

Military-Connected Student Information Form

Federal education law requires that schools identify students who have an immediate family member serving on active duty in any branch of the Armed Forces of the United States. This form asks you to provide information related to this requirement if you or another member of your student's immediate family serves in the U.S. military. The requested information includes items related to the service of members of the Reserve Component of the military (Air Force, Army, Marine, and Navy Reserve; Army and Air National Guard), given that Reservists may be called to active duty at any time. <u>Please notify the school if a service member's status changes at any point during a school year</u>.

This information is necessary to determine whether a student has a parent/guardian serving on active duty in the military at any point during the school year. Identifying military children upon enrollment in a school—particularly a new school—can help staff coordinate education plans with military families (particularly active duty, AGR, and Veterans' families) who may be transitioning to new communities. The ability to know if/when a parent in the Reserve Component is called to active duty will allow school staff to provide any additional supports or resources students might need to allow them to be successful even when dealing with possible separations in their home lives. The information will also enable disaggregation of data based on students' connections to the Active and Reserve Components, which is a best practice endorsed by the Department of Defense (http://www.usa4militaryfamilies.dod.mil/MOS/f?p=USA4:ISSUE:0::::P2_ISSUE:3).
