Athletic Contest Participation by Sixth Graders

If the Middle School Teams do not have 20 or more athletes going out for the sport the school board will allow 6th grade students may participate in athletic contests between schools, within a school system, or between school systems if the school administration judges that it is appropriate after taking into consideration the competition's nature and value to the students, its physical requirements and dangers, and the sixth grade students' ages, physical and mental abilities, maturity, skills, and preparation for the competition.
