Students perform at their best when they are in peak mental, emotional and physical condition. All students and their parents/guardians are expected to recognize the need and importance of following our Code of Conduct.

The code of conduct is part of the minimum sports standards. In the case of a coach establishing certain rules or guidelines above and beyond the minimum, these will be committed to writing and distributed to all participants.

This Extracurricular Code of Conduct is in effect for the entire school year. August – June.
