Preschool Child Find

Overview

What is a Preschool Child Find Screening?

Preschool Child Find is part of the Individuals with Disabilities Act (IDEA) that requires districts to locate, identify, and evaluate children ages 3 to 5 who may have a disability.

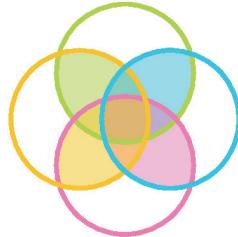

A screening is a series of professional observations and developmental checklists in various areas of development. For ages 3-5, screening days are held throughout the year at Bennettsville Primary School.

Scheduling a screening

Services are available to assist children with special needs. Call to schedule a screening appointment if you are concerned that a child may have a delay in one or more of the following areas of development:

- Cognitive Skills
- Communication Skills
- Daily Living Skills
- Motor Skills
- Vision
- Hearing

Parents/guardians, teachers, daycare providers, or pediatricians may make a referral. However, a legal guardian must give written permission for screening to occur. There is no cost for screening, evaluation, or recommended services.

Preschool 3-5 Already Enrolled

If you have a child already enrolled in Marlboro County School District who may need special services, please contact your child's school and express your concerns to your child's teacher, school administrator, or guidance counselor.

When your child is referred

After the screening is complete, results are shared with parents to determine if any further evaluations are needed. Children who are suspected of having a developmental delay in one or more areas will be recommended for further evaluation to determine if they qualify for special education services through MCSD.

After evaluations have been completed, a meeting will be held to review results and determine eligibility based on state guidelines. If your child is eligible, an Individualized Education Plan (IEP) will be created with the team.

Our Program

- We currently have three preschool classrooms to serve students ages 3-5 who qualify with a disability.
- Our program is housed at Bennettsville Primary School, but serves students from all of Marlboro County.
- Each classroom has a certified Early Childhood Special Education teacher and a trained paraprofessional.
- Ratio of up to 10 students to 2 adults.
- Half-day program serving two groups a day.
- Focuses on gross motor, fine motor, pre-writing, cognitive, language, daily living, and social emotional skills.
- Prepare your child with necessary skills to be successful in the school environment.
- Our program emphasizes language development through fun and engaging thematic units
