

Student Wellness Day 2024: Franklin Glow Games

FRIDAY, MARCH 15, 2024

Each year, in March, we take a day to celebrate and practice physical wellness as a school. This year we are celebrating by having the whole school **wear green or neon colors** and participate in **Franklin Glow Games** during scheduled times in honor of living a healthy active lifestyle. To celebrate, the gymnasium will have an exciting glow with lights and neons while all the normal lights are turned off. We will celebrate living a healthy active lifestyle and making healthy choices by participating in various glow in the dark station games, from Catching Leprechauns all the way to glowing Mini Golf . Remember to wear **green or neon colors to celebrate Wellness Day** and let's get our heart rates up, stay active and have fun! All staff and students are welcome to participate! See you then Fireballs!

-Mr.Purcell and Mrs.Wachter,
Franklin Township Elementary School Health and Physical Education
Department.
