2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

In 1956, La Loma Junior High School opened with space for 650 students. This year, there are 686 seventh and eighth-grade students who populate the school from both sides of Yosemite Blvd. The inclusion of students from all parts of the socio-economic spectrum provides for a unique and diverse student demographic. Currently, 79% of our student population participates in the free or reduced lunch program.

La Loma today boasts a wide array of educational and support services for students from diverse ethnic, racial, and socioeconomic backgrounds. 24.3% of our students identify themselves as White/Caucasian, 61.2% as Hispanic or Latino, 3.2% as African-American, and 2.2% as Asian. 8.5% claim a dual ethnicity. We are home to four Special Education programs (Resource Specialist, SDC Learning Handicapped, Deaf and Hard of Hearing, and Severely Emotionally Disturbed), and have itinerant services for students with other disabilities. 85 students are enrolled in band or orchestra; we also have a 50+ voice Chorus that performs throughout the city and in Disneyland each year.

The main buildings, erected in 1956, have been augmented with portable classrooms, a gymnasium, and one computer lab. A new cafeteria was completed in March 2003, to serve our student population through a two lunch-period system. All classrooms now have air-conditioning and upgraded electrical wiring. During the summer of 2002, a science lab was completely renovated. During the fall of 2011, the second lab was refurbished. In 2013, the labs were augmented to accommodate the requirements of State testing.

Modernization of La Loma began in February 2004 and was completed in September 2005. Classrooms received a facelift, which included new marker boards, tack boards, paint, and exterior door replacement. Full abatement, re-roofing, interior, and exterior painting, fire alarm upgrades, security alarm, and restroom upgrades have also been completed. Staff and student restrooms have new tiles and are ADA-compliant. The custodial staff at La Loma takes great pride in keeping the campus in spotless condition, and they have consistently won Modesto City Schools District awards for their diligence. They were honored at a Board of Education meeting in October 2009 for receiving an outstanding inspection rating. During the Summer of 2019 the exterior paint was completed, air conditioning was added to the gymnasium, and security cameras were installed on campus. During the summer and fall of 2021, there were significant improvements made to the site. The front of the school was redesigned for a better pick-up and drop-off experience for parents and guardians. There is also a new visitor parking area in front of the school. New staff parking has been added and a new bus pick-up and drop-off area have been added to the school. New safety fencing was added to help secure the school and provide a single point of entry for visitors. During the 22-23 school

2022-23 School Overview

year there are significant upgrades being done to the interior of our classrooms, including upgrades to our science classrooms and performing arts classrooms. A new track, football field, and other facilities upgrades are also being completed for our PE, athletics, and community use.

The Center for Human Services, a local non-profit organization, provides counseling through its Student Assistant Specialist program. The specialist is on our campus five days a week to provide conflict mediation, Alcohol, and Other Drug Education, referrals for counseling, and risky behaviors interventions as well as many other related services. We now have a second Student Assistant Specialist who is stationed in our Intervention Center and works with students who are placed there in supporting academic work, character development work, and our Restorative Practice program. This year we have also added a Family Support Specialist to work with connections and support to families needing support and assistance. We have been able to add a part-time academic/intervention counselor that we split with another local junior high. Our academic counselors are on our campus daily and closely monitors students' progress toward meeting graduation requirements. The WEB (Where Everybody Belongs) program was implemented beginning in 2006-07. Like Link Crew in high school, the program trains over 80 eighth grade students in leadership skills and strategies to welcome, assist and provide ongoing support for incoming 7th graders in order to facilitate and ease the difficult transition from elementary to junior high school.

La Loma is designated a Title I School. Funding was used to assist students needing additional support in order to be successful in their academic studies. Title I School-wide status was suspended for the 2012-2013 school year through 2015, as La Loma was designated to be a "School of Choice" through NCLB. Students requiring additional assistance still received remedial classes in language arts and mathematics, and English Learners not yet reclassified were still enrolled in an Academic Language Development course to strengthen their skills for school in general. Resource students are enrolled in a Resource Tutorial class that teaches organizational skills, and study habits, and provides academic support. Students who show the ability, but might lack the support or resources to enter college, are recruited into the AVID program (Advancement Via Individual Determination) where they learn note-taking, organization, responsibility, and collaboration, and receive tutoring in their academic classes.

More than half of the full-time teachers have been teaching at La Loma for at least ten years. Our teachers coach after-school athletic teams and advise academic programs such as Science Olympiad, Math Super Bowl, Future City Competition, WEB (Where Everyone Belongs) program, CJSF (California Junior Scholarship Federation), History Day, Career Day, and more. They also model the nine Character Traits promoted by the District Character Education program. To recognize students' academic performance, we have various recognition efforts underway on an ongoing basis, including Students of the Month and our ASB-driven Lancer Awards program, which recognizes students whose grades reflect a GPA of 3.0 or higher for semester grading periods, as well as recognizing students with "perfect" citizenship. Recognition has been expanded to include students who improve their GPAs by 0.5, perfect attendance, and all "O's" (Outstanding citizenship). La Loma teachers also volunteer to provide academic assistance Monday through Thursday both before and after school as needed or requested.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Governing Board recognizes that students' educational opportunities are enhanced when they have sufficient access to high-quality textbooks, equipment and other instructional materials for each of the subjects they are studying. To adequately support the Board-approved curriculum, instructional materials must also be up to date. For further information about the selection and adoption of instructional materials at all Modesto City Schools, please reference Board Policies 6161, 6161.1, and 6161.11. All board policies are located at <https://www.mcs4kids.com/district/board/board-policies/board-policies>.

School Facility Conditions and Planned Improvements

La Loma maintains a safe learning environment before, during, and after school. The cleanliness and maintenance of the school is of paramount concern to the custodial staff and a true point of pride. La Loma has a total of 5 full-time employees on the custodial team. The most recent FIT (inspection) was on July 2019 and La Loma received a "Good" rating.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School/Buildings:

This school has classrooms, laboratories, cafeteria, library, gymnasium, locker room and an administration office. The main campus was built in 1956 and opened in 1956.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority. The school facility is in overall good repair.

Cleaning Process and Schedule:

The Operations Department has adopted cleaning standards for all schools in the district. A summary of these standards are available at the school office, or at the Maintenance & Operations office. The Maintenance & Operations Department works continuously with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance:

The District participated in the State School Deferred Maintenance Program, which provided flexible state matching funds to assist school districts with expenditures for major repair or replacement of existing school facilities components. State contributions to this Program ended in the 2012-13 school year. Deferred Maintenance typically includes paving, roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. Carry-over funds for deferred maintenance projects throughout the District in Funds 01 and 14 have been exhausted. The Board has authorized the General Fund (Fund 01) to annually contribute \$2 million to Facility Maintenance (Fund 14) to be used for new construction and maintenance projects throughout the District, \$2 million to Routine Restricted Maintenance (Fund 14) for maintenance projects throughout the District and \$2 million to Facility Improvements (Fund 40) for the District's high schools. Identified needed repairs are weighed against all other District site repairs and the most urgent repairs are addressed first.

Data provided by LEA. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	34	N/A	28	N/A	47
Mathematics (grades 3-8 and 11)	N/A	18	N/A	18	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 7	90.34%	90.97%	90.65%	90.65%	90.97%

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

The PTA provides numerous opportunities for parental involvement such as volunteering, supporting PBIS and Renaissance recognitions, fundraising, community outreach, school beautification, chaperoning school activities, and teacher and/or student appreciation. La Loma also enjoys very active parent participation in support of both the Chorus and the Instrumental Music programs, as well as an AVID parent support system. General membership meetings are two or three times per year.

English Learner Parent Participation:

The purpose of the ELAC meetings is to ensure that the academic needs of English Learners are being met. Meetings are held monthly and provide education for parents of English Learners on a variety of topics. ELAC parents are trained on the legal responsibilities of the committee and the school and committee officers are elected each year. Academic and social/emotional issues that impact students' academic achievement, and reclassification process, as well as issues regarding school and cyber safety, are the focus of various meetings. Parents have the opportunity to request information on additional topics at each meeting. A successful high school transition is facilitated by meetings attended by high school counselors, administrators, and college counselors.

Sixth-grade Orientation, Back-to-School Night, Title 1 Parent Night, Open House, History Day, Career Faire, and STEM Faire:

These events occur annually, giving parents the opportunity to meet and interact with their children's teachers, to learn information about the school programs, and understand ways they can help to make their children succeed in school. La Loma offers additional parent opportunities through its connection with Love Modesto, Adopt-A-River Cleanup, and neighborhood beautification projects with the City of Modesto.

Parent Education meetings are held frequently to provide information and training to parents on a variety of topics. Topics include, but are not limited to understanding how to navigate the school system, accessing the Parent Portal and how to contact teachers via email, cyber safety, transitioning to high school, and other topics as requested by the parent groups.

Parent Feedback Surveys:

2022-23 Opportunities for Parental Involvement

Parent feedback surveys are sent to all parents on a quarterly basis so they can inform the school as to what needs to be improved and provide feedback on their needs.

2021-22 Chronic Absenteeism by Student Group

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	5.07	2.23	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

La Loma maintains a safe learning environment before, during, and after school. Staff and student safety are of the utmost priority for the administration, teachers, and students. The school employs two full-time campus supervisors and two-yard duty personnel who are responsible for maintaining a vigilant presence on campus at all times. The district has provided added after-school coverage with two school safety officers. La Loma reviews and updates its safety plans and procedures once each semester and/or as needed throughout the school year. There is a suggestion box available to provide an avenue for staff to provide feedback regarding possible safety issues. Regularly scheduled fire and lockdown drills are conducted. Security cameras were added in the fall of 2019, along with a single point-of-entry system utilizing the Raptor Visitor Identification program to track and monitor visitors on campus.

The administration, Physical Education Department, as well as the rest of the site staff have received district-required training in the proper use of the two Automated External Defibrillator (AED) devices on campus and are aware of their locations. Upon arrival at La Loma, visitors are greeted with a large sign directing them to the office area where they sign in, meet our receptionist, and those seeking clearance to enter the school are given a visitor's pass. Before and after school, staff members assist administrators and campus supervisors in monitoring students on a rotating basis in order to maintain a safe and calm school campus. All District required health and safety guidelines are strictly followed including available sanitation stations. Due to changing requirements the marked traffic patterns and social distancing markers have been removed. The safety committee meets annually to review the plan. The plan was last annually reviewed, updated, and discussed with school faculty and a student representative on January 20, 2022.

2021-22 Types of Services Funded

The Modesto City Schools Local Control and Accountability Plan (LCAP) provides detailed information on actions, services, and expenditures that support and assist students. Actions, services, and expenditures funded through past year LCAPs can be found here: <https://www.mcs4kids.com/o/mcs/page/lcff-and-lcap>. The most recent LCAP can be found here: <https://www.mcs4kids.com/o/mcs/page/lcff-and-lcap>. While the LCAP is designed to support the educational progress of all students, there are specific actions and services principally directed toward meeting the needs of our unduplicated students in closing the achievement gap.

Professional Development

Professional development in MCS is data driven using research-based best practices to ensure our students receive a guaranteed and viable curriculum in every grade, in every school. We use formative and summative data to drive our instructional decisions and focus for professional development. To this end, we utilize multiple structures to provide high-quality professional development to our staff including: summer training, preservice-days, district wide professional development days, after school workshops, Saturday workshops, substitute-release days, instructional coaching, Induction and intern mentor programs, Peer Assistance Review (PAR) program, as well as an Administrative Induction Program. For the fourth year, MCS has provided the opportunity for 1% compensation for certificated and management who choose to complete an extra twelve hours of professional development outside of their normal work day. We offer the same incentive for classified, but at a flat rate compensation of \$400 for the first 6 hours and \$400 for the second 6 hours of voluntary professional development hours.

MCS has prioritized our focus on mathematics, literacy across grades and content areas, collaboration, welcoming schools/customer service, English Learners, and building our capacity as professionals. This has been in addition to the needed training in new adoptions, curriculum and standard updates and the like. The professional development is sustained through site administration, district and site level instructional coaches, and intervention specialists. The Curriculum and Instruction & Professional Development Division is tasked with increasing the quality and quantity of professional development provided to classified, certificated, and managers alike.

Coming out of the COVID closures, we have focused our efforts on our Instructional Core:

- Instructional Core Vision: Every student deserves a guaranteed instructional program, not by chance, but by design, including Board-adopted curriculum, researched-based best practices, and authentic relationships and assessments that guide instruction.
- Supporting All Learners: Intentionally planning lessons with consideration for strategies, scaffolds, and interventions that create equitable learning opportunities for all students.
- Board-adopted Curriculum: Intentionally utilizing the currently adopted curriculum to ensure equitable access for all students to rigorous content standards. Understanding how the curriculum design supports students' progression over time.
- Engaging Students using Language and Literacy: Designing lessons that engage and support all learners by providing daily opportunities to interact with content through reading, writing, listening, and speaking.
- Professional Learning Communities: PLCs are the vehicle we use to guarantee the success of the Instructional Core. Fully engaging in the process of identifying what students need to learn, how it is to be taught, what to do if they don't reach mastery, and what to do if they excel, with regular review of student formative data to guide instruction.

All learners means every student regardless of gender, socio-economic level, at-risk status, racial, ethnic, or cultural background, exceptional ability, disability, or Limited English Proficiency.
