APRIL 24, 2024

4:00 PM – 6:00 PM

JDRCC IMC ROOM

This presentation will discuss behavioral strategies and how it relates to parenting students with a behavioral challenge. It will focus on teaching specific skills, enhancing motivation, positive behavior supports, social skills development and generalization training.

Specific evidence-based strategies will be explored and demonstrated. A step by step demonstration will be presented using real life examples. Modifications will be explored that allow this particular program to be effective with children significantly challenged with behavior issues, as well as those students with Asperger's Syndrome.
