From: Dr. Shane Boothe, Superintendent

RE.: Student Safety

A handwritten signature in blue ink, appearing to read 'Shane Boothe', is placed to the right of the 'From' line of the memo.

Today, while accessing video from the weekend, we learned that late Sunday night, August 31, 2025, between 10:45 PM and midnight, we had two individuals break into the cafeteria on the North campus where they discharged what appears to be an airsoft assault rifle. While there was no threat to student safety in this instance, I can assure you that Justus-Tiawah Schools will not compromise where student safety is concerned; therefore, we have engaged local and state law enforcement, as well as the Oklahoma State Department of Education to investigate. Pictures and video of the two suspects, who appear to be high-school aged students, will be shared with the media in an effort to identify them and bring them to justice. If you know anything about this incident, please contact the Rogers County Sherriff's Office.
