

Parents,

We are excited to announce that we will be hosting our Summer Program during the month of June for the 2024 season. Our program this year will be open to students who have completed Kindergarten through seventh grade. The program will be held Monday, Tuesday & Wednesday during the weeks of June 3-5, June 10-12, June 17-19, & June 24-26.

A basic outline of summer program.

- Students who have completed Kindergarten through students who have completed 7th grade.
- We will continue to offer the program Monday thru Wednesday.
- The hours of the program will be 8:30 a.m. to 12:30 p.m., with the exception of some possible field trip days. Those days will be longer and dates will be provided at the start of summer program.
- We will continue to offer breakfast and lunch for all of the students in attendance.
- We will be providing transportation opportunities for families that live on a regular bus route. Some routes will be condensed and pick up may be at a central location. That will be determined once we know how many families are requesting transportation.

FAQ: Our family is in town and our cousins would love to come and attend the program. May we bring them?

While we love for you to have family in town, only Alex Public School students are allowed to attend.

FAQ: Do I have to attend every week of the program?

You do not have to attend every week of the program. However, to attend field trips, you are expected to attend the days prior to the field trip.

FAQ: My kid is going to be in kindergarten next year and has an older sibling attending the program, will you make an exception for them?

We get asked this every year and every year our answer is the same. Unfortunately, no.

FAQ: How much will the program cost?

It seems as though we get this question annually. There is no cost for your child to attend this program.

FAQ: My student has been learning all year, is this for fun or learning?

We may have opportunities for your child to sign up for additional help, as well as some fun learning activities, but our main goal is enrichment activities that we cannot get to during the regular school year.
