5/6 YEAR OLD BEGINNER

This class is for the young beginner. Age appropriate skills will be taught similar to the beginner class, but with special attention on the needs of the young elementary aged students.

BEGINNER

This class is for students just moving up from our Twinkling Stars or with little or no gymnastics experience. Proper warm up, forward and backward rolls, cartwheels, bridge and skills on all apparatus will be taught.

BEGINNER ADVANCED

Students will work to master skills taught in beginner. Forward and backward rolls along with cartwheels and back limbers will need to be mastered to advance to the intermediate class.

INTERMEDIATE

This class will introduce new skills. Front limbers, back kick over, handstand roll and round off are the focus. Various skills must be mastered prior to advancing to the next class level.

INTERMEDIATE ADVANCED

Refinement of skills are stressed at this level. Students will learn back and front walkovers and introduced to back and front handsprings.

Super Stars Team Program

The Team program is for girls who have passed a more complex level of skills. The goal of the Team is to develop each gymnast to their fullest potential.

PRE-TEAM

This class will train students in a more complex level of skills. Conditioning and flexibility are incorporated to prepare for more advanced gymnastics. Must have a solid front and back walkover to participate at this level. Front handspring and round off back handspring must be mastered for advancement from this level.

COMPETITIVE TEAM

Tryouts are required at this level. Practices are twice a week to prepare for competition and develop skills. Routines are performed on each event to showcase gymnast's individual strengths. Students will compete with the Michigan Recreational Gymnastics League at meets throughout the year.
