Mechanical Comprehension	76	95	85		59
<b>Military Entrance Score (AFQT)</b>	<b>57</b>				

### USE OF INFORMATION

Personal identity information (name, social security number, street address, and telephone number) and test scores will not be released to any agency outside of the Department of Defense (DoD), the Armed Forces, the Coast Guard, and your school. Your school or local school system can determine any further release of information. The DoD will use your scores for recruiting and research purposes for up to two years. After that the information will be used by the DoD for research purposes only.

### MILITARY ENTRANCE SCORES

The Military Entrance Score (also called AFQT, which stands for the Armed Forces Qualification Test) is the score used to determine your qualifications for entry into any branch of the United States Armed Forces or the Coast Guard. The Military Entrance Score predicts in a general way how well you might do in training and on the job in military occupations. Your score reflects your standing compared to American men and women 18 to 23 years of age.

**EXPLANATION OF YOUR ASVAB PERCENTILE SCORES**

Your ASVAB results are reported as percentile scores in the three highlighted columns to the left of the graph. Percentile scores show how you compare to other students - males and females, and for all students - in your grade. For example, a percentile score of 65 for an 11th grade female would mean she scored the same or better than 65 out of every 100 females in the 11th grade.

For purposes of career planning, knowing your relative standing in these comparison groups is important. Being male or female does not limit your career or educational choices. There are noticeable differences in how men and women score in some areas. Viewing your scores in light of your relative standing both to men and women may encourage you to explore areas that you might otherwise overlook.

You can use the Career Exploration Scores to evaluate your knowledge and skills in three general areas (Verbal, Math, and Science and Technical Skills). You can use the ASVAB Test Scores to gather information on specific skill areas. Together, these scores provide a snapshot of your current knowledge and skills. This information will help you develop and review your career goals and plans.

**EXPLANATION OF YOUR ASVAB STANDARD SCORES**

Your ASVAB results are reported as standard scores in the above graph. Your score on each test is identified by the "X" in the corresponding bar graph. You should view these scores as estimates of your true skill level in that area. If you took the test again, you probably would receive a somewhat different score. Many things, such as how you were feeling during testing, contribute to this difference. This difference is shown with gray score bands in the graph of your results. Your standard scores are based on the ASVAB tests and composites based on your grade level.

The score bands provide a way to identify some of your strengths. Overlapping score bands mean your true skill level is similar in both areas, so the real difference between specific scores might not be meaningful. If the score bands do not overlap, you probably are stronger in the area that has the higher score band.

The ASVAB is an aptitude test. It is neither an absolute measure of your skills and abilities nor a perfect predictor of your success or failure. A high score does not guarantee success, and a low score does not guarantee failure, in a future educational program or occupation. For example, if you have never worked with shop equipment or cars, you may not be familiar with the terms and concepts

assessed by the Auto and Shop Information test. Taking a course or obtaining a part-time job in this area would increase your knowledge and improve your score if you were to take it again.

### USING ASVAB RESULTS IN CAREER EXPLORATION

Your career and educational plans may change over time as you gain more experience and learn more about your interests. *Exploring Careers: The ASVAB Career Exploration Guide* can help you learn more about yourself and the world of work to identify and explore potential goals and develop an effective strategy to realize your goals. The Guide will help you identify occupations in line with your interests and skills. As you explore potentially satisfying careers, you will develop your career exploration and planning skills.

Meanwhile, your ASVAB results can help you in making well-informed choices about your future high school courses.

We encourage you to discuss your ASVAB results with a teacher, counselor, parent, family member or other interested adult. These individuals can help you to view your ASVAB results in light of other important information, such as your interests, school grades, motivation, and personal goals.

## FIND YOUR INTERESTS DIRECTIONS

- With interest inventories, there are no right or wrong answers.
- For each of the activities in the FYI, ask yourself if you would like or dislike doing that activity.
- Don't be concerned with how well you would do any activity or whether you have the experience or training to do it.
- Go with the first answer that comes to mind.
- If you don't have a strong preference one way or the other, or you are unsure, you can answer Indifferent.

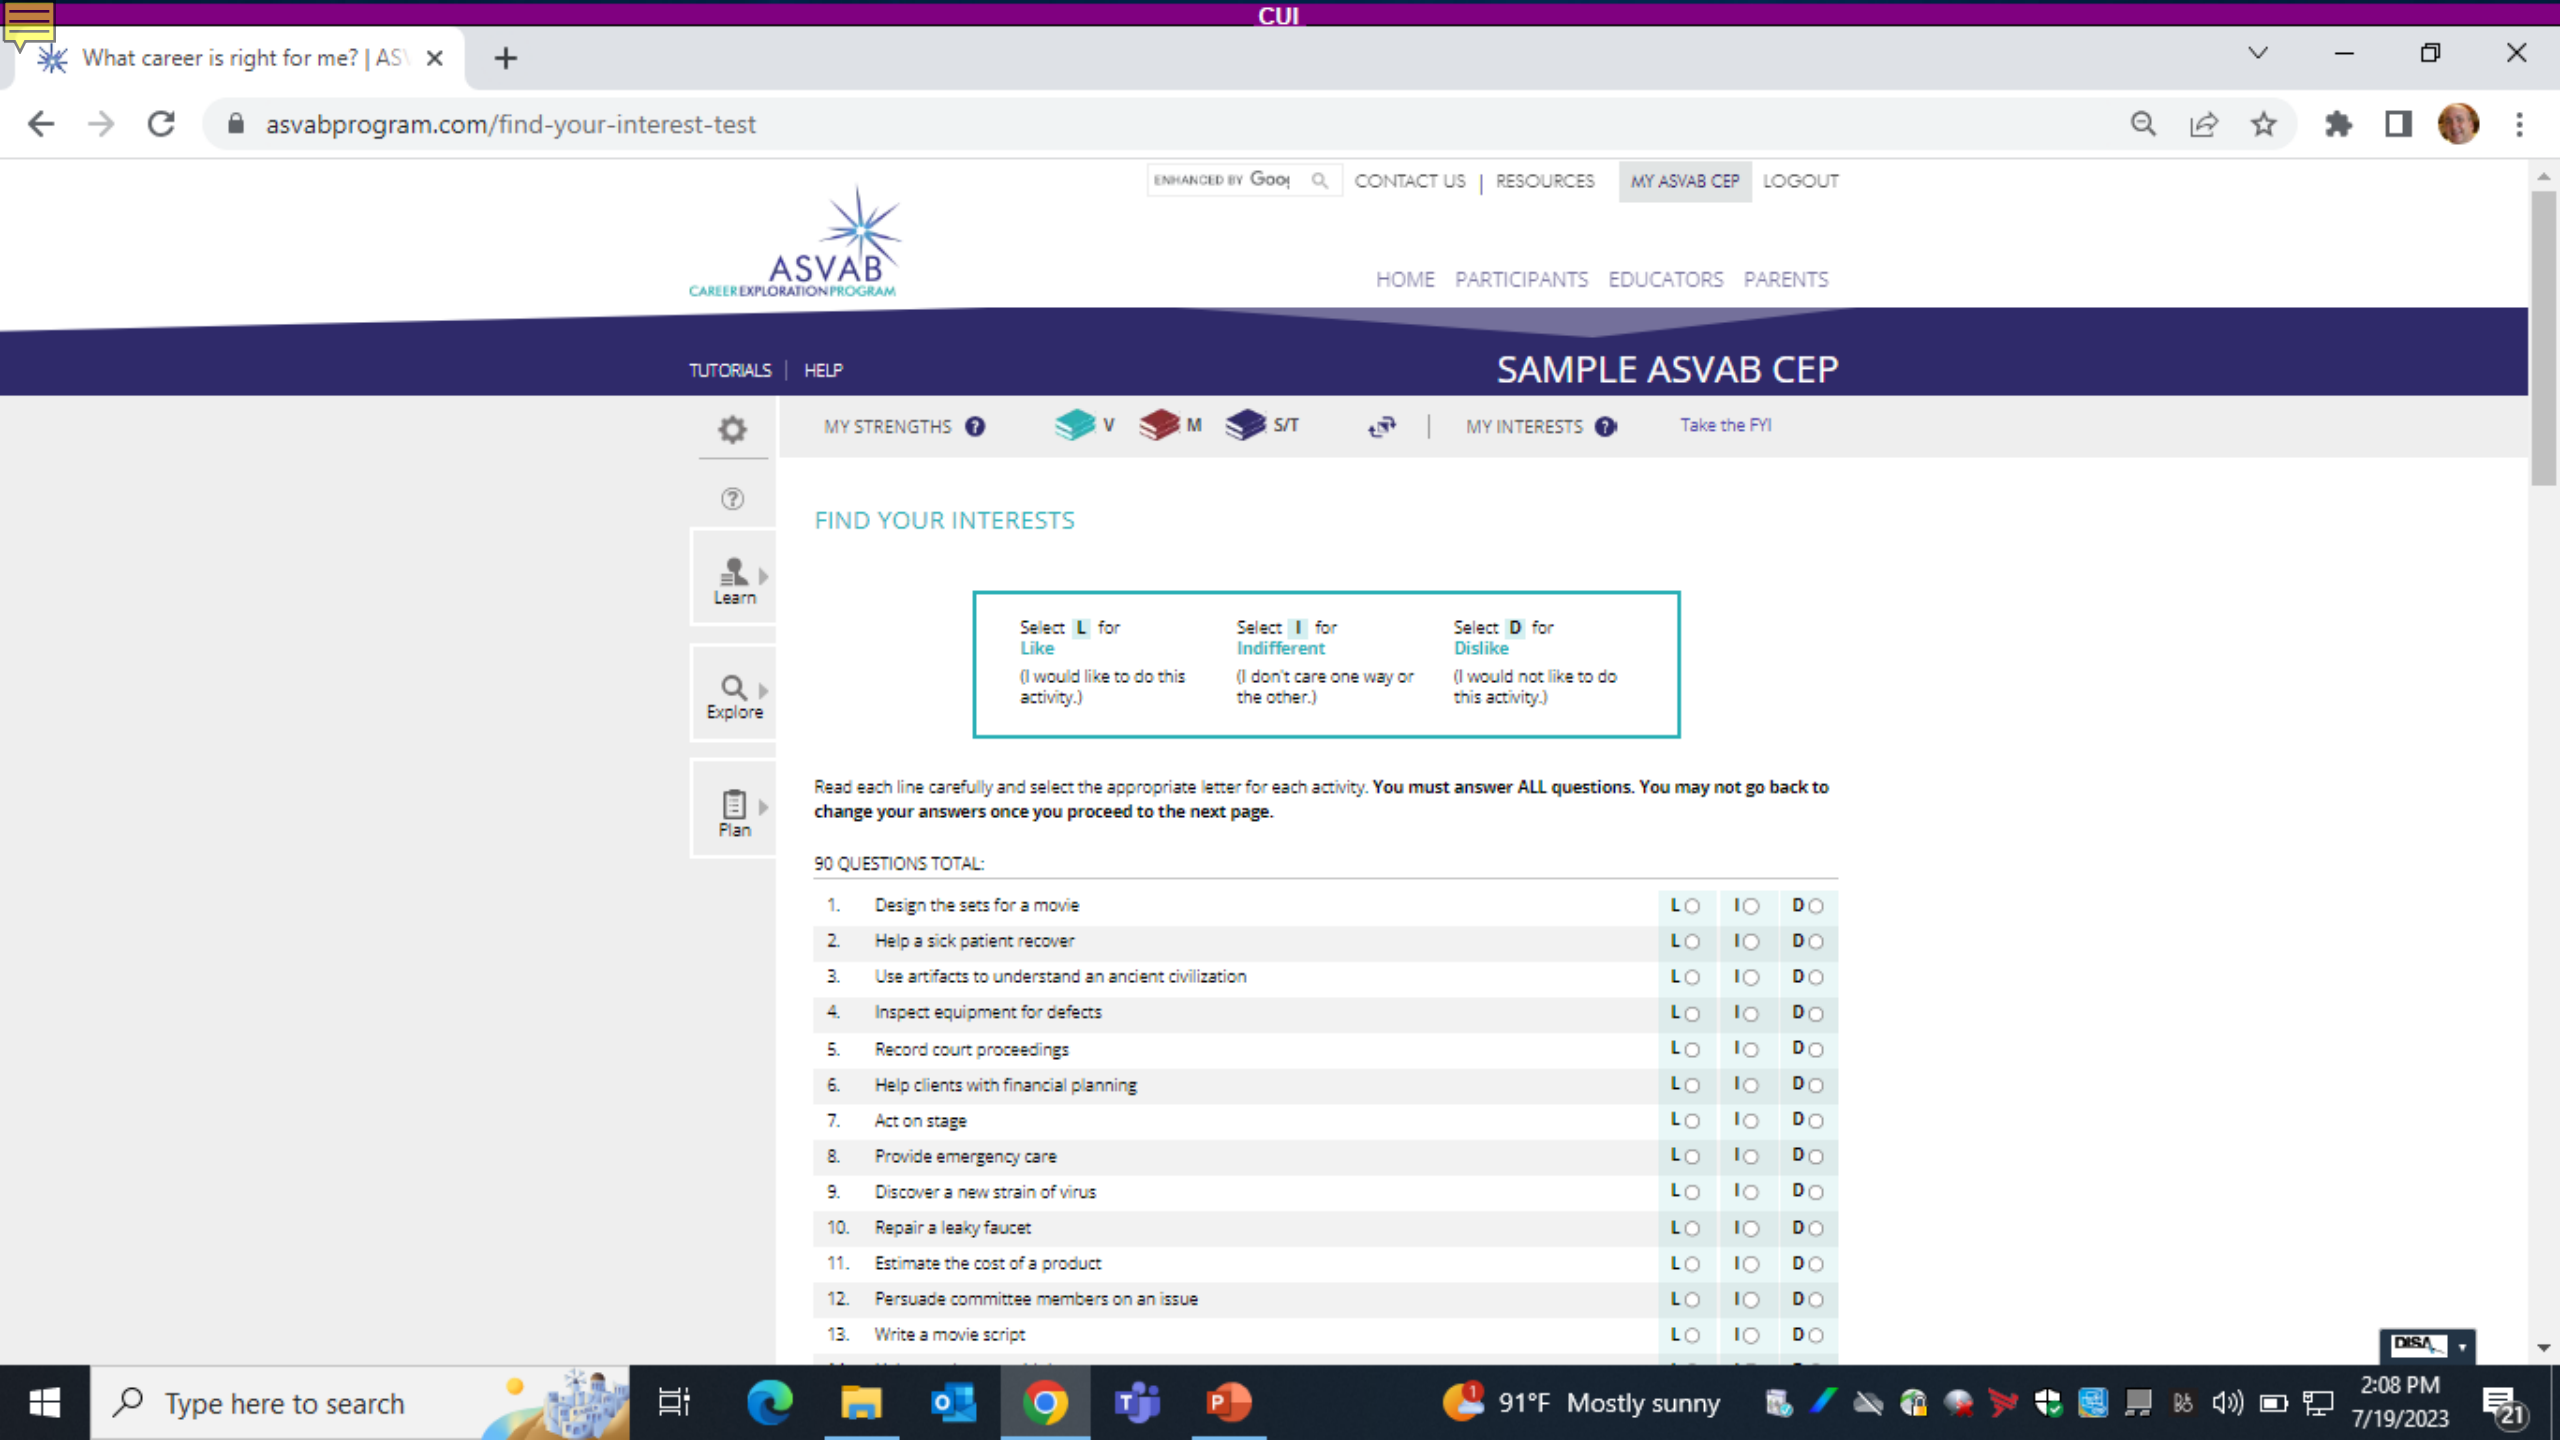

Select <b>L</b> for Like (I would like to do this activity.)	Select <b>I</b> for Indifferent (I don't care one way or the other.)	Select <b>D</b> for Dislike (I would not like to do this activity.)
---	---	--

### 90 QUESTIONS TOTAL:

1. Attend an art class	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
2. Help children with after-school homework	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
3. Investigate stars and black holes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
4. Adjust bicycle gears	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## Medical Record Technicians

✓ ELIGIBLE [📄](#) [❤️](#)

**PURPOSE:** The Military's health and medical services are operated efficiently based on the work of personnel trained in the medical and health management field. Medical record technicians provide administrative support to various medical offices, hospitals, and other health-related facilities.

**OTHER CAREER TITLES:** Health Record Technician, Health Services Manager, Patient Administration Specialist ...[Show More](#)

**Career Cluster:** Health Science

Medical record technicians perform a variety of medical administrative duties that provide support to health-related services and medical departments. They are responsible for maintaining patient medical records and preparing requests for diagnostic tests and referrals. They monitor long-term patient data and audit completed records and forms for administrative and technical accuracy. They process patient admission to medical facilities and they schedule patients for medical board action.
