2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Martone's Mission: Alberta Martone's staff, parents and community members work together to provide a safe and supportive learning environment that increases the life opportunities for all scholars by ensuring academic and social-emotional growth. Vision: Quality Teaching and High Levels of Learning for ALL

Martone's community members, parents, staff and students worked collaboratively to develop a mission and vision statement that reflects our commitment to Martone's scholars.

Alberta Martone Elementary is a traditional Pre-K through 6th grade campus nestled in an urban neighborhood in Modesto, California. Martone includes Head Start and Preschool Program, three K-3 Autism Inclusion classes as well as self-contained Gifted and Talented Enrichment (GATE) classes for 3rd - 6th grade. Modesto City School also offers the MVA program - Modesto Virtual Academy that is available to Martone students to participate. Martone has been recognized by the California Department of Education as a California Distinguished School on three different occasions. Our student population is a rich blend of diverse cultures and languages. We proudly serve approximately 650 students and their families in a collaborative partnership that strengthens student learning and achievement.

Martone scholars are nurtured in a supportive environment filled with high expectations for academic and behavioral success. Standards-based intervention and enrichment programs abound to support students at every level of the achievement spectrum, including on-site counseling, speech, and resource services. Martone's nurturing and supportive environment is extended beyond the school day to include the After School Education and Safety Program (ASES) and RISE Reading & Math Intervention Program. Additional academic and social-emotional supports are provided during the school day through the Multi Tier Student Support Program (MTSS) and Student Assistant Support provider. The staff is dedicated to providing rigorous and engaging educational experiences that challenge students to take responsibility for their own behavior and learning, become critical thinkers and creative problem solvers, and demonstrate a respect for and appreciation of our community's ethnic, cultural, and linguistic diversity.

The Martone family takes great pride in celebrating student achievement in a variety of ways, including Awards Assemblies: Positive Behavior Interventions Systems (PBIS REWARDS), Student of the Week, Student of the Month, and Perfect Attendance (individually and by class). Service learning projects integrate community service with academic study to enrich learning, teach civic responsibility, and strengthen communities. Field trips enhance student learning and provide access to

2022-23 School Overview

services and resources that enrich students' life experiences. Opportunities for leadership and extracurricular activities include student council, yearbook, orchestra, band, choir, traffic patrol, classroom buddies, and the ASES program.

Our school's commitment is to prepare students to receive a high school diploma, equip students for success in college, vocational school, and/or the career of their choice. Our Kinder to College program exposes all students to local, state and national colleges and universities, as well as a variety of career opportunities. We affirm that education is a cooperative partnership between home, school, and the community. We are proud to continue a legacy of academic excellence that promotes the core educational values of our school's beloved name sake, Mrs. Alberta Martone.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Governing Board recognizes that students' educational opportunities are enhanced when they have sufficient access to high-quality textbooks, equipment and other instructional materials for each of the subjects they are studying. To adequately support the Board-approved curriculum, instructional materials must also be up to date. For further information about the selection and adoption of instructional materials at all Modesto City Schools, please reference Board Policies 6161, 6161.1, and 6161.11. All board policies are located at <https://www.mcs4kids.com/district/board/board-policies/board-policies>.

School Facility Conditions and Planned Improvements

School Facility Conditions -- General Information

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are included within this report. The results of this survey are available at the district office and on the internet at mcs4kids.com.

Martone School is fully gated for the safety and security of students and staff. Before and after school, administrators and staff members supervise the bus drop-off area as well as the parent drop off zones. Staff, parent volunteers, and Safety Patrol students wear identifying vests and monitor entry and exit points as well as student movement throughout campus and near the parking lot. Students are supervised as they safely cross the street at two intersections adjacent to the campus before and after school. Once school begins, all gates are locked and visitors must enter campus through the office. Parents, visitors, and volunteers are required to sign-in and out and wear a visitor sticker while on campus. At the end of the school day, administrators and staff supervise students as they exit the school. Loading and unloading zones are clearly marked and signs are posted as reminders to guests. The safety and security of the students, staff, and families at Martone is a top priority.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School/Buildings:

This school has classrooms, a cafeteria, library, early childhood education, staff room, and an administration office. The main campus was built in 1987 and opened in 1987.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority. The school facility is in overall good repair.

Cleaning Process and Schedule:

The Operations Department has adopted cleaning standards for all schools in the district. A summary of these standards are available at the school office, or at the Maintenance & Operations office. The Maintenance & Operations Department works continuously with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance:

The District participated in the State School Deferred Maintenance Program, which provided flexible state matching funds to assist school districts with expenditures for major repair or replacement of existing school facilities components. State contributions to this Program ended in the 2012-13 school year. Deferred Maintenance typically includes paving, roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. Carry-over funds for deferred maintenance projects throughout the District in Funds 01 and 14 have been exhausted. The Board has authorized the General Fund (Fund 01) to annually contribute \$2 million to Facility Maintenance (Fund 14) to be used for new construction and maintenance projects throughout the District, \$2 million to Routine Restricted Maintenance (Fund 14) for maintenance projects throughout the District and \$2 million to Facility Improvements (Fund 40) for the District's high schools. Identified needed repairs are weighed against all other District site repairs and the most urgent repairs are addressed first.

Data provided by LEA. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	33	N/A	28	N/A	47
Mathematics (grades 3-8 and 11)	N/A	24	N/A	18	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Martone offers multiple opportunities for parents to partner with the school and become actively involved in their child's education. Ways for parents to become involved include: volunteering in their child's classroom; participating in our site-based English Learner Advisory Committee, Parent Involvement and Engagement (PIE); Parent Partnership; attending parent-teacher conferences; volunteering for school wide events such as the Fall Festival and Jog-A-Thon; School Safety Committee; School Site Council (SSC); and attending Back to School Night, School Board meetings, Student Study Team (SST) meetings and Parent Information Meetings. Martone also offers a variety of Parent education classes ranging from "How To Read your Child's Report Card" to Parenting Classes such as "Loving Solutions". The classes offered are in response to parent input.

Families can directly communicate with teachers through their child's classroom Schoology Portal and email. Teachers are dedicated to parent/teacher communication and directly communicate with families using various communication applications such as ParentSquare. Both school wide and classroom information can be found on teacher Homeroom Courses in Schoology, ParentSquare and our Martone Web site. Phone dialers & ParentSquare posting are a primary communication tool as well as daily check in phone calls made by staff.

In addition, during the traditional school year, our families are notified of school activities through a school newsletter, flyers, website announcements, a phone dialer that calls and/or emails every student's home to remind families of upcoming events, regular notices sent home, our school's "Communication Folder," which every child receives the first day of school and is sent home every Friday containing important school news, our marquee, our communication board, and our Martone Web Site and Facebook page.

Our Winter Concert, Fall Festival, Spring Carnival, Family Academic Nights, Math Night, Movie Night, and many other activities are several of the fun and exciting ways that families are encouraged to get involved at Martone. For additional information, please contact: Principal Mary Beth Oberkamper, Vice Principal Christopher Harvey, or Parent Volunteer organizer Michele Hill at (209) 574-8172.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.26	2.23	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Martone Safety committee meets at least three times each school year to review procedures and provide guidance in creating a safe learning environment for every student. We held our first review of the Safety and Crisis Plan on October 17, 2022 during which the Safety Plan was approved. During Safety Committee Meeting, Lock Down procedures and evacuation routes were reviewed in depth. The safety procedures were reviewed with staff on December 5, 2022.

2021-22 Types of Services Funded

The Modesto City Schools Local Control and Accountability Plan (LCAP) provides detailed information on actions, services, and expenditures that support and assist students. Actions, services, and expenditures funded through past year LCAPs can be found here: <https://www.mcs4kids.com/o/mcs/page/lcff-and-lcap>. The most recent LCAP can be found here: <https://www.mcs4kids.com/o/mcs/page/lcff-and-lcap>. While the LCAP is designed to support the educational progress of all students, there are specific actions and services principally directed toward meeting the needs of our unduplicated students in closing the achievement gap.

Professional Development

Professional development in MCS is data driven using research-based best practices to ensure our students receive a guaranteed and viable curriculum in every grade, in every school. We use formative and summative data to drive our instructional decisions and focus for professional development. To this end, we utilize multiple structures to provide high-quality professional development to our staff including: summer training, preservice-days, district wide professional development days, after school workshops, Saturday workshops, substitute-release days, instructional coaching, Induction and intern mentor programs, Peer Assistance Review (PAR) program, as well as an Administrative Induction Program. For the fourth year, MCS has provided the opportunity for 1% compensation for certificated and management who choose to complete an extra twelve hours of professional development outside of their normal work day. We offer the same incentive for classified, but at a flat rate compensation of \$400 for the first 6 hours and \$400 for the second 6 hours of voluntary professional development hours.

MCS has prioritized our focus on mathematics, literacy across grades and content areas, collaboration, welcoming schools/customer service, English Learners, and building our capacity as professionals. This has been in addition to the needed training in new adoptions, curriculum and standard updates and the like. The professional development is sustained through site administration, district and site level instructional coaches, and intervention specialists. The Curriculum and Instruction & Professional Development Division is tasked with increasing the quality and quantity of professional development provided to classified, certificated, and managers alike.

Coming out of the COVID closures, we have focused our efforts on our Instructional Core:

- Instructional Core Vision: Every student deserves a guaranteed instructional program, not by chance, but by design, including Board-adopted curriculum, researched-based best practices, and authentic relationships and assessments that guide instruction.
- Supporting All Learners: Intentionally planning lessons with consideration for strategies, scaffolds, and interventions that create equitable learning opportunities for all students.
- Board-adopted Curriculum: Intentionally utilizing the currently adopted curriculum to ensure equitable access for all students to rigorous content standards. Understanding how the curriculum design supports students' progression over time.
- Engaging Students using Language and Literacy: Designing lessons that engage and support all learners by providing daily opportunities to interact with content through reading, writing, listening, and speaking.
- Professional Learning Communities: PLCs are the vehicle we use to guarantee the success of the Instructional Core. Fully engaging in the process of identifying what students need to learn, how it is to be taught, what to do if they don't reach mastery, and what to do if they excel, with regular review of student formative data to guide instruction.

All learners means every student regardless of gender, socio-economic level, at-risk status, racial, ethnic, or cultural background, exceptional ability, disability, or Limited English Proficiency.
