

SCHOLARSHIP

HOGAN & ASSOCIATES CONSTRUCTION offers scholarships for high school seniors who are interested in achieving a degree or trade in a construction-related field. Our goal with the scholarships is to give back to our community members who will then, in turn, have a positive impact on those same communities. The two 2025 scholarships will each be for \$1,000.

To qualify, you must:

- Currently be a high school senior, or have earned a GED or HISET within the past twelve months
- Be seeking a trade or two-year associates degree in a construction field (construction technology, electrical, heating and air conditioning, plumbing, etc.), or university degree in Construction Management

Once you are awarded the scholarship and enrolled in your school of choice, inform Lantzen Toomer (below) and we will pay \$1,000 into your school account.

To apply:

Go to hoganconstruction.com/scholarship or scan the QR code to download the PDF application.

The filled-out form must be returned to Lantzen Toomer no later than Friday, March 28, 2025:

- Via email: ltoomer@hoganconstruction.com

OR

- Via US mail or hand-delivered to:
Lantzen Toomer
Hogan Construction
997 WEST 950 North, 2nd Floor
Centerville, Utah 84014

Applicants will be informed of the scholarship award by Friday, April 25, 2025.

If you have questions, contact Lantzen Toomer at 801-821-6141 or ltoomer@hoganconstruction.com.

Hogan & Associates Construction will not discriminate in the awarding of these scholarships based on any classification protected by applicable local, state, or federal law.
