Martin County ISR - 270-570-5404

H2O Kids - 772-678-6061

Fish Tails Swim School - 772-460-7946

EVERY CHILD IS A SWIMMER

Drowning is the leading cause of death for children ages 1-4, and the second leading cause of injury-related death for children up to 14. Water safety education and swimming lessons are important in saving lives. Everyone can prevent drowning by learning basic swimming and water safety skills!

MCSD Policy 2410

Water Safety and Swimming Certification

Beginning with the 2022-2023 school year, each school shall provide information on the important role water safety education courses and swimming lessons play in saving lives to a parent who initially enrolls their child in the school or the student if the student is eighteen (18) years of age or older. The information will be provided electronically or in hard copy and must include local options for age-appropriate water safety courses and swimming lessons that result in a certificate indicating successful completion, including courses and lessons offered for free or at a reduced price.
