

Shoultes Elementary

# SHARKS IN SHAPE!

## MEET YOUR PE TEACHER

My name is Angie Schmitt and I am entering my 18th year of teaching PE at Shoultes Elementary School. I enjoy fitness and sports but am passionate about teaching life skills such as teamwork, cooperation and sportsmanship. I care about the whole child and am committed to their overall success as a student. I have two elementary aged children who are active in swimming, football, soccer and a variety of other activities. I spend my free time coaching my kids' teams, reading, and going on adventures with my friends and family. I look forward to another fun year of PE with your children.

## A couple of ways you can set your children up for PE success:

- Have them wear gym shoes on PE day
- Dress them in clothing allowing them to run and play safely
- Teach them how to tie shoes
- Remind them that PE class is for fun and to learn new skills, with an emphasis on sportsmanship, teamwork and cooperation rather than "winning."

Be Well!

-Ms. Schmitt

Please reach out to me directly rather than calling the school's main office if you have questions regarding PE class.
