

August 29, 2023

Dear Third Grade Parents,

There is a student in Third Grade with a life threatening food allergy to peanuts. This student can experience a reaction even if they touch the food. When children bring this product into the classroom, the staff will take the necessary precautions. In order to provide a safe environment for our children, we have set up the following guidelines:

- **There is no sharing of food or utensils.**
- **We have nut free tables in the lunchroom. If your child is sitting at one of these tables and he or she brought lunch from home, it will be checked by the lunch monitors to be sure the food is safe to be at that table. If not, your child will be asked to sit at another table.**
- **Non-food items such as pencils, erasers, stickers, etc. are to be used if you wish to celebrate a Birthday.**

If you have any questions or concerns about food allergies at FTS, kindly contact Heather King, School Nurse at 689-2958 ext 205.

Sincerely,

Heather King RN, BSN
