

Ayersville Local Schools

2023-2028 strategic plan takes off!

The District

To begin the 2023 calendar year, the Ayersville Schools Board of Education convened a broad and diverse group of community members, staff, administrators, board members and others invested in the District's future to consider new possibilities and plans for progress.

These discussions resulted in a comprehensive reinvestment in its strategic plan, including vision statement, mission statement, core values, and four new District goals. Moving forward, all current and future District work will be aligned directly with one or more of these goal areas, and each will be monitored and evaluated along the way.

Vision

Piloting each student toward the future.

Mission

We foster student success in a positive and safe environment, with community support, through innovative and challenging programs.

Our goals

Financial Stability

Ayersville Local School District maintains a fiscally responsible budget, advocates at local and state levels, and engages the community around the importance of our District's resources to provide a high-quality education for all students.

Safety and Security

Ayersville Local School District ensures a safe and secure campus for all students, staff, community, and guests.

Academic Opportunities

Ayersville Local School District invests in staff who provide academic opportunities for students to explore relevant pathways through school experiences and prepare for life beyond graduation.

Community Growth

Ayersville Local School District partners with business and community members to increase opportunities to ensure District sustainability.

We believe that if we are accountable to these goals as a District and as a community, we will continue to improve, achievement will increase, and decisions about doing what's best for students will remain a priority.

Staff members and administrators throughout the District will share in the planning and implementation of initiatives and strategies within each goal area. As they are completed, new projects may be added to the plan.
