

APRIL 11, 2024

PRINCIPAL'S CORNER

A thank you in three parts (and a couple of other things):

1. Thank you to the families of the students in the 3rd, 4th, 5th, and 6th grades for working with us on getting your students ready to take the ELA MCAS. A good night's sleep, a healthy breakfast, and reminding our students to keep a healthy perspective on the test...that it is just a snapshot that the teachers use to understand their teaching, and the students' learning, better, and not something they need to stress about. The Math MCAS tests will be Tuesday, April 30th and Thursday, May 2nd, with Science for the 5th graders only the week after that.

2. Thank you to the School Committee, Select Board, and Finance Committee for working with the school to create a viable budget for next year, to present to the voters at the Rowe Town Meeting in May. Working together we will find a path that allows us to educate our Rowe and Choice students in an academically rigorous and fiscally sustainable way, for years to come.

3. Thank you to the staff of the school for always working hard to help the students get what they need, academically, socially, and emotionally.

The other things:

- If anyone has eclipse glasses that they don't know what to do with, we're collecting them at the school to send to schools in Argentina and Chile that may not be able to afford glasses for their eclipse viewing later this year. Nurse Lydia is collecting them.
- It is a full day of school on Friday
- Plan your hunger around the Spaghetti Supper happening at the school on Thursday, April 25th. You won't be disappointed!
- I hope you have a great vacation and enjoy next week's spring weather.

SCHOOL LUNCH MENU

Week of Apr. 22nd

Monday

Baked Potato Bar
Sour Cream
Butter, Broccoli
Bacon, Cheese
Fruit, Milk

Wednesday
