

Non-Instructional/Business
Operations**SUBJECT: SALE AND DISPOSAL OF DISTRICT PROPERTY**

Building administrators and support staff supervisors are responsible for identifying obsolete or surplus equipment and supplies within their area(s) of responsibility. Each year, a determination shall be made of which equipment, supplies and/or materials are obsolete and cannot be salvaged or utilized effectively or economically by the school district. Such equipment, supplies, or materials shall be sold through bid procedures, if possible, for the highest possible price.

The School Business Manager shall be authorized to dispose of obsolete or surplus equipment and supplies in the following manner:

1. discard or sell as surplus those items determined to be of no further use or worthless.

Prior to reassigning, storing, discarding or selling any equipment or supplies (including computer hardware and software), the district shall ensure that all district-related data and information is permanently and completely removed. If such data or information is of a sensitive, personal or confidential nature, and cannot be permanently and completely removed prior to discarding or selling, the equipment or supplies shall be destroyed, and if reassigned or stored, the district shall note that district data or information has not been permanently and completely removed. The district shall also ensure that all district-related data and information is permanently and completely removed from equipment that is leased from a third party, prior to returning the equipment. The district shall work with the third party provider to ensure that district data and information is able to be permanently and completely removed from the equipment.

Following approval by the Board of Education, items may be sold in the following manner:

1. offer to sell the items to local municipalities or local non-profit organizations;
2. sell items at a public sale or on a Board-approved public online auction site. In the event of a public sale, notice of availability of such equipment, supplies and materials and requests for bids shall be disseminated through announcements in local newspapers and such other appropriate means. The general public, as well as staff members who are not Board members, officers, or involved in the purchasing function, shall be eligible to bid on the equipment, supplies and/or materials; and
3. sell remaining items as scrap for the best obtainable amount or discard in the safest, least expensive manner.

Sale of School Property

No school property will be sold without prior approval of the Board. However, the responsibility for these sales may be delegated. The net proceeds from the sale of school property will be deposited in the General Fund.

(Continued)

Non-Instructional/Business
Operations**SUBJECT: SALE AND DISPOSAL OF DISTRICT PROPERTY (Cont'd)****Disposal of District Personal Property**Equipment

District equipment that is obsolete, surplus, or unusable by the District will be disposed of in such a manner that is advantageous to the District.

The Superintendent will be responsible for selling the equipment in such a way so as to maximize the net proceeds of sale which may include a bona fide public sale preceded by adequate public notice. If it is determined that reasonable attempts to dispose of the equipment have been made and those attempts have not produced an adequate return, the Superintendent or designee may dispose of the equipment in any manner which he or she deems appropriate.

Textbooks

Textbooks may lose their value to the educational program because of changes in the curriculum or because they contain outdated material or are in poor condition. If textbooks are no longer useful or usable, the procedures for disposal will adhere to the following order of preference:

- a) Sale of textbooks. If reasonable attempts to dispose of surplus textbooks fail to produce monetary return to the District; then
- b) Donation to charitable organizations; or
- c) Recycle through appropriate means.
