Your name exactly as it appears on your Social Security card

You will create a:

Memorable Username

Memorable Password

Provide answers to four (4) challenge questions

The four (4) Challenge Questions and answers will enable you to retrieve your account information if you forget.

I have provided a worksheet that both student and parent should fill out and keep with important documents because this information stays the same every year that the student is in college.

Apply to FAFSA each year the student is in college. The information you provide on the worksheet will stay the same every year. Keep this information where you can retrieve it for each application. Your FSA ID will stay the same every year.

IMPORTANT: The students e-mail address should be a personal e-mail because after graduation the Sequoyah High School e-mail address will be deleted from our system. If the student does not have a personal e-mail address, I suggest one is created before applying for the FSA ID.
