Grounded in evidence-based research and guided by learning sciences

HMH makes it easy to deliver elementary literacy instruction that drives student achievement.

Students need varied levels of differentiated instructional supports. You need the right resources in order to make critical decisions that shape their learning.

Dive into the resources you need to plan and conduct whole class instruction, small group rotations, independent practice, and assessment—all uniquely integrated on one platform to help you do what you do best. This is your elementary ELA connected classroom, only from HMH.
1 Planning

Whole class planning in a snap.

Your HMH Into Reading connected solution is designed to save you time while taking the guess work out of standards-aligned instruction.

From day 1, Teacher Success Pathways give you the tools for success in the first 30 days.

Additionally, you will enjoy having Into Reading’s explicit, systematic instruction available in slide form. Just pop these up on your white board and start teaching—nothing to make, create, or color—it’s all done for you.

“The Daily Lesson Slides - absolutely unbelievable. I mean the amount of planning that takes off the teacher’s plate.”

Judy Rush
Director of Curriculum, Pittsfield Public Schools, MA
Professional development at your fingertips.

Dive deeper with live online Professional Development Modules led by a HMH instruction coach.

Get the right support at the right time with HMH’s Coaching Membership. Teachers new and seasoned alike benefit from a “bank” of coaching time that can be used throughout the school year to set, track, and accomplish goals.

Your planning is supported throughout the year with Teacher’s Corner—our searchable library of articles and videos, live online events, event recordings on-demand and so much more!
Whole Class Instruction

Systematic and explicit instruction served daily.

Provide students with a developmental progression in all areas of early literacy with *HMH Into Reading’s* evidence-based scope and sequence.

At a glance, you can see the foundational skills that are addressed each week, and how these skills build on each other and spiral throughout the year.

The integration of skills in *HMH Into Reading* happens in every module and week throughout the year to develop fluent, automatic readers.

See the full breakdown of each grade on the next page.
2 Whole Class Instruction

Integration of skills in every module.

By weaving together skills and strands within each interconnected lesson, of **HMH Into Reading** children are better taught how to comprehend text by modeling and reviewing foundational skills in context.

**Kindergarten**
- Demonstrate knowledge of print concepts.
- Recognize letters and letter names with automaticity.
- Form upper and lowercase letters.
- Connect spoken sounds to written letters.
- Decode words accurately and fluently.
- Recognize a number of high-frequency sight words.

**Grade 1**
- Connect spoken sounds to written letters.
- Work with consonant digraphs before consonant blends.
- Decode multisyllabic words at the end of Grade 1.
- Apply decoding and encoding in writing and spelling.
- Recognize an increasing number of high-frequency words.
- Develop academic vocabulary through direct instruction and practice.
- Add prefixes and suffixes to make new words (end of Grade 1).

**Grade 2**
- Learn the six syllable types and syllabication.
- Decode multisyllabic words accurately and fluently.
- Apply decoding and encoding in writing and spelling.
- Recognize an increasing number of high-frequency words.
- Develop academic vocabulary through direct instruction and practice.
- Use prefixes, suffixes and to make new words.

**Grade 3**
- Apply decoding skills (including prefixes and suffixes) to fluency passages and multisyllabic words.
- Work with spelling patterns and use developingphonics/decoding skills in writing.
- Develop academic vocabulary through direct instruction and practice.
- Use prefixes, suffixes, base words, and Greek and Latin roots to create new words.

**Grade 4**
- Apply decoding skills (including prefixes, suffixes, and roots) to fluency passages and multisyllabic words.
- Work with spelling patterns and use developing phonics/decoding skills in writing.
- Develop academic vocabulary through direct instruction and practice.
- Use prefixes, suffixes, base words, and Greek and Latin roots to create new words.

**Grade 5 & 6**
- Apply decoding skills (including prefixes, suffixes, and roots) to fluency passages and multisyllabic words.
- Work with spelling patterns and use developing phonics/decoding skills in writing.
- Develop academic vocabulary through direct instruction and practice.
- Use prefixes, suffixes, base words, and a growing number of Greek and Latin roots to create new words.
