

What is a School-Parent-Student Compact?

Our annual Title I Compact highlight opportunities for us to work together to help our students succeed. Student success is a shared responsibility. This compact provides strategies to connect learning at school and at home.

Effective Compacts:

- Link to academic achievement goals
- Focus on student learning
- Share strategies that staff, families and students can use
- Explain how families, teachers and students can communicate about student progress
- Describe opportunities for families to participate in the student's learning

Jointly Developed

Staff members, families and students work together and share ideas to develop the Title I Compact. Meetings are held each year to review and revise the compact based on the school's academic achievement goals and students' needs.

Families are welcome to provide feedback on the Title I compact throughout the school year. All feedback will be collected and reviewed with families during the annual revision meeting. Please call (361)788-9509 for more information.
