January 24, 2024

Dear Katahdin Schools' Families, Staff and Community,

The Strategic Plan process continues. We intend to have our core beliefs and action strategies framework completed by the spring of this year. Below are the next steps in the process:

1. Surveys shared to identify our core beliefs around each of our plan's focus areas (Click on the focus area to access the survey).
  - a. [Community Involvement](#)
  - b. [Curriculum, Instruction & Assessment](#)
  - c. [Facilities & Maintenance](#)
  - d. [Generating Revenue](#)
  - e. [Recruit & Retain High Quality Personnel](#)

**Your input is needed!** The surveys will be open until early March so please share your thoughts!

2. Following the close of the surveys, the results will be used to identify our core beliefs.
3. The core beliefs will be shared with our District Administrative Team, School Leadership Teams and our School Committee for review/feedback.
4. Once the core beliefs have been solidified, we will develop a framework that includes the identified actions strategies that align to our district beliefs and goals.
5. The framework will be developed in collaboration with the District Administrative Team, School Leadership Teams and our School Committee.
6. This framework will be shared with the School Committee for review and adoption.

A few notes about our strategic plan. Once completed it serves as a roadmap that is intended to be flexible and modifiable based on current situations and needs of the district. Our strategic plan will allow for more long term planning and ensure that our district continues to move forward and offer the best possible learning experience for our students.

Thank you in advance for sharing your thoughts and please feel free to reach out with any questions!

Respectfully,

Marie Robinson, Ph.D.  
Superintendent of Schools
