TEACHER SPOTLIGHT

Each newsletter week we will be interviewing a teacher. This week we chose Mrs. Moore. She is new to Pierce city this year. These are the questions and her answers.

Interviewer: "How do you like your new school?"

Mrs. Moore: "I love it!"

Interviewer: "What are some things that are the same and different?"

Mrs. Moore: "Some of the same things she loves the kids from both schools and she is still teaching math. Some of the things that are different are the 4-day week, the specials are all in the same building, and she has a rectangle shaped room!"

Interviewer: "Why did you choose Pierce City to come to?"

Mrs. Moore: "I heard wonderful things about it!"

Interviewer: "What school lunch do you think was better, Wheaton or Pierce City?"

Mrs. Moore: "I have yet to have one of the amazing school lunches!"

Interviewer: "What do you miss from your old school?"

Mrs. Moore: "I miss my old students and friends, but I love it here and I love the students here, also!"

Interviewer: What is your favorite math unit to teach?"

Mrs. Moore: "Powers of ten"

Interviewer "and why is that?"

Mrs. Moore "because it is just moving place value."

Interviewer "What is your favorite math problem"

Mrs. Moore "Anything with a variable."

Interviewer "What is your favorite hobby outside of school?"

Mrs. Moore "I like to go to sporting events, and I love to go to the lake."
