# School Newsletter

## MARK YOUR CALENDARS:

Oct. 3rd, Flu shot clinic(1:00-2:00 PM) - send in your paperwork.

Oct. 4th - Open House at SCS - 5:30-6:30pm. *Teachers will be in the classrooms from 5:30-6 to discuss this year's curriculum, expectations, etc.. This is a great time to learn more about how you can partner with the school to ensure a great year for your child. Beginning at 6pm, there will be a fun school scavenger hunt you are encouraged to do with your child. Join us downstairs for dessert from about 6:15-6:30, or pack yours up and take it home for later. We hope you can make it.*

October 6th, Teacher- Inservice - No School

October 9th, Indigenous People's Day - No School

October 19th, LifeTouch Picture Day!

# Ms. Tibbett's K/1 Classroom

This week in literacy we're learning about describing the beginning, middle and end of a story. We read "The Dot" and talked about trying new things, even if you don't think you're good at it.

In forest school last week, we learned about the insects that live near and under rotting logs. Turtle brought the investigation kits, read us a story and students then hunted for bugs. Brock even found a salamander!

# Ms. Clarke's 3/4 Classroom

*Like students in Mrs. Browne's class, we've had fun collecting Monarch Caterpillars, feeding them, and watching them get into position to form a cocoon, where they will grow and transform into a beautiful butterfly. This is a fascinating act of nature, and our children are so fortunate to be witness to it!*

*Once the Monarch Butterflies have emerged from their cocoons, they show they are ready to be released back into nature when they are actively flapping their wings, showing us they are dried and ready to be free.*

*Aiden released the first of these last week, and Rivers was the next in line to do so. Other classmates anxiously await their turn.*

# Mrs. Browne's 5/6 Classroom

Mrs. Browne's class has been learning about Colonial America. We loved our field trip to Colonial Pemaquid. We have been expanding our knowledge by working on two reader's theatre stories. We can't wait to perform them for the whole school soon!

We also have about 10 monarch caterpillars ready to become butterflies in our room. We released our first on Monday! We love being witness to this amazing scientific process.

# RAILWAY VILLAGE MUSEUM
