

SCHOOL DISTRICT WEB PAGE AND SOCIAL MEDIA

RENUMBERED TO ACCOMMODATE IASB NEW POLICY

The Internet provides a valuable learning tool for students and staff and offers another communications vehicle for informing the public about school programs and activities. The board authorizes the establishment of school district web pages and social media platforms. Only those web pages and social media platforms approved by the Technology Administrator and Superintendent and maintained in accordance with board policy and administrative procedures will be recognized as official representations of the school district.

The superintendent is responsible for assigning an individual responsible for maintaining the web pages and social media platforms. The superintendent, in conjunction with the responsible individual, will develop administrative procedures regarding web sites and social media platforms.
