## *House of Representatives* Arkansas State Coding Competition

---

HON. FRENCH HILL  
OF ARKANSAS  
IN THE HOUSE OF REPRESENTATIVES  
*May 18, 2023*

**Mr. HILL of Arkansas.** I rise today to recognize the Arkansas School for Mathematics, Sciences and the Arts, Conway High School, eStem Charter High School, Little Rock Central High School, and North Little Rock Center of Excellence for advancing to the state coding competition.

Out of more than 160 teams, these five are a part of the 16 teams that were selected to advance to the state competition.

The top three finishing teams will receive monetary rewards of two thousand dollars for first place, one thousand dollars for second place, and five hundred dollars for third place, per member of each team.

The money will be placed into a 529 College Savings Plan to help the students with their journey for a college degree.

I thank the ARCodeKids for providing the grant money for the winning teams, and I congratulate the students for qualifying for the state competition and wish them the best of luck.

I yield back.
