Communities in Schools (CIS) Mission is to surround students with a community of support, empowering them to stay in school and achieve in life.

What I Do:

- Promote and improve communication between parents, schools, and the community
- Connect students with supports
- Connect schools and families with basic needs and community resources

Provide school supports focused on attendance, meeting basic needs, a positive school culture, and relationships with students and families.

How I Do It:

- Build trusted relationships
- Increase parent involvement at school through relationship building
- Case manage students to provide academic and life skill supports

2024-25 Goals:

- Increase Attendance Rate
- Promote Social Emotional Learning Programs
