Dear A.T. Allison Elementary School Families,

It is that time of year when our students have an opportunity to write about their goals when they grow up. Guess what!?! Your child has or is getting his/her essay written while in school on a separate sheet of paper. This is such a fun essay for students in West Virginia to enter with a possibility of winning \$5,000 in an education savings account by writing about their future plans.

Parents – A purple and white flyer will go home with your child with detailed information about the When I Grow UP SMART 529 essay contest. The Contest Entry Form is on the front page of the flyer. **Be sure to sign the Contest Entry Form to turn in if you would like your child's essay submitted.** Your child does not need to re-write the essay because we already have it at school.

Expectations:

- Students in kindergarten through 4th grade were asked to write a 200 word or less essay about what they want to be when they grow up.
- **Parents** – Be sure to fill out and return the Contest Entry Form if you would like your child to be entered in the contest.
- Return your child's Contest Entry Form to your child's teacher by Friday, February 16th.

Each year, twelve students are selected within the state of West Virginia and are recognized in Charleston.

ATA has had many winners in the past. Congratulations to some of our past winners!

Kennedy Quinlan
Sam Wright
Leah McMahan
Macy Hartung
Asa Brewer
Meadow O'Rourke
Cash McMahan
Allie Fink
Abigail Miller
