WHAT'S HAPPENED AT SCHOOL THIS MONTH

On Thursday, November 30 the 7-12 students and teachers at Froid Public School decorated the halls for the Christmas season. In the science wing there are three doors with a theme of the movie Misfit Toys. On Ms. Dahlberg's door, the theme was National Lampoon's Christmas Vacation. The bathroom doors were Mrs. Claus and Santa Claus. The custodian's door is elves themed. On the three doors at the end of the hallway are Jack Skellington and the dog, Santa's Workshop, and juice the gingerbread.

The foyers were decorated with lights and garland. Mr. Mayhue's door is the Grinch with Ho, Ho, Ho on it. Kim's door was decorated as a giant present. There were multiple trees and a big Santa on top of one of the trees. The lunch room was nicely decorated and you can really feel the holiday spirit when you walk into the school. By Nate Stentoft

JUNIOR HIGH BASKETBALL

By Sol Grainger

On Thursday the 14th Froid and Medicine Lake hosted a Junior High Basketball Tournament. During the tournament our boys team started by beating Bainville. The boys then faced Westby Grenora in a close game but they ended up losing. Our girls team started by beating Brockton in the second round and then beat Plentywood in the third round. Our Girls advanced to play Richey Lambert in Fairview on the 16th but they ended up losing the game.

Both teams played very well this season and all of the players improved considerably. BPA/FFA NEWS

By Kaylee Olson and Nate Stentoft

The Froid BPA Chapter has been very busy the last month. Between the lefse fundraiser and getting ready for Regional tests the members have been working very hard. Each member has computer tests they will be taking during the final week of school. They also have group projects that need to be completed and submitted by a January 2nd. Regionals date is January 10th, 2024. It will take place in Lambert, Montana and lasts a whole day. At Regionals the members will present their group projects or any non computer tests. They will also take open tests.

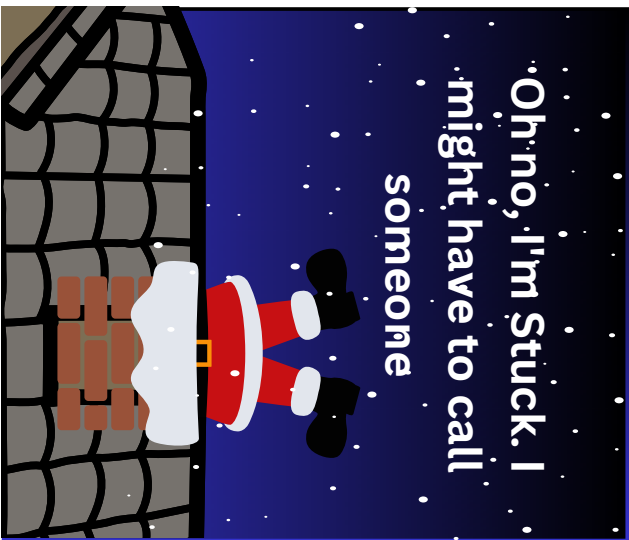

The Froid FFA was quite busy earlier in the month preparing for floriculture and ag. sales with the competition occurring on December 4 in Hinsdale. Days before the competition, Alyssa Stromberg of Bloomin' Cactus taught floriculture competitors how to make a pin on corsage, single flower vase arrangement, and a centerpiece arrangement in a mason jar. Flowers used were carnations and mums along with numerous types of foliage. Members attending the practice were Cian, Jaeleigh, Kaylee, Addison, Owen, Lilly, Macie, and Haven. The bus left for the district competition at 6 am. Mr. Smith drove the bus and took us to the Hinsdale school. After competing all day floriculture competitors made a thanksgiving themed centerpiece that was later gifted to Secretary Kim Hove. Agricultural sales competitors sold Miller Welding products using their knowledge of the products and how to properly sell an item to a customer. Both teams qualified for state.

Results are as follows:

--Varsity Floriculture Team 2 of 15, Kaylee Olson 5/37, Cian Logan 7/37, Jaeleigh Davidson 11/37, Addison Elvsaas 14/37

--Varsity Ag. Sales Team 2 of 15, Lilly Johnson 7/36, Missouri Kalal 8/37, Cian Logan 11/37, Cody Olson 22/37

Missouri Kalal

Missouri Kalal is a graduate of the 2024 class at Froid High School and we did a little interview with her and found some pretty interesting facts. The first question we asked was what was her favorite memory of her time at Froid High School. She replied when Miss Reiland wore an inflatable baby costume for Halloween when she was in 6th grade. The next question was what was her favorite class she had in high school and she said it would have to be art.

I asked her where she sees herself in the next 10 years and she said working a good job and not doing anything really special. Her one wish would be that she had better grades and paid more attention in school. Her proudest accomplishment is being able to stick through school and graduating. The thing she will miss most about school is seeing her classmates every day. Her biggest supporters are her parents. And if she could travel anywhere in the world it would have to be Italy because of the magnificent pasta.
