CONSENT FOR TREATMENT AND GENERAL ACKNOWLEDGMENTS

- I consent to the provision of care, diagnostic procedures, laboratory testing and medical treatment as my physician(s) and/or other healthcare provider(s) deem necessary. If surgery, complex diagnostic, therapeutic procedures and/or blood or blood products are required, my practitioner will discuss these with me and additional informed consent may be obtained. I understand that there are no warranties or guarantees regarding the services and care provided.
- Some care may be provided using telehealth technology and I consent to participate in telehealth consultations.
- I consent to the taking of photographs or video recordings that document conditions, treatments or procedures and understand that such images may be used for medical, research or teaching purposes. I understand that I am not allowed to take pictures or make video or audio recordings of my care, other patients, Carle employees, providers, or students in Carle facilities.
- Information I provide regarding religious affiliation will be available to clergy affiliated with my congregation unless I indicate otherwise to admission staff.
- I understand that Carle's mission includes research to advance knowledge and medical breakthroughs. I understand that Carle may use or share my excess body tissue or body fluid for educational and research purposes in accordance with law. If my specimen(s) or other material(s) are provided to third parties, the specimen(s)/material(s) will be made anonymous.
- I understand that the providers participating in my care, including my physician, may be either employees of Carle or independent contractors who are not employees or agents of Carle, but are permitted to use Carle facilities for the care and treatment of their patients.
- I understand that as a teaching institution, medical residents and clinical students may participate in my care unless I request otherwise. I understand that if I refuse a medical student or resident, I must communicate my preference to my healthcare provider at the time of treatment. Carle will attempt to honor the request to exclude a resident or clinical student where feasible and if such exclusion will not be detrimental to my healthcare.
- I understand that Carle will not be responsible for the loss, destruction, or theft of any personal property that I bring with me to Carle. I take full responsibility and release Carle from any responsibility or liability for my personal property.
- I acknowledge that Carle uses video surveillance throughout its facilities to ensure a safe and secure environment for patient, visitors, and staff.

RELEASE AND SHARING OF RECORDS

I understand Carle may share records, charts, x-rays, laboratory work or similar information regarding my medical care with other Carle entities for the purposes of my treatment. Carle may release any medical records related to this medical visit to other providers who participate in my care. I acknowledge that Carle shares its electronic medical record system with other healthcare entities through the Community Connect program. When I am treated by practitioners using this combined system, those individuals will have access to my medical information and use the same medical record system to document information about care and services for purposes of continuity of care. Once my information is combined, it cannot be separated. I understand and acknowledge that federal and state laws require certain medical conditions/diseases to be reported to government agencies. Such conditions/diseases include HIV/AIDS and sexually transmitted diseases.

NOTICE OF OBSERVATION STATUS

Should you be admitted to a Carle facility as an "inpatient," your admitting provider may change that status to "observation" following a review of your medical needs. That change in status may impact your insurance coverage under the federal Medicare program, the medical assistance program under Article V of the Illinois Public Aid Code, or your commercial insurance policy for the current hospital stay, including medications and other pharmaceutical supplies, as well as coverage for any subsequent discharge to a skilled nursing facility, home, or community based care. We encourage you to contact your insurance company to better understand the implications of being placed into the "observation" status.

ASSIGNMENT OF INSURANCE BENEFITS AND INSURANCE COMMUNICATIONS

I authorize Carle to bill my insurance(s) directly whether that insurance is identified by Carle or by me before or after care is rendered. I authorize my insurance(s) to make payments directly to Carle for all services provided, but not exceeding the charges due. I give Carle permission to communicate with my insurance companies and/or state agencies on my behalf to assist with managing my rights and benefits.

PAYMENT AGREEMENT

I assume full responsibility for and agree to pay all costs, charges and expenses incurred by me for the medical care provided by Carle, whether as an inpatient or outpatient. ILLINOIS FAIR PATIENT BILLING ACT

Depending on the services I receive today, I understand that I may receive separate bills for services provided by Carle providers or other providers outside Carle who provide health care services. Further, I understand that some health care providers may not be participating providers with the same insurance plans and networks as Carle. As a result, I understand that I may have a greater personal financial responsibility for services provided by health care professionals who are not under contract with my health plan. I understand that questions about my coverage or benefit levels should be directed to my health insurance carrier. I may contact a Customer Service Representative at (888) 712-2753 or (888) 71-Carle with any questions about my bill. I understand that Carle will use automated processes based on information I provide to Carle to determine my eligibility for financial assistance offered by the hospital, public health insurance programs, or other discounted care known to Carle. I consent to such screening process at the earliest reasonable moment for potential eligibility.
