

## Viola High School Improvement Plan

Goal 1: Continued academic improvement, improve math and reading readiness

Meets or Exceeds Reading Readiness, 2023 ACT Aspire Data	Meets or Exceeds Math Readiness, 2023 ACT Aspire Data
7th Grade 48.4%	7th Grade 35.5%
8th Grade 44%	8th Grade 28%
9th Grade 44.7%	9th Grade 23.7%
10th Grade 43.3%	10th Grade 20%

Strategies:

1. Reading proficiency will increase with an emphasis on non-fiction reading across the curriculum.
2. Students, which are identified as having indicators of dyslexia, will have the opportunity to receive interventions provided by a certified teacher with training in strategies.
3. Interim testing will be utilized throughout each quarter to monitor student progress and grade level readiness.
4. Offer tutoring and ACT prep services before and after school.

Goal 2: Prepare students for college and career readiness

Strategies:

1. Provide chromebooks to all students and ClearTouch panels in classrooms to provide digital learning for all students.
2. Hiring a career coach to connect students to college and career opportunities.
3. Building relationships with members of the community to promote diverse post secondary educational opportunities for students.

Goal 3: Continually development of highly qualified teachers to carry out quality classroom instruction.

Strategies:

1. Teachers will utilize professional development through a variety of avenues to meet students' needs: completing the required Arkansas Science of Reading pathways, attending professional development based on new Arkansas math standards, and attending end of course ATLAS training.
2. Administration working with teachers to develop individualized professional growth plans to support teacher growth and development.
3. Equipping teachers with technology and current curriculum tools to support the adoption of new curriculum standards
