Dear HCS Parents,

Our goal at Houma Christian School is to provide a quality Christian education. This includes retaining an outstanding, certified teaching staff and offering a variety of extracurricular activities for your children. We know that families have a choice of where to send their children to school, and we do not take that lightly. Our staff works diligently to serve your children each day, and we see this as a calling. We have also been very blessed that generous donors have covered all of the recent repairs and renovations for our beautiful campus.

As we are now planning for the 2024-2025 school year, there are many areas that we must focus on to prepare for a successful school term. One area that we must address is that the cost of maintaining our services has significantly increased over the past year and a half. Almost every area of instruction and general operations has seen large cost increases. From supplies, textbooks, insurance, to everything in between, our expenses have reached a point where we must make the difficult choice to adjust our tuition cost.

We understand that everyday costs are increasing for all of us, not just school tuition. We desire to work with every family to adjust to this increase. Please reach out to our finance department if you have any questions about payment plans.

Please see the attached chart that details the increase for both elementary and high school tuition for the 2024-2025 school year.

With gratitude,

Ben Bufkin

Senior Pastor, Living Word Church
Headmaster, Houma Christian School
