2. Non-Collusive Bidding Certification

By submission of this bid proposal the bidder certifies that he is complying with Section 103-d of the General Municipal Law as follows:

Statement of non-collusion in bids and proposals to political subdivisions of the state. Every bid or proposal here-after made to a political subdivision of the state or any public department, agency, or official thereof where competitive bidding is required by statute, rule, regulation, or local law, for work or services performed or to be performed or goods sold or to be sold, shall contain the following statement subscribed by the bidder and affirmed by such bidder as true under the penalties of perjury: Non-collusive bidding certification.

- (a) "By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of knowledge and belief:
1. The prices in this bid have been arrived at independently without collusion, consultation, communication or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;
 2. Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
 3. No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition."
- (b) A bid shall not be considered for award nor shall any award be made where (a) (1) (2) and (3) above have not been complied with; provided, however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore.

Where (a) (1) (2) and (3) above have not been complied with, the bid shall not be made unless the head of the purchasing unit of the political subdivision, and public department, agency or official thereof to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

2. All bids must be submitted on bid offer forms and in accordance with instructions provided by the board.
3. All bids received after the time stated in the Notice to Bidders may not be considered and will be returned unopened to the bidder. The bidder assumes the risk of any delay in the mail or in the handling of the mail by employees of the school district. Whether sent by mail or by means of personal delivery, the bidder assumes responsibility for having his/her bid deposited on time at the place specified.
4. All information required by Notice to Bidders, General Conditions, Specifications, and Bid Offer, in connection with each item against which a bid is submitted, must be given to constitute a regular bid.
5. The non-collusive bidding certification must be included with each bid as required by General Municipal Law, section 103-d.

6. The submission of a bid will be construed to mean that the bidder is fully informed as to the extent and character of the supplies, materials, or equipment required as a representation that the bidder can furnish the supplies, materials, or equipment satisfactorily in complete compliance with the specifications.
7. No alteration, erasure, or addition is to be made in the typewritten or printed matter. Deviations from the specifications must be set forth in space provided in bid for this purpose.
8. Prices and information required should be typewritten for legibility. Illegible or vague bids may be rejected. All signatures must be written. Facsimile, printed, or typewritten signatures are not acceptable.
9. Sales to school districts are not affected by any fair trade agreements. (General Business Law, section 369-a sub. 3).
10. No charge will be allowed for Federal, State, or municipal sales and excise taxes since the school district is exempt from such taxes. The price bid shall be net and shall not include the amount of any such tax.
11. In all specifications, the words "or equal" are understood after each article giving manufacturer's name or catalog reference, or on any patented article. The decision of the school district as to whether an alternate or substitution is in fact "equal" shall be final. If bidding on items other than those specified, bidder must in every instance give the trade designation of the article, manufacturer's name, and detailed specifications of item he/she proposes to furnish. Otherwise, bid will be construed as submitted on the identical same item as specified.
12. Bids on equipment must be on standard new equipment, of latest model and in current production, unless otherwise specified.
13. All regularly manufactured stock electrical items must bear the label of the Underwriters' Laboratories, Inc.
14. When bids are requested on a lump sum basis, bidder must bid on each item in the lump sum group. A bidder desiring to bid "no charge" on an item in a group must so indicate, otherwise bid for the group may be rejected.
15. All prices quoted must be "per unit" as specified; e.g., do not quote "per case" when "per dozen" is requested; otherwise, bid may be rejected.
16. Bidder must insert the price per unit and the extensions against each item in his/her bid. In the event of a discrepancy between the unit price and the extension, the unit price will govern. Prices shall be extended in decimals, not fractions.
17. Prices shall be net, including transportation and delivery charges fully prepaid by the successful bidder to destination indicated in the instructions to bidders. If award is made on any other basis, transportation charges must be prepaid by the successful bidder and added to the invoice as a separate items. In any case, title shall not pass until items have been delivered and inspected.

18. All bids must be sealed. They must be submitted in envelopes furnished by the school district, if any. Otherwise, plain, opaque envelopes may be used, clearly marked "BID". Also the date and time of the bid opening as indicated on the Notice to Bidders must appear on the envelope. Bids must not be attached to or enclosed in packages containing bid samples. Telegraphed bids may be considered at the discretion of the school district. Telephone quotations or amendments will not be accepted at any time.
19. No interpretation of the meaning of the specifications or other contract document will be made to any bidder orally. Every request for such interpretation should be in writing, addressed to the school district, not later than five (5) days prior to the date fixed for the opening of bids. Notice of any and all such interpretations and any supplemental instructions will be sent to all bidders of record by the school district in the form of addenda to the specifications. All addenda so issued shall become part of the contract documents.
20. If the supplies, materials, or equipment are to be delivered over an extended period of time, or if the specifications so state, then the successful bidder may be required to execute an agreement in relation to the performance of his/her contract, such agreement to be executed by the highest bidder within 15 days after notification to execute such contract. If the specifications so state, the successful bidder also may be required to furnish a performance bond equal to the full amount of the contract to guarantee the faithful performance of such contract. Such performance bond shall be maintained in full force and effect until the contract shall have been fully performed. The surety

company furnishing such performance bond shall be authorized to do business in the State of New York and must be satisfactory to the school district. The performance bond shall be executed by the successful bidder at the time of the execution of the contract by the successful bidder and the board.

SAMPLES

21. All specifications are minimum standards; and accepted bid samples do not supersede specifications for quality unless bid sample is superior, in which case deliveries must be the same identity and quality as accepted bid sample.
22. The school district reserves the right to request a representative sample of the item quoted upon either prior to the award or before shipments are made. If the sample is not in accordance with the requirements of the specification, the school district may reject the bid; or, if award has been made, cancel the contract at the expense of the successful bidder.
23. Samples, when required must be submitted strictly in accordance with instructions; otherwise, bid may not be considered. If samples are requested subsequent to bid opening, they shall be delivered as directed for bid to have consideration. Samples must be furnished free of charge and must be accompanied by descriptive memorandum invoices indicating if the bidder desires their return and specifying the address to which they are to be returned provided they have not been used or made unless by tests. Award samples may be held of comparison with deliveries, examination or testing. Samples shall be removed by the bidder at his/her expense. Samples not removed within fifteen (15) days after written notice to the bidder will be regarded as abandoned and the school district shall have the right to dispose of them as its own property.
24. When a specification indicates that an item to be purchased is to be equal to a sample, such sample will be on display at a designated location in the school district. Failure on the part of the bidder to examine sample shall not entitle him/her to any relief from the conditions imposed in the proposal, specification, etc.

AWARD

25. Awards will be made to the **highest** responsible bidder, as will best promote the public interest, taking into consideration the reliability of the bidder, the quality of the materials, equipment, or supplies to be furnished, their conformity with the specifications, the purposes for which required, and the terms of delivery.
26. The school district reserves the right to reject all bids. Also reserved is the right to reject, for cause, any bid in whole or in part to waive technical defects; qualifications; irregularities; and omissions, if in its judgment the best interests of the district will be served. Also reserved is the right to reject bids and to purchase items on State or county contracts if such items can be obtained on the same terms, conditions, specifications, and at a lower price.
27. The school district reserves the right to make awards within sixty (60) days after the date of the bid opening during which period bids may not be withdrawn unless the bidder distinctly states in his/her bid that acceptance thereof must be made within a shorter specified time.
28. Where a bidder is requested to submit a bid on individual item and also on a total sum or sums, the right is reserved to award contracts on individual items or on total sums, whichever is in the best interest of the school district.
29. If two or more bidders submit identical bids as to price, the decision of the board to award a contract to one of such identified bidders shall be final (General Municipal Law, Section 103, sub. 1).

CONTRACT

30. Each bid will be received with the understanding that the acceptance thereof in writing by the board, to furnish any or all of the items described therein shall constitute a contract between the successful bidder and the school district. Contract shall bind the successful bidder on his/her part to furnish and deliver at the prices and in accordance with the conditions of his/her bid. Contract shall bind the school district on its part to order from such successful bidder and to pay for at the contract prices, all items ordered and delivered, within ten (10) percent over or under the award quantity, unless otherwise specified.
31. The placing in the mail of a notice of award or purchase order to a successful bidder, to the address given in his/her bid, will be considered sufficient notice of acceptance of contract.
32. If the successful bidder fails to deliver as ordered, or within the time specified, or within reasonable time as interpreted by the school district, or fails to make replacement of rejected articles, when so requested immediately or as directed by the school district, the school district may purchase from other sources to take the place of the item rejected or not delivered. The school district reserves the right to authorize immediately purchase from other sources against rejections on any contract when necessary. On all such purchases the successful bidder agrees to reimburse the school district promptly for excess costs occasioned by such purchases. Should the cost be less, the successful bidder shall have no claim to the difference. Such purchases will be deducted from contract quantity.
33. A contract may be cancelled at the successful bidder's expense upon non-performance of contract.
34. Cancellation of contract for any reason may result in removal of the successful bidder's name from mailing list for future proposals for an indeterminate period.

35. When materials, equipment, or supplies are rejected, they must be removed by the successful bidder from the premises of the school district within ten (10) days of notification. Rejected items left longer than ten (10) days will be regarded as abandoned, and the school district shall have the right to dispose of them as its own property.
36. No items are to be shipped or delivered until receipt of an official purchase order from the school district.
37. It is mutually understood and agreed that the successful bidder shall not assign, transfer, convey, sublet, or otherwise dispose of the contract or his/her right, title, or interest therein, or his/her power to execute such contract, to any other person, company, or corporation without the previous written consent of the school district.

41. Bidders shall acquaint themselves with conditions to be found at the site and shall assume all responsibility for placing and installing the equipment in the locations required.
42. Equipment for trade-in shall be dismantled by the successful bidder and removed at his/her expense. The condition of the trade-in equipment at the time it is turned over to the successful bidder shall be the same as covered in specifications, except as affected by normal wear and tear from use up to the time of trade-in. 53. Payment will be made only after correct presentation of claim form or invoices as may be required.
