

Victoria ISD Transportation Department

Hazardous Traffic Areas Resolution for 2023 – 2024 School Year

Hazardous Areas For Transportation

- Must be within a 2-mile radius of the campus
- Must present a danger or hazard to the walking student
- Must be an area designated by the Board of Trustees

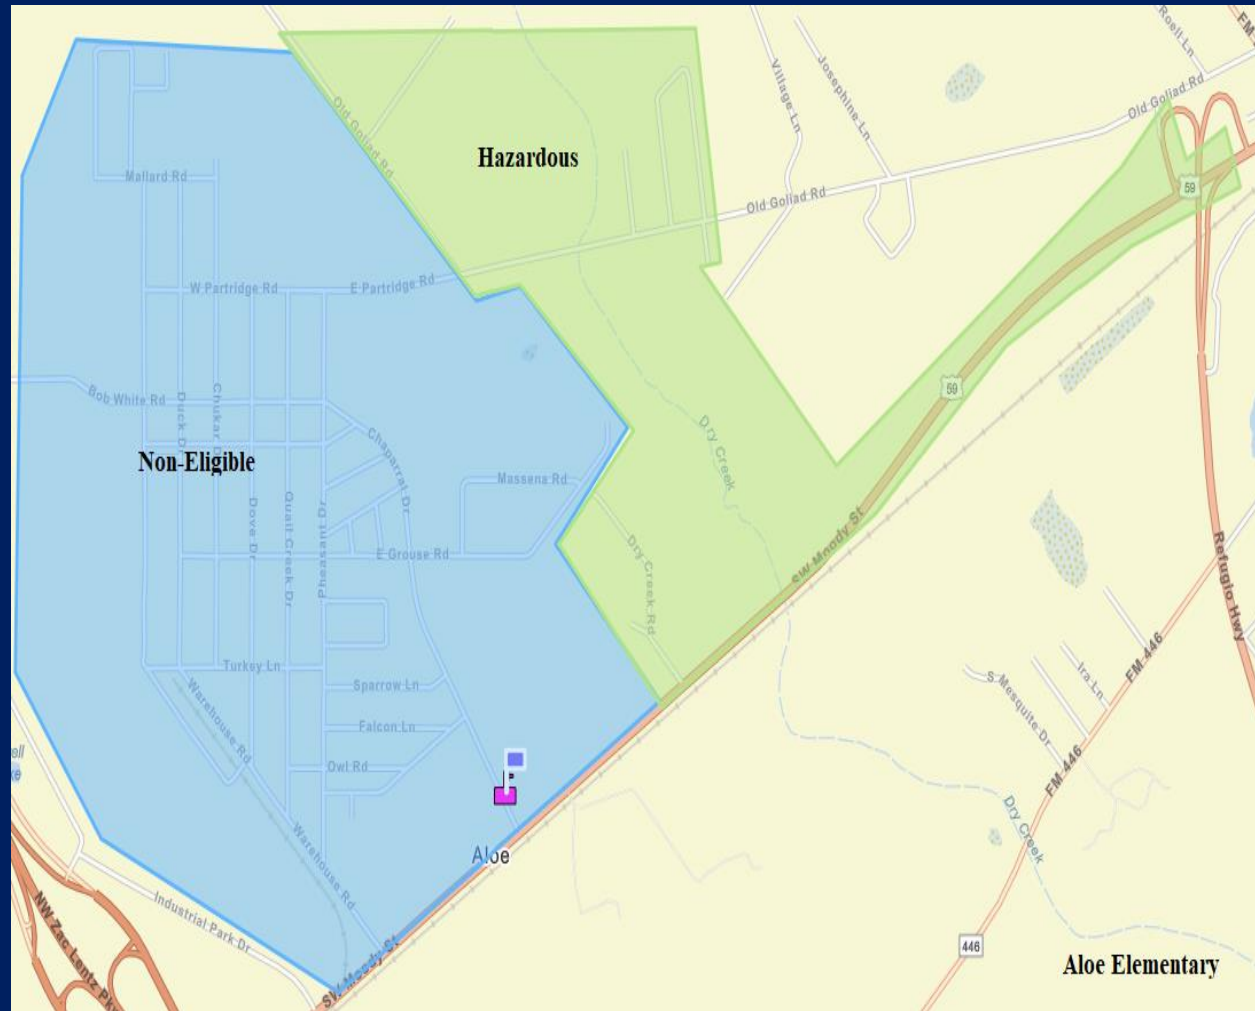

Recommended Definitions of Hazardous Areas

- Uncontrolled major traffic arteries
- Along or across a freeway or expressway
- An overpass or bridge unsafe for walking
- Industrial or Commercial areas
- Rural School Attendance Zones
(Aloe and Mission Valley)

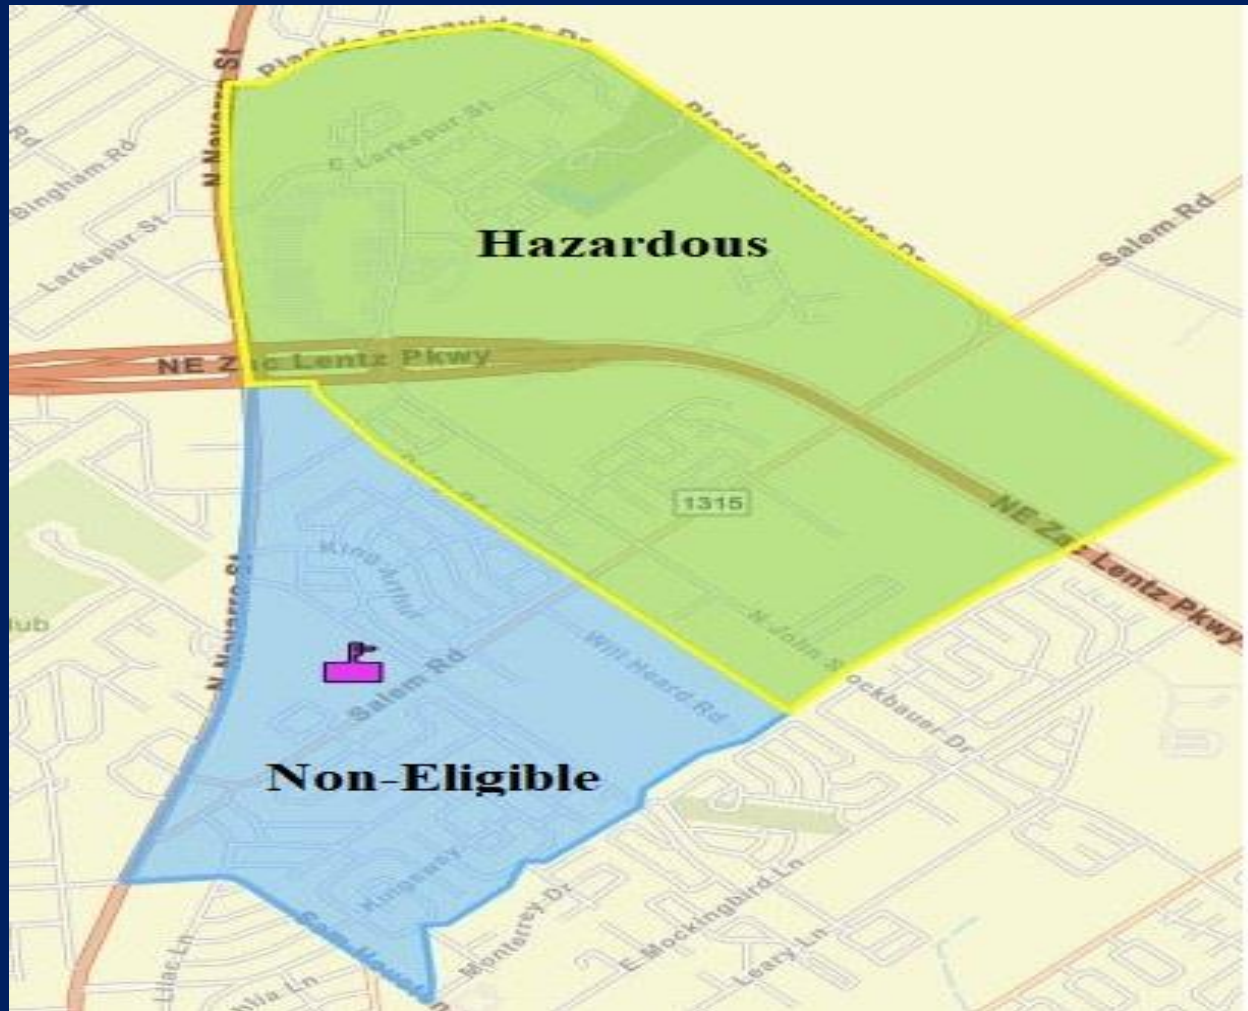

Changes at a Glance

- Chandler Elementary School
 - Apartment complexes along west side of John Stockbauer Drive now considered within hazardous area.
 - Victoria Trails (formerly known as Creekstone Ranch Apartments)
 - Salem Village Apartments
 - The Colony Apartments

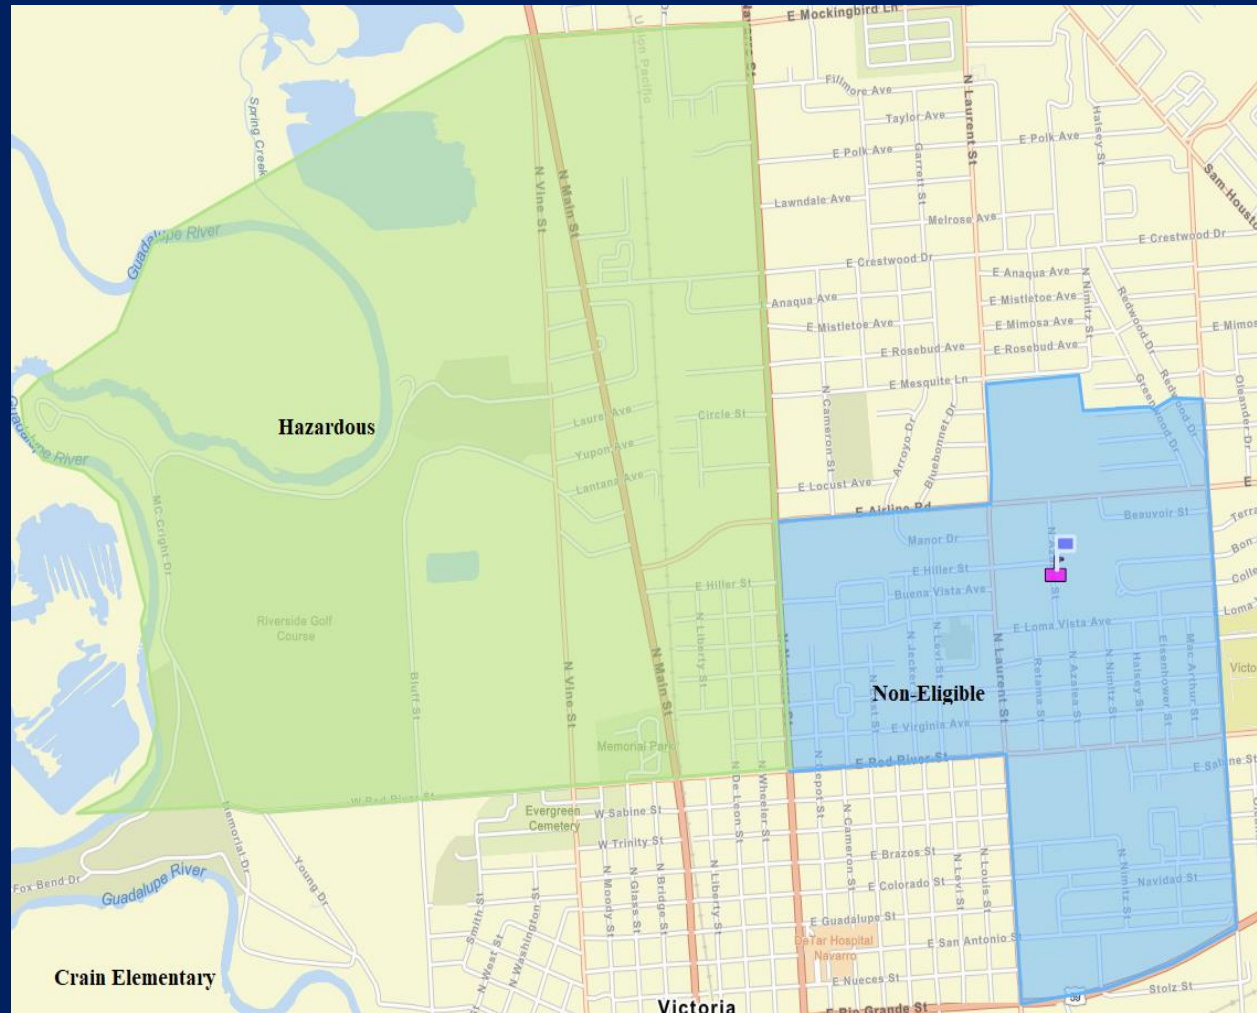

Aloe Elementary School

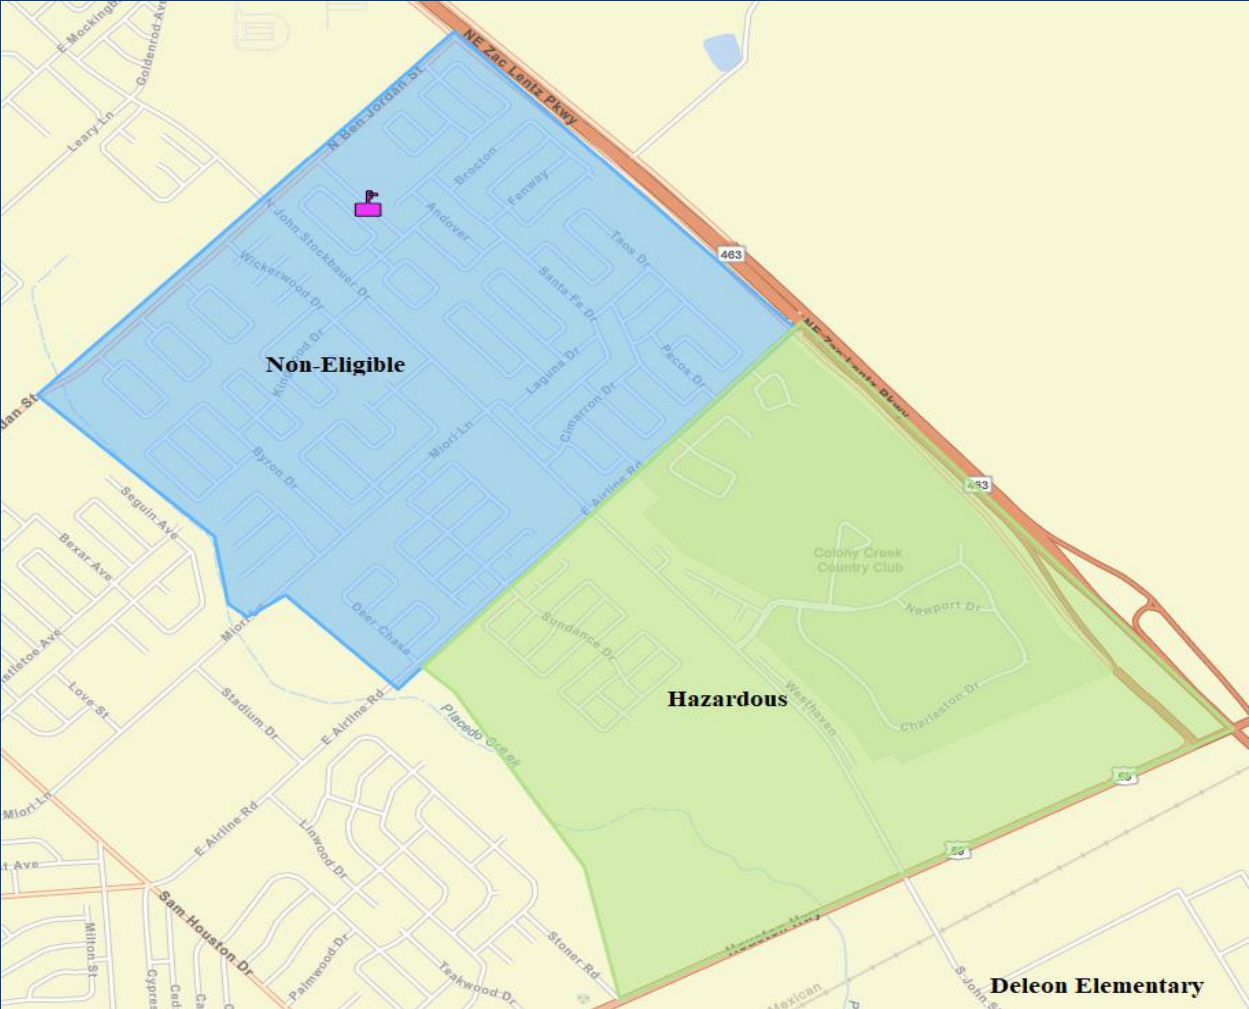

A cartoon illustration of a light blue dolphin with a friendly expression, jumping out of the water. The dolphin is shown in profile, facing right, with its mouth open in a smile and its eyes looking forward. Its body is curved as if in mid-leap. The background is a solid dark blue, representing the water.

The logo for the Titans features a stylized, metallic helmet with a red plume on top. A sword is positioned diagonally across the helmet. Below the helmet, the word "TITANS" is written in large, bold, red block letters with a black outline. The entire logo is set against a dark blue background.

Victoria West High School

District Proposal

We request that the Board consider and approve the hazardous areas as identified in this presentation, so we can continue to safely transport our students.
