

## LICENSED EMPLOYEE PERSONAL ILLNESS LEAVE

Licensed employees will be granted 15 days of sick leave in their first year of employment and every year thereafter. "Day" is defined as one workday regardless of full-time or part-time status of the employee. A new employee will report for work at least one full workday prior to receiving sick leave benefits. A returning employee will be granted the appropriate number of days at the beginning of each fiscal year.

Sick leave may be accumulated up to a maximum of 125 days for licensed employees.

Should the personal illness occur after or extend beyond the sick leave accumulated allowance, the employee may apply for disability benefits under the group insurance plan. If the employee does not qualify for disability benefits, the employee may request a leave of absence without pay.

Evidence may be required regarding the mental or physical health of the employee when the administration has a concern about the employee's health. Evidence may also be required to confirm the employee's illness, the need for the illness leave, the employee's ability to return to work, and the employee's capability to perform the duties of the employee's position. It shall be within the discretion of the board or the superintendent to determine the type and amount of evidence necessary. When an illness leave will be greater than three consecutive days, the employee will comply with the board policy regarding family and medical leave.

The requirements stated in the Master Contract between employees in that certified collective bargaining unit and the board regarding the personal illness leave of such employees will be followed.
