

MSAD 11 STUDENT REQUEST TO USE PRIVATELY OWNED COMPUTER

I understand and consent to the MSAD 11 Board policy on privately owned computers. I request that my privately owned computer be allowed to connect to the MSAD 11 network. Requests will be reviewed by the district technology staff and by school administration. Access to the network may be terminated by school administrators or by the district technology staff. No device shall be connected to the network before approval. Sign below and return this form to the school to request that your personal computer be added to the network. After returning this form and after it is reviewed by MSAD 11 staff, you will be contacted with instructions on having your personal computer added to the network.
