## 2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Originally opened in 1964, the Charles F. Brown campus is nestled among the trees in the small town of El Dorado, California approximately half a mile away from Union Mine High School. As part of the Mother Lode Union School District (MLUSD), the Charles F. Brown campus is home to the Charles Brown Learning Academy which serves scholars in the towns of El Dorado, Diamond Springs, Placerville, and other surrounding areas. The campus also houses three charter programs run by the El Dorado County Office of Education; Charter University Prep, Charter Homeschool Academy, and Charter Connections Academy. The Charles Brown Learning Academy has a current enrollment of 42 scholars in grades 3rd, 4th, and 5th and is staffed by three highly qualified teachers, a bilingual instructional aide, and an administrative assistant. The district's Director of Curriculum, Instruction, and Accountability also serves as principal of the academy program.

The Charles Brown Learning Academy was developed as an innovative way to address unfinished learning caused by the COVID Pandemic. Scholars receive a full day of interventions in both reading and math, while other subject areas such as Science and Social Studies are integrated throughout the curriculum. Instructional staff, including teachers, administration, and our bilingual instructional aide, develop lessons based on grade-level essential standards and reteach foundational skills needed to obtain mastery. This combination of prioritizing standards, reteaching prior skills, and assessing progress throughout the year provides scholars an intensive program that helps get them back up to grade level.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)						
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)						
Unknown						
Total Teaching Positions						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)						
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)						
Unknown						
Total Teaching Positions						

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Mother Lode Union Elementary School District held a public hearing and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science equipment pursuant to the settlement of Williams vs.

the State of California. All students are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Curriculum materials are approved for use by the California State Board of Education and were reviewed by teachers and administration before implementation.

#### School Facility Conditions and Planned Improvements

The Charles Brown campus was originally constructed in 1964 and updated in the 1980s. The campus is comprised of 16 permanent classrooms, eight portables, one multipurpose room, one library, one staff lounge, and two playgrounds. The chart displays the most recent facilities inspection.

##### Cleaning Process

The school principal and Maintenance, Operations, and Transportation (MOT) team work daily with the custodian to ensure that students and staff have a safe and clean learning environment. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

##### Maintenance and Repair

The MOT team ensures that necessary repairs are completed in a timely manner. A work order process is used by all staff to ensure an efficient response time with the highest priority given to urgent repairs. The MOT team meets with the Lead Maintenance worker daily to review all facility needs were completed or are in process.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced

Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

At Charles F. Brown, we engage our staff and parent community in the School Site Council. The School Site Council members include the site principal, parents, and members of the classified and certificated staff. A Site Council Chairperson is elected to serve as the leader of the group and works closely with the principal to plan site council meetings and assures that the members of the Site Council have been involved in the development of the SPSA. The efforts of this committee include: data analysis, input, idea generation, and eliciting feedback from others to provide to the team for the development of our school SPSA.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

## 2023-24 School Safety Plan

Charles Brown Learning Academy provides a safe, clean environment for students, staff, and volunteers. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire, earthquake, lockdown, and evacuation drills are held regularly throughout the school year to prepare students and staff for an emergency.

The Comprehensive School Site Safety Plan was reviewed and updated during the 2021-22 school year and presented to the school board. Revisions were communicated to both classified and certificated staff. The school's emergency preparedness plan includes steps for ensuring student and staff safety during a lockdown or evacuation.

Students are supervised before and after school by classified and certificated staff. Students are also supervised during lunch by classified staff. There is a designated area for student drop-off and pick-up. Visitors must sign-in at the main office and wear a badge while on campus. Emergency response packets detailing what to do in an emergency are available and visible in all classrooms.

## Fiscal Year 2022-23 Types of Services Funded

The Charles Brown Learning Academy is committed to student success. Our unique and innovative approach to instruction meets scholars at their learning level and ensures they have mastered essential skills before moving on to new lessons. In addition, we use a variety of supplemental programs to support learning including i-Ready and Lexia Core 5. Our academy's daily Walk to Learn blocks enables us to group students by need and address unfinished learning.

We use Systematic Instruction in Phonics, Phonemes, and Sight-words (SIPPS) for phonics instruction in all grades based on scholar needs. Read Live is used to provide vocabulary, comprehension, and fluency support for targeted students based on assessment data. Lexia English is used to develop English language proficiency in English Learners. Our teachers use all available data under the direction of the principal to provide specific, targeted instruction and intervention to students during the school day. A bilingual Instructional Aide helps to provide support for all scholars.

District transportation is also provided at no cost to families to ensure equal access to public education.

## Professional Development

To ensure that our staff is deploying the newest and most effective instructional techniques, staff development is provided at both the district and individual school sites to administrators, teachers, and support staff. The district offers early release Wednesdays for Structured Collaboration Time and staff development. Faculty meet each Wednesday to work as an entire staff to review student data, determine Common Core implementation strategies, explore teaching strategies/methodologies, and to share best practices. Additionally, weekly collaboration allows staff to apply their trainings, analyze data, plan instructional units, and develop lesson plans that will meet individual scholar needs.

Professional Development

The district schedules three minimum days for staff development annually where staff members are provided professional growth opportunities in curriculum, teaching strategies, and methodologies. This year, certificated staff members attended a training led by Solution Tree's Paula Maeker focusing on the yearly organization of reading units and essential standards. This unique approach provides our scholars instruction that targets critical reading standards and creates lessons that support thematic learning.

This table displays the number of school days dedicated to staff development and continuous improvement.
