

Real Life Academy

Scholarship Program

Applications for the **Real Life Academy Scholarship Program** are now open!

Real Life Academy is a fun spin on the “Game of Life” that offers practical, life-skill based experiences. Explore your future through fun activities like resume building and job shadowing, get an introduction to financial literacy, set goals, and learn valuable life-skills such as cooking and car maintenance.

As part of this program you will independently save \$250 through money-earning activities such as a part-time job, babysitting, dog-walking, etc. And you will earn a **\$1,000 scholarship** for college or a Girl Scout travel experience if you successfully complete both sessions, an 8-hour job shadow experience, and meet the \$250 savings goal!

This **FREE** program is open to 11th and 12th grade girl-identifying youth, but space is limited and applications are required, so be sure to apply as soon as possible!

Not a current Girl Scout? No problem! Once accepted, you will receive a Girl Scout membership free of charge!
