Contest aimed at safe driving among teens

To promote safe driving in South Dakota, the South Dakota Office of Highway Safety and South Dakota Broadcasters Association are giving away \$20,000 — including \$10K to one lucky student and \$10K for the school program of their choice.

To enter the contest, students need to take a two-minute safe-driving quiz at LessonLearnedSD.com by April 30.

Please encourage driving-age students to take the quiz and to always be responsible when driving.

- **There will be an LYO meeting has been moved Wednesday, April 24, at 7 pm. A reminder to add up and report your community services hours! Everyone (grades 9-12) welcome; snacks provided!**
- **Pool applications are attached and due Friday, April 26th to the city office.**
