SPEECH AND DRAMA

Throughout the season the Froid/Medicine Lake Speech and Drama team has seen a lot of success, ranging from many awards won and podium placements to divisional placements. The month of January has brought the end of the season with Divisionals in Culbertson being held January 19 and the team coming home with some hardware for getting 3rd place in speech sweeps. At divisionals Vala Gregor placed 3rd in Humorous Oral Interpretation (speech), Cian Logan placed 2nd in Original Oratory (speech), and Trinity Gregor coming home a champion in Pantomime (drama). With these results that meant that the whole team would travel to Choteau on January 25-27 for the state competition.

At the state competition it looked a little more grim for the group as the first three rounds each person was having a rough time. From the looks of it each person was predicted to be in finals but ended up choking around either 3rd or 4th rounds. Trinity and Vala Gregor both ended up breaking preliminaries and made it into the semi-final rounds while Cian Logan was placed 10th overall and did not make it. Nobody ended up making it on the podium for the state competition.

The other four are from Froid: Macie Elvsaas, Samantha Austin, Brielle Britton, and Haven Martensen. There are no seniors on the team. The girls explained that the season has been going good and they have hope for the teams in the upcoming tournament weeks. The Froid FFA Chapter sent three members to the regional competition in Bainville to compete in AG Mechanics. The participants included Cody Olson, Owen Logan, and Solomon Grainger. The team qualified for state and will be traveling to Billings on April 2nd. Solomon Grainger placed the highest for Froid getting 13th out of 31. The competition included welding, woodworking, small engine knowledge, naming combine parts, wiring a breaker box, and a general knowledge test.

The chapter also had a full Agronomy varsity team including Kaylee Olson, Addison Elvsaas, Lilly Johnson, and Haven Martensen. Overall the team placed third and will be going to state. Kaylee placed 7th, Addison 8th, Lilly placed 16th, and Haven placed 22nd. Things that agronomy students tested their knowledge in were soil, plant ID, grain ID, insect ID, and disorders.

For lunch students enjoyed sandwiches from Jimmy Johns with a bag of chips and homemade donated cookies. Other news is that Hinsdale, Sidney, and Scobey did not attend the competition due to icy roads. The Froid FFA chapter would also like to thank Scott Westlund and Josh Johnson who are apart of Sheridan Electric for taking time to teach the Mechanics team how to wire correctly. All three competitors scored a 30/30 on this section of the competition.

Cian Logan

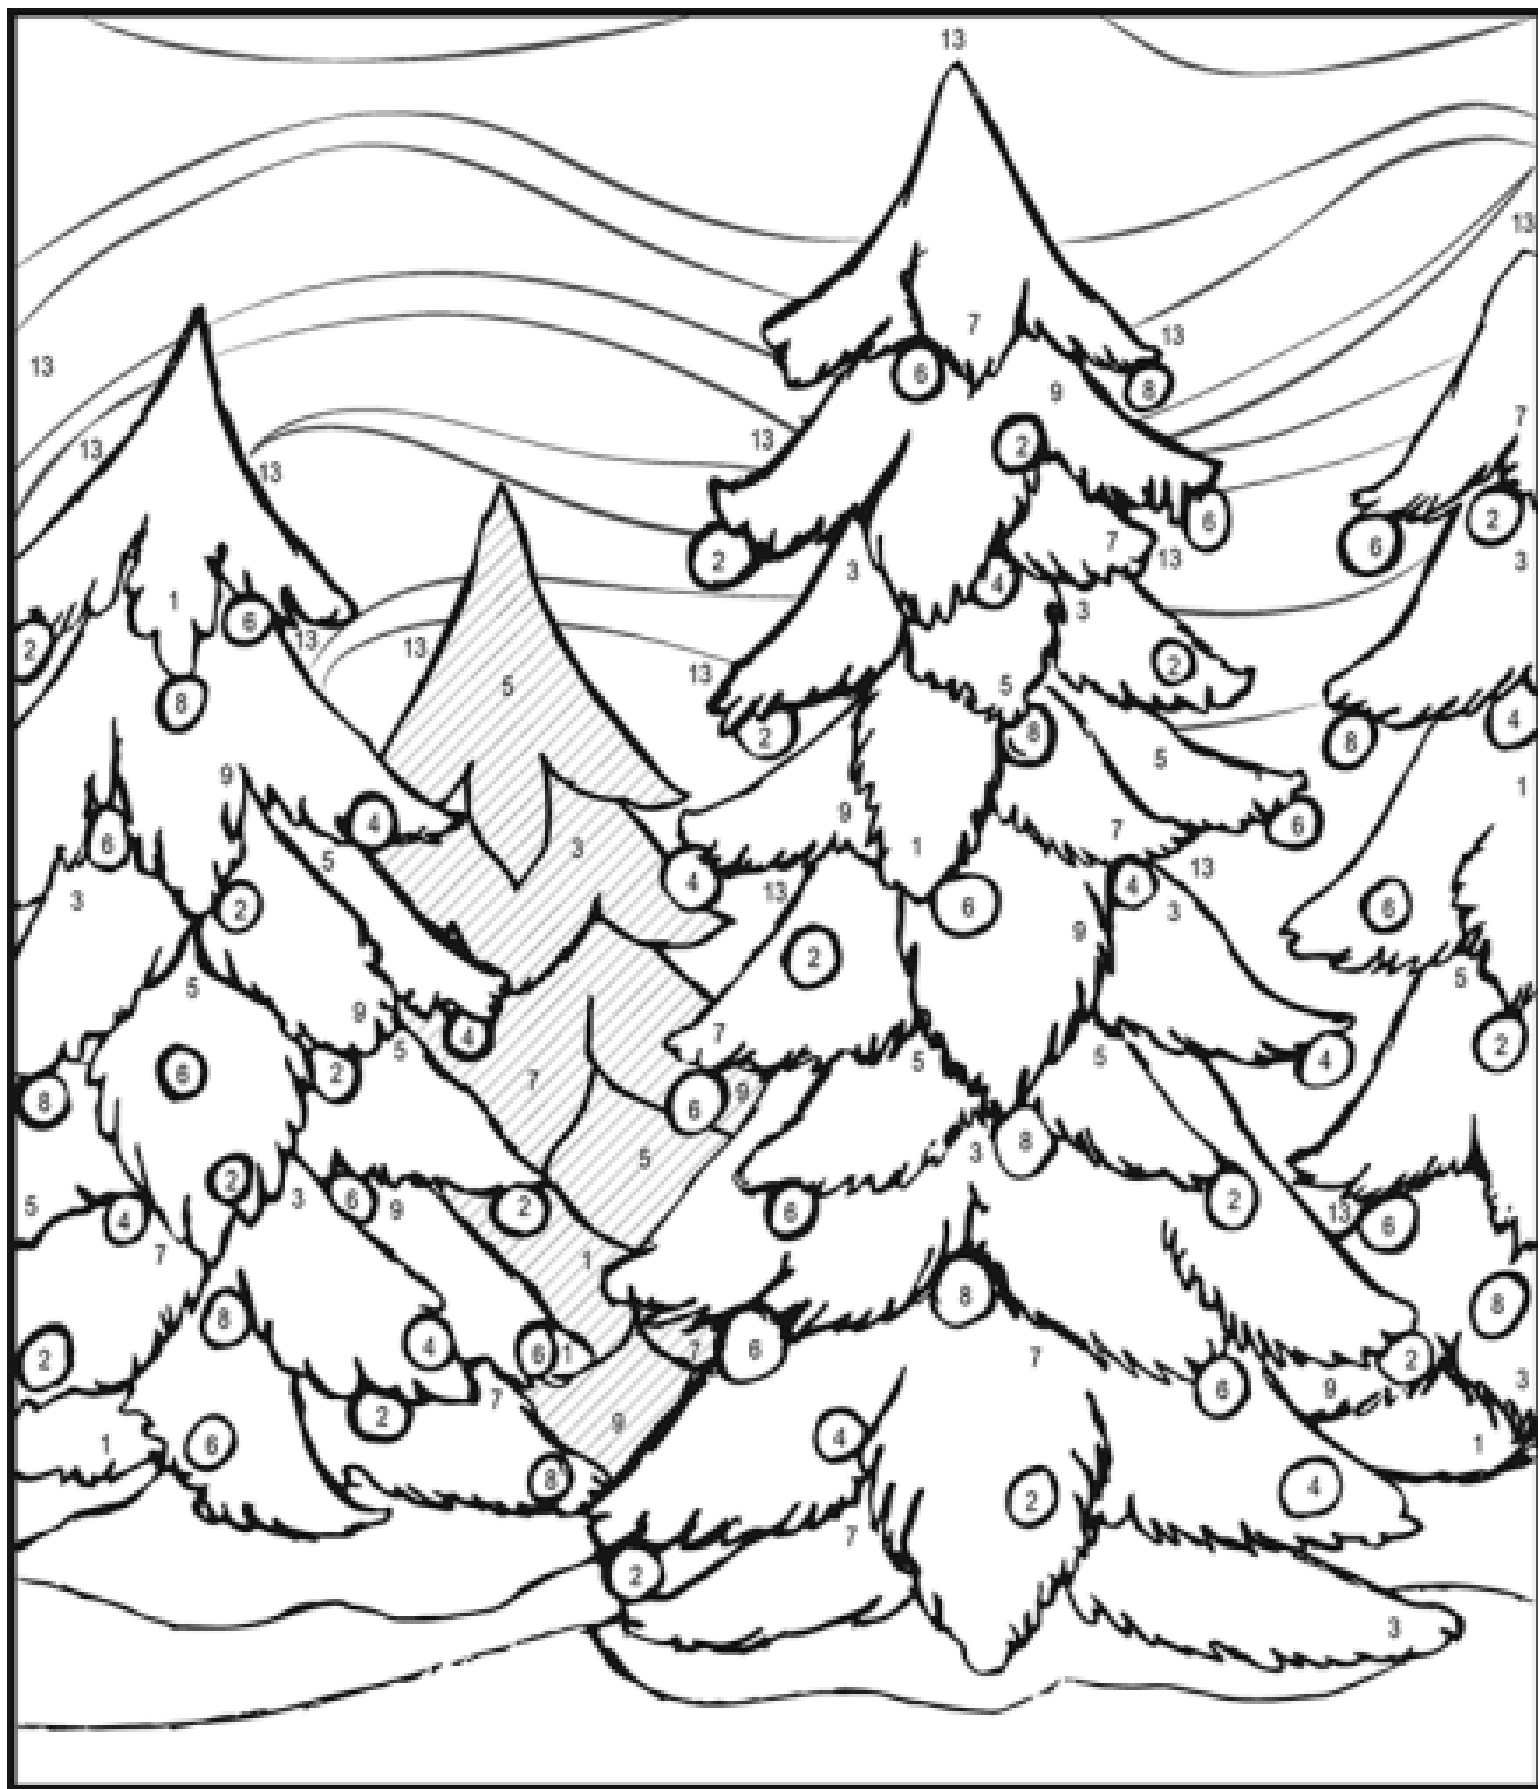

By Milo Stangeland

Cian Logan, the son of Ian Logan. He first arrived at Froid School when he was a 7th grader. Ian Logan is his biggest supporter. His favorite memory of being a student of Froid High School is being in Student organizations like BPA, FFA, and sports. When he looked at all the classes that he took, his favorite class was study hall in Ms. Gallegos. When he leaves Froid, he plans on going to Minnesota State University-Moorhead and working at a 9-5 job.

One wish that he would make is having more time to finish tasks and having more free time. His proudest accomplishment is becoming a state officer for Business Professional of America. One thing that he will miss is all the school organizations that Froid High School have brought us. Lastly, if he could go anywhere in the world, he would go to Greece and visit the Acropolis of Athens.
