

Pekin Public Schools District 108
Public Disclosure of Vendor Information
Illinois School Code 105 ILCS 5/10-17
As of 9/26/2023

Illinois School Code (105 ILCS 5/10-17), mandates specified taxing districts, including both home rule and non-home rule municipalities, to make a good faith effort to collect and publish certain demographic information provided by vendors and subcontractors doing business with the taxing district. Specifically, all school districts that have an annual property tax levy of more than \$5 million are required to make a good faith effort to collect information as to whether the vendor or subcontractor is a minority, women, or veteran-owned business. The Act provides that taxing bodies must make a “good faith effort” to begin collecting and reporting data beginning on January 1, 2022. The collected data must be published electronically, which can include posting on the district’s website. The Act does not provide an alternative publication method.

As of this date, the listed vendors have completed the District 108 Vendor Information Form and marked their Business Classification as such.
