

## SCHOOL LIBRARY

The school district will maintain a school library in each building for use by employees and by students during the school day.

Materials for the centers will be acquired according to board policy, "Instructional Materials Selection." The district shall provide access to all parents and guardians of students enrolled in the district an online catalog of all books available to students in the school libraries. This access will be displayed on the school district's website.

It is the responsibility of the principal of the building in which the school library is located to oversee the use of materials in the library.
