# Civics

## **Applicable Federal/State Law**

Per state law (T.C.A. 49-6-1028), all districts must ensure that a project-based civics assessment is given at least once in grades 4-8 and once in grades 9-12. The project-based civics assessments are developed by the district to ensure students demonstrate an understanding of civics and achieve the learning objectives contained within the social studies standards. All districts must complete a compliance form. Additionally, per state law (T.C.A. 49-6-408A), students must pass the United States citizenship and immigration test with a least a 70 percent during the student's high school career (i.e., grades 9-12). Schools in which all seniors earn a regular diploma and also earn a passing grade (70 percent or higher) on the U.S. Civics Test will be recognized by the department as a U.S. Civics All-Star School. All districts are required to submit a compliance form.

## **Required**

Yes, by the State of Tennessee

## **Purpose and Use**

To fulfill the law requiring high school students to pass a civics test.

## **Administration Window**

Throughout the 2023-2024 school year

## **Length of Assessment**

The Civics test must be between 25-50 questions coming from the U.S. Citizenship test administered by the U.S. Citizenship and Immigration Services.

## **Results to Parents and Students**

Student results are shared with parents and students during the semester of his/her American Government class.

## **National Assessment of Educational Progress (NAEP)**

The National Assessment of Educational Progress (NAEP)-commonly called the Nation's Report Card-is the largest nationally representative assessment of what America's students know and can do in various subject areas including mathematics, reading, and science. A sample of students is selected to take the test. Since a sample group of students from each state take the test, NAEP results serve as a common metric for all states across the nation. Also, because the assessment stays essentially the same from year to year, it provides a clear picture of student academic progress overtime. Learn more about NAEP from the

### **Applicable Federal/State Law**

Administered in accordance with Every Student Succeeds Act (ESSA) of 2015, which requires the state to participate in the biennial state academic assessments of fourth and eighth grade reading and mathematics. Districts that receive Title I funds are required to participate.

### **Purpose and Use**

NAEP assessments are administered uniformly using the same sets of test booklets across the nation. NAEP results serve as a common metric for all states and selected urban districts. The assessment stays essentially the same from year to year, with only carefully documented changes. This permits NAEP to provide a clear picture of student academic progress over time. In even-numbered years, NAEP measures Tennessee students' academic achievement against students in other states also taking this test.

### **Administration Window**

# **Universal Screener/Benchmark Grades K-12**

## **Required**

Yes, by the State of Tennessee

## **Purpose and Use**

The Tennessee State Board of Education has approved Special Education Guidelines and Standards regarding Evaluations for Specific Learning Disabilities (SLD). As stated in the Guiding Principles, RTI2 is a process focused on prevention and early intervention that uses assessment data for instruction, intervention, and transitions between tiers. Assessment is a major component of the RTI2 Framework. Data derived from assessment informs the data-based decision-making process. An LEA must administer a nationally normed, skills-based universal screener. A universal screener is a brief screening assessment of academic skills (i.e. basic reading skills, reading fluency, reading comprehension, math calculation, math problem solving, and written expression) administered to determine whether students demonstrate the skills necessary to achieve grade-level standards.

## **Administration Window**

Fall: August – September

Winter: December - January

Spring: April – May

## **Length of Assessment**

This adaptive assessment has a reading/fluency and mathematics component with each lasting approximately 20 minutes.

## **Results to Parents and Students**

Screening results are not typically distributed outside the school due to their formative nature, but parents may request the information from the school. Results are not used for grades.

# **DEVELOPMENTAL READING ASSESSMENT (DRA)**

## **Required**

Yes, by district

## **Purpose and Use**

A survey level assessment for students in Tier 4, grades K-8 that identifies specific reading skills deficits.

## **Administration Window**

The DRA will be assessed for grades 1-8 two times per school year (once at the beginning of the school and once at the end of the school year). Kindergarten students will be assessed two times per school year (once in December and once at the end of the school year).

## **Length of Assessment**

Based on the student's skill level administration times vary.

## **Results to Parents and Students**

Results are shared with parents during IEP meetings.

# **aimswebPlus Assessment - Universal Screener / Benchmark Grades PreK-2**

## **Required**

Yes, by the district

## **Purpose and Use**

The Mastery View Predictive Assessment tests are designed to assess true student understanding and not just basic memorization and test-taking skills. MVPA tests measure student understanding of state standards. MVPA benchmark assessments are given to help measure how much a student grows academically in a particular content area over the course of a year and is used to identify and address learning gaps so appropriate remediation can be provided.

## **Administration Window**

First Semester Benchmark Assessment: November/December

Second Semester Benchmark Assessment: March

## **Length of Assessment**

This assessment tests all subjects that are assessed in the TCAP end-of-year test.

Testing times vary by subject and grade level.

## **Results to Parents and Students**

Screening results are not typically distributed outside the school due to their formative nature, but parents can request the information from the school. Results are not used for grades.
