.
- Short-term obligations (less than 270 days) of U. S. corporations with assets over \$500,000,000 rated in the three highest classifications by at least two rating agencies.
- Insured accounts of an Illinois credit union chartered under United States or Illinois law.
- Money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same types of obligations.
- Illinois Public Treasurers' Investment Pool.
- Repurchase agreements which meet instrument transactions requirements of Illinois law.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. CAPITAL ASSETS

Capital assets which include land, buildings, improvements, and other equipment, are reported in the Statement of Net Position. Capital assets are defined by the district as assets with an initial individual cost of \$500 or more, and an estimated useful life greater than one year. Additions or improvements that significantly extend the useful life of an asset, or significantly increase the capacity of an asset are capitalized in the government-wide financial statements. Expenditures for asset acquisitions and improvements are stated as capital outlay expenditures in the governmental funds. These assets have been valued at historical cost or estimated cost if purchased or constructed. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Life</u>
Buildings	50
Improvements (other than buildings)	20
Equipment	5-10

The District maintains totals for each asset class rather than maintaining detailed property records for the historical cost of individual capital assets. Each class of capital assets is increased by the amount of additions during the year. Fully depreciated equipment and land improvements are assumed to be retired at the end of their estimated useful lives and are removed from the capital asset and accumulated depreciation accounts in the year after they become fully depreciated.

F. ESTIMATES

The preparation of financial statements in accordance with the modified cash basis of accounting used by the District requires management to make estimates and assumptions that affect certain reported amounts and disclosures (such as estimated useful lives in determining depreciation expense); accordingly, actual results could differ from those estimates.

G. PERSONAL PROPERTY REPLACEMENT TAXES

Personal property replacement tax revenues are first allocated to funds where taxes were automatically abated by county clerk and to the Municipal Retirement/Social Security Fund, with the balance allocated to the remaining funds at the discretion of the District.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. NET POSITION/FUND BALANCE

Equity is classified as net position in the government-wide financial statements and displayed in three components:

- *Net investment in capital assets* – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets less than any unspent debt proceeds.
- *Restricted net position* – Consists of net position with constraints placed on its use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- *Unrestricted net position* – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted resources are available for use, it is the District’s policy to use restricted resources first, then unrestricted resources as they are needed.

Fund balance is reported in the fund financial statements in the following five categories:

- Nonspendable includes amounts not in spendable form, or amounts required to be maintained intact legally or contractually (principal endowment) (e.g. inventory, pre-paid items, permanent scholarships).
- Restricted: fund balances that are constrained by external parties, constitutional provisions, or enabling legislation (e.g. restrictions imposed by creditors, grantors, and contributors).
- Committed: fund balances that contain self-imposed constraints of the District from its highest level of decision-making authority, the Board of Education. This formal action (a resolution) must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to constraints, may be determined in the subsequent period. Those committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.
- Assigned: fund balances that contain self-imposed constraints of the District to be used for a particular purpose. Intent should be expressed by a) the governing body itself or b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.
- Unassigned: includes residual positive fund balance within the General Fund which has not been classified within the other above-mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

It is the District’s policy to consider restricted resources to have been spent first, followed by committed and then assigned. Finally, unassigned amounts are used only after the other resources have been used.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I. ELIMINATIONS AND RECLASSIFICATIONS

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances were eliminated or reclassified.

NOTE 2. DEPOSITS AND INVESTMENTS

Under Illinois Compiled Statutes, the Thornton Township School Treasurer is the lawful custodian of all school funds. The Treasurer is appointed by the Township School Trustees, an independent elected body, to serve the school districts in the township. The Treasurer is the direct recipient of property taxes, replacement taxes and most state and federal aid and disburses school funds upon lawful order of the school board. The Treasurer invests excess funds at his discretion, subject to the legal restrictions discussed below. For these purposes, the Treasurer is permitted to combine monies from more than one fund of a single district and to combine monies of more than one district in the township. Monies combined under these circumstances as well as investment earnings are accounted for separately for each fund and/or district.

Cash and investments, other than the student activity and imprest funds, are part of a common pool for all school districts and cooperatives within the township. The Treasurer maintains records which segregate the cash and investment balance by district or cooperative. Income from investments is distributed based on the District's percentage participation in the pool.

The Treasurer's investment policy is established by the Thornton Township School Trustees as prescribed by the Illinois School Code and the Illinois Compiled Statutes. The Treasurer is authorized to invest in obligations of the U.S. Treasury, backed by the full faith and credit of the associations, and commercial paper rated within the three highest classifications by at least two standard rating services (subject to certain limitations).

Because all cash and investments are pooled by a separate legal governmental agency (Treasurer), categorization by risk category is not determinable. Further information regarding collateralization of investments and insurance is available from the Treasurer's financial statements. As of June 30, 2022, the amount of cash and investments held by the Thornton Township School Treasurer to the District was \$29,835,101.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal policy for custodial credit risk. As of June 30, 2022, the District's bank balance of \$123,802 was fully insured through the FDIC.

All copier lease payments are paid out of the debt service fund. As of June 30, 2022, the District has recognized lease assets of \$109,408 and related accumulated amortization of \$51,058. Future payments are as follows:

2024	15,564	196	15,760
Total	\$ 60,409	\$ 2,631	\$ 63,040

NOTE 6. PROPERTY TAXES

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. Property is appraised by the County Assessor at various percentages of fair market value and then subjected to equalization by the Illinois Department of Revenue to bring the aggregate County level toward the statutory standard of 33-1/3 of fair market value.

Property taxes levied for any year attach as an enforceable lien on property as of January 1 and are due and payable in the following calendar year. Real estate tax bills are payable in two installments. The first installment is computed at 55% of the prior year's bill and is mailed in late January with a March 1 due date. The second installment is computed after the assessed valuations for the current year have been determined, usually in August or September. Final tax bills are mailed with a penalty date at least 30 days after the date of mailing, but not earlier than August 1. The District receives significant distributions of tax receipts approximately one month after these due dates. The District considers that the first installment of the 2021 levy is to be used to finance operations in fiscal 2022. The District has determined that the second installment of the 2021 levy is to be used to finance operations in fiscal 2023.

For taxing districts in Cook County, including the District, the tax rate limit is required to be applied to the equalized assessed valuation (EAV) of property for the levy year prior to the levy year for which taxes are then being extended. The actual levy rate is stated based on the current EAV of property. As a result, a tax rate may be at its maximum for the levy year even though less than its corresponding limit.

NOTE 7. JOINT AGREEMENT

The District is a participant in Exceptional Children Have Opportunities (ECHO), which was established as a result of a joint agreement between 17 local public-school districts for the purpose of providing special education services to the children of its member districts.

The joint agreement is governed by a Board of Directors composed of Superintendents (or an alternative person appointed by the Superintendent) from each member district. Complete financial statements of the joint agreement may be obtained from its administrative office at 350 West 154th Street, South Holland, Illinois 60473. The District paid \$386,248 to ECHO for tuition and services during the year ended June 30, 2022.

The following is summary financial information on the joint agreement as of and for the year ended June 30, 2021, the most recent information available:

Total assets - modified cash basis	\$ 48,905,763	Revenues received	\$ 44,763,586
Total liabilities - modified cash basis	\$ 15,342,955	Expenditures disbursed	\$ 41,552,092
Net investment in capital assets	\$ 3,787,487		
Unrestricted net position - modified cash basis	\$ 16,715,078	Net change in fund balance	\$ 3,211,494

Total net position - modified cash basis	\$ 33,562,808		

NOTE 8. CONTINGENCIES

The District has received funding from State and Federal grants in the current and prior years which are subject to audits by the granting agencies. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, District management believes that such disallowances, if any, would be immaterial.

HARVEY PUBLIC SCHOOLS DISTRICT 152
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 9. RISK MANAGEMENT

The District is exposed to various risks of loss including general liability, property and casualty, errors and omissions, workers compensation, unemployment compensation, and employee health and accident. In lieu of paying unemployment contributions, the District has elected to reimburse the State of Illinois for the actual amount of benefits paid to their former workers. For all other risks of loss, the District has joined together with other school districts to form various pools through which to manage its risk of loss. The District is a member of the Suburban School Cooperative Insurance Pool (SSCIP) for its general liability, property and casualty and errors and omissions coverage; School Employee Loss Fund (SELF) for workers compensation coverage; and Blue Cross Blue Shield of Illinois to provide employee health and accident benefits. These public entity risk pools operate as common risk management insurance programs. They receive premiums from member districts and reinsure through commercial companies to limit the liability for claims in excess of coverage provided by the pool. There were no significant reductions in coverage from the previous year and claims have not exceeded coverage in the past three fiscal years.

NOTE 10. TEACHERS' RETIREMENT SYSTEM

Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/acfrs/fy2021>; by writing to TRS at 2815 W. Washington Street, P.O. Box 19253, Springfield, Illinois 62794; or by calling (888) 678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

NOTE 10. TEACHERS' RETIREMENT SYSTEM (CONTINUED)

Benefits Provided (Continued)

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2024. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and will be funded by bonds issued by the State of Illinois.

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2021, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the District, is submitted to TRS by the District.

On-behalf Contributions to TRS

The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2022, State of Illinois contributions recognized by the District were based on the state's proportionate share of the pension expense associated with the District, and the District recognized revenue and expenditures of \$1,048,794 in pension contributions from the State of Illinois.

2.2 Formula Contributions to TRS

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions due for the year ended June 30, 2022, were \$64,237.

Federal and Special Trust Fund Contributions

When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay a District pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2022, the District's pension contribution was 10.31 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2022, salaries totaling \$902,742 were paid from federal and special trust funds that required employer contributions of \$93,073.

NOTE 10. TEACHERS' RETIREMENT SYSTEM (CONTINUED)

District Retirement Cost Contributions

Under GASB Statement No. 68, contributions that a District is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2022, the District paid \$10,326 to TRS for employer contributions due on salary increases in excess of 6 percent and \$0 for sick leave days granted in excess of the normal annual allotment.

NOTE 11. ILLINOIS MUNICIPAL RETIREMENT FUND

Plan Description

The District's agent multiple-employer defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefit Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes Financial Statements, detailed information about the pension plan's fiduciary net position, and other information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96.

Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

NOTE 11. ILLINOIS MUNICIPAL RETIREMENT FUND (CONTINUED)

Employees Covered by Benefit Terms

As of December 31, 2021, the following employees were covered by the benefit terms:

Retirees and Beneficiaries currently receiving benefits	271
Inactive Plan Members entitled to but not yet receiving benefits	194
Active Plan Members	<u>124</u>
Total	<u><u>589</u></u>

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2021 was 9.65%. For the fiscal year ended June 30, 2022, the District contributed \$355,279 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The District's net pension liability was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Since the net pension liability, deferred outflows of resources, and deferred inflows of resources related to the pension are not the result of cash transactions, the modified cash basis of accounting does not allow for these to be recorded on the government-wide financial statements. Information regarding the District's change in fiduciary net position, as well as information provided by the Fund's actuary, are available at the District's administrative offices.

NOTE 12. TEACHER HEALTH INSURANCE SECURITY

Plan and Benefit Description

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the City of Chicago.

The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan. The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS.

HARVEY PUBLIC SCHOOLS DISTRICT 152
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022

NOTE 12. TEACHER HEALTH INSURANCE SECURITY (CONTINUED)

Contributions

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) required that all active contributors of the TRS, who are not employees of a state agency, make contributions to the plan at a rate of 0.90 percent of salary and for every employer of a teacher to contribute an amount equal to 0.67 percent of each teacher’s salary. The Department determines, by rule, the percentage required, which each year shall not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year. Employer and non-employer contributing entity contributions are recognized as revenue when due pursuant to statutory or contractual requirements.

The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to the THIS fund from active members which were 0.90 percent of pay during the year ended June 30, 2022. State of Illinois contributions were \$99,678, and the District recognized revenue and expenditures of this amount during the year.

The District made contributions to the THIS Fund during the year ended June 30, 2022. For the year ended June 30, 2022, the District paid \$74,205 to the THIS Fund, which was 100 percent of the required contribution.

Net Other Postemployment Benefits Liability

The District’s total other postemployment benefits liability was determined by an actuarial valuation measured as of June 30, 2021. The THIS fund allocated the total other postemployment benefits liability to the employers and the State of Illinois, as the non-employer contributing entity, based on the allocation percentages calculated within the Schedule of Employer Allocations. Since the total other postemployment benefits liability, deferred outflows of resources, and deferred inflows of resources related to the other postemployment benefits are not the result of cash transactions, the modified cash basis of accounting does not allow for these to be recorded on the government-wide financial statements.

Further information on the THIS Fund

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (<http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>). The current reports are listed under “Central Management Services” (<http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp>).

Net OPEB Liability

The District's net OPEB liability was measured as of June 30, 2022. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. Since the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to other postretirement benefits are not the result of cash transactions, the modified cash basis of accounting does not allow for these to be recorded on the government-wide financial statements. The information is provided by the District's actuary, and the full report is available at the District's administrative offices.

NOTE 14. CHANGE IN ACCOUNTING PRINCIPLE

The District has implemented GASB Statement No. 87, Leases. The objective of this statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments by establishing a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, the District is required to recognize a lease liability and an intangible right-to-use lease asset with no changes to the beginning net position.

NOTE 15. RECENT GASB PRONOUNCEMENTS

GASB Statement No. 96, "Subscription-Based Information Technology Arrangements," will be effective for reporting periods beginning after June 15, 2022. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) governments. This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset-an intangible asset-and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA.

GASB Statement No. 100, "Accounting Changes and Error Corrections – An Amendment of GASB Statement No. 62" will be effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

NOTE 16. SUBSEQUENT EVENT

The District received a forensic audit report dated November 2, 2022 and the results indicated that there was a misappropriation of \$1,507,000 of money spent on food. The report indicates that the individual in charge of the school's food service program misappropriated these funds. The school board has given the report to the States Attorney's office in Illinois to investigate the findings of the forensic audit. The District contacted their insurance carrier regarding this situation. The insurance carrier has agreed that the misappropriation of funds is covered under their insurance policies and has paid \$900,000 to the District in the fiscal year end of June 30, 2023. The School Board is awaiting the results of the investigation of the State's Attorney Office regarding this matter before taking any other action.

PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Acct Codes 3100, 3120, 3500, 3510, 3950) are recorded. Depending on the accounting procedure these amounts will be used to adjust the Direct Receipts/Revenues in calculation 1 and 2 of the Financial Profile Score. In FY 2022, identify those late payments recorded as Intergovernmental Receivables, Other Receivables, or Deferred Revenue & Other Current Liabilities or Direct Receipts/Revenue. Payments should only be listed once.

However, the scope of our audit of the financial statements was not sufficient to enable us to express an opinion because there is a pending investigation regarding potential fraud in the District and accordingly we did not express an opinion on such financial statements.

PART D - EXPLANATION OF ACCOUNTING PRACTICES FOR LATE MANDATED CATEGORICAL PAYMENTS

(For School Districts who report on an Accrual/Modified Accrual Accounting Basis only)

School districts that report on the accrual/modified accrual basis of accounting must identify where late mandated categorical payments (Acct Codes 3100, 3120, 3500, 3510, 3950) are recorded. Depending on the accounting procedure these amounts will be used to adjust the Direct Receipts/Revenues in calculation 1 and 2 of the Financial Profile Score. In FY 2022, identify those late payments recorded as Intergovernmental Receivables, Other Recievables, or Deferred Revenue & Other Current Liabilities or Direct Receipts/Revenue. Payments should only be listed once.

Current Year Payment on Contracts For Indirect Cost Rate Computation

Please do not remove and reinsert this tab from the workbook or paste into this tab. The AFR will be returned to the auditor if this tab is completed incorrectly.

This schedule is to calculate the amount allowed on contracts obligated by the school district for the Indirect Cost Rate calculation. The contracts should be only for purchase services and not for salary contracts. Do not include contracts for Capital Outlay (500) or Non-Capitalized Equipment (700) on this schedule. They are excluded from the Indirect Cost Rate calculation.

To determine the applicable contracts for this schedule, they must meet ALL three qualifications below:

1. The contract must be coded to one of the combinations listed on the icon below.
2. The contract must meet the qualifications below on the "Subaward & Subcontract Guidance" and the "Indirect Cost Rate Plan" (Sub-agreement for Services).
3. Only list contracts that were paid over \$25,000 for the fiscal year.

Use the resources to the right to determine if the contract should be listed below.

[Indirect Cost Rate Plan](#)

Column A, B, C, D below must be completed for each contract. Enter Column B without hypens. Ex) 101000600

Column (E) and (F) are calculated automatically based on the information provided in Columns (A through D).

The amount in column (E) is the amount allowed on each contract in the Indirect Cost Rate calculation. The amount in column (F) is the amount that will be deducted from the base in the indirect cost rate (tab 41) for Program Year 2024.

Enter Fund-Function-Object Name, Where the Expenditure was Recorded (Column A)	Fund- Function- Object Number (Column B)	Enter Contracted Company Name (Column C)	Enter Current Year Amount Paid on Contract (must be less than or equal to amount reported in the AFR's "Expenditures 16-24" tab) (Column D)	Contract Amount Applied to the Indirect Cost Rate Base (Column E)	Contract Amount deducted from the Indirect Cost Rate Base (Column F)

This may require the FY2023 annual budget to be amended to include a Deficit Reduction Plan and narrative.</i>					
3	The "Deficit Reduction Plan" is developed using ISBE guidelines and is included in the School District Budget Form 50-36, beginning with page 22. A plan is required when the operating funds listed below result in direct revenues (cell F8) being less than direct expenditures (cell F9) by an amount equal to or greater than one-third (1/3) of the ending fund balance (cell f11). That is, if the ending fund balance is less than three times the deficit spending, the district must adopt and submit an original budget/amended budget with ISBE that provides a "deficit reduction plan" to balance the shortfall within the next three years.					
4	- If the FY2023 school district budget already requires a Deficit Reduction Plan, and one was submitted, an updated (amended) budget is not required.					
5	- If the Annual Financial Report requires a deficit reduction plan even though the FY2023 budget does not, a completed deficit reduction plan is still required.
